## Missouri Weekly Cattle Auction Summary 1/03/22

Receipts: 859 Week ago: 11,729 Year ago: 2,783

Not enough sales to establish any market trends on this shortened holiday week. A cold blast of arctic air came with the arrival of the New Year. Much of north Missouri saw a few inches of snow, which changed to freezing rain and then to rain by the time you got to the southern half of the state. Barns around the state are ready to get back to business following the holidays with everyone having a full schedule of sales for the first business week of 2022. Boxed beef cutout values closed higher for the week. Choice closed on Thursday at 265.26, up 2.32 and select at 258.23, up 5.28 compared to last Thursday. Negotiated feedlot sales as of Thursday afternoon totaled just under 83K head. Live sales were reported mostly 138.00-140.00 with a couple loads up to 142.00 in the north. Dressed sales were reported mostly 220.00-222.00 with some in Iowa up to 225.00. The Missouri Stocker Formula consist of 91 head with a weighted average weight of 553.14 lbs. and a price value of 178.60, 5.38 higher than last Monday.

## Afternoon National Slaughter Cattle Review for 12/30/21

**\*\*This report will not be published Friday, 12/31/21 due to Federal Holiday\*\*** Thus far for Thursday negotiated cash trading has been limited on light demand in the Texas Panhandle with live purchases 3.00 higher compared to last week at 138.00. Negotiated cash trading has been mostly inactive on light demand in all other major feeding regions. Not enough purchases for a market trend. On Tuesday in Nebraska and the Western Cornbelt live and dressed purchases traded at 140.00 and from 220.00-222.00, respectively. Last week in Kansas live purchases traded at 135.00.

## MISSOURI WEEKLY HAY SUMMARY 12/30/21

Finally starting to feel more like winter, and it sounds as if a major cold front is coming for the weekend. Forecast of snow and sleet could be significant for the northern half of the state, along with wind chills below zero is not quite the start of the New Year anyone wants. Rains for much of the state even has some areas talking about mud for the first time in a long time, as the ground has yet to freeze thus far. Feeding has picked up quite a bit over the last week, as most producers have used up the last of any stockpiled pastures. A few more hay inquires with the projection of some winter weather, but for the most part, business is still made up of mostly equine interest. The supply of hay is moderate and demand is light to moderate and prices mostly steady. The Missouri Department of Agriculture has a hay directory visit <http://mda.mo.gov/abd/haydirectory/> for listings of hay <http://agebb.missouri.edu/haylst/>

Prices per ton unless noted.

Alfalfa - Supreme 200.00-250.00, small square 8.00-12.00 per bale  
 Alfalfa - Premium 160.00-200.00  
 Alfalfa - Good 120.00-160.00, small square 5.00-9.00 per bale  
 Alfalfa - Fair 100.00-125.00  
 Alfalfa/grass mix - Good/Premium small square 6.00-8.00 per bale  
 Mixed grass - Good/Premium 80.00-140.00  
 Mixed grass - Fair/Good 60.00-100.00, small square 4.00-6.00 per bale  
 Mixed grass - Fair 25.00-55.00 per large round bale  
 Wheat straw - 4.00-6.00 per small square bale

## MISSOURI GRAIN WEEKLY TRENDS

## Missouri Weekly Cattle Auction Summary 1/10/22

Receipts: 49,063 Week ago: 859 Year ago: 59,347

Compared to preholiday sales two to three weeks ago, steers under 600 lbs. sold 5.00 to 10.00 higher, steers over 600 lbs. and all weights of heifers sold steady to 5.00 higher. As tradition goes, the first full week of the New Year brought a lot of cattle to town. The supply of feeders was heavy with many load lots and big strings of reputation cattle consigned at about every barn in the state. Picking out highlights was difficult, as there was a multitude of impressive tickets. Two of which, that were by no means necessarily the largest or highest but still eye catching, was a 197 head draft of 840 lb. steers that sold at Kingsville Livestock Auction for 166.10. There were several over loads of 8 weights around the state that have once again pushed into that one-sixty something price range. Another ticket of a half load of 530 lb. steers sold at Green City Livestock Auction sold for 214.25. The weather has become much more winter like now and the ground has finally froze up, making the ride in the feed truck a rough one. A few locations had minor issues getting cattle out of the country last week, but for the most part weather didn't cause any major transportation issues here in the state. Boxed beef cutouts saw some gains last week, choice closed on Friday at 271.82, up 6.56 and select closed at 261.10, up 2.87, compared to the previous week. Negotiated feedlot sales as of the Friday afternoon report were somewhat slow with slightly less than 50K head reported as packers and feedlot managers were unable to settle on prices, it's possible more trade took place after hours Friday. Live sales were mostly 138.00-140.00 and dressed sales mostly at 220.00. The Missouri Stocker Formula consists of 11,248 head with a weighted average weight of 563.27 lbs. and a price value of 180.44, 1.84 higher than last week.

### MISSOURI GRAIN WEEKLY TRENDS

Compared to last Thursday, Soybeans 0.72 to 0.89 higher, Corn 0.06 to 0.34 higher, Sorghum 0.01 to 0.26 higher.

## Afternoon National Slaughter Cattle Review for 01/07/22

Thus far for Friday negotiated cash trading has been limited on light demand in Kansas, Nebraska, and the Western Cornbelt. Not enough purchases for a full market trend. Negotiated cash trading has been at a standstill in the Texas Panhandle. The last reported market in all regions was on Wednesday. In the Southern Plains live purchases traded at 138.00. In Nebraska and Western Cornbelt live and dressed purchases traded from 138.00-140.00 and at 220.00, respectively. A light test of purchases was noted in all regions.

### MISSOURI WEEKLY HAY SUMMARY 01/06/22

Unlike most of the month of December, there has been no mistaking it is winter as the first week of January wraps up. Extremely cold temperatures have cattle waiting for the feed truck. Ice chopping has also become a part of the day and trying to remember if one plugged in the tractor or not is a common thought before bed. As typical hay business and inquires have ticked up just a touch as snowflakes begin to fall, many farmers have ample supplies and are not in the market. Most inquires seem to be for a few small squares or a round bale or two too set out for either equine or a few small animals. The supply of hay is moderate and demand is light to moderate and prices mostly steady. The Missouri Department of Agriculture has a hay directory visit <http://mda.mo.gov/abd/haydirectory/> for listings of hay <http://agebb.missouri.edu/haylst/> Prices per ton unless noted.

Alfalfa - Supreme 200.00-250.00, small square 8.00-12.00 per bale  
Alfalfa - Premium 160.00-200.00  
Alfalfa - Good 120.00-160.00, small square 5.00-9.00 per bale  
Alfalfa - Fair 100.00-125.00  
Alfalfa/grass mix - Good/Premium small square 6.00-8.00 per bale  
Mixed grass - Good/Premium 80.00-140.00  
Mixed grass - Fair/Good 60.00-100.00, small square 4.00-6.00 per bale  
Mixed grass - Fair 25.00-55.00 per large round bale  
Wheat straw - 4.00-6.00 per small square bale

## Missouri Weekly Cattle Auction Summary 1/10/22

Receipts: 49,063 Week ago: 859 Year ago: 59,347

Compared to last week, feeders under 600 lbs. sold uneven from 3.00 lower to 3.00 higher, feeders over 600 lbs. sold steady to 3.00 lower. There was several spots of calves just on either side of the 500 lb. mark that sold sharply higher. Overall markets did seem to take a bit of a breath. A much different kind of week this week with nowhere close to the amount of big drafts and pot loads, especially on the heavier weight cattle. Some reporters even committed it had been a long time since they had seen this volume of run with so many small lots and odds and ends in a sale. That isn't to say there wasn't still reputation decent sized lots offered, and they still bring premiums, but it wasn't a full day of watching ring full after ring full regardless of what location you were at. Winter weather also came back into the picture late week as snow spread across the state. Most reports were 2-4 inches but there was many scattered pockets of up to 8 inches around. Boxed beef cutouts climbed higher this week. Choice closed on Friday at 284.31, up 12.49 and select closed at 273.97, up 12.87 compared to the previous week. Feedlot volume was lackluster with just under 60K head reported as of the Friday afternoon report. Live sales were mostly in the 135.00-138.00 range and dressed sales were almost entirely at 218.00. The Missouri Stocker Formula consists of 11,221 head with a weighted average weight of 556.05 and a price value of 178.99, 1.45 lower than last week.

### MISSOURI GRAIN WEEKLY TRENDS

Compared to last Friday, Soybeans 0.30 to 0.40 lower, Wheat 0.17 lower, Corn 0.12 to 0.18 lower, Sorghum 0.11 lower.

## Afternoon National Slaughter Cattle Review for 01/14/22

So far for Friday negotiated cash trading has been very limited on light demand in Kansas, Nebraska and Western Cornbelt. Not enough purchases in these regions for a market trend. In the Texas Panhandle negotiated cash trading has been at a standstill. The last reported market in any region was on Wednesday. In the Texas Panhandle, live purchases traded from 136.00-137.00. In Kansas live purchases traded from 135.00-136.00. In Nebraska live and dressed purchases traded at 137.00 and 218.00, respectively. On Wednesday in the Western Cornbelt live and dressed purchases traded from 137.00-138.00 and at 218.00, respectively

### MISSOURI WEEKLY HAY SUMMARY 01/13/22

A decently mild week around the state between winter storms and cold temperatures. Farmers have appreciated a little sun and a few days above freezing. Hay production and stock numbers were released in USDA reports this past week officially showing just how grim the growing season was in many states. Nationwide, December hay stocks were reported at a 10 year low, with the Dakota's reporting over a 40% decline in stocks. As many know, Missouri was very lucky. Although production was down from 2020, hay stocks in Missouri were reported as the second highest in the nation, behind only Texas. Given that many farmers have ample supplies, hay business remains somewhat slow with most interest continuing to be from equine or small animal interest. The supply of hay is moderate and demand is light to moderate and prices mostly steady. The Missouri Department of Agriculture has a hay directory visit <http://mda.mo.gov/abd/haydirectory/> for listings of hay <http://agebb.missouri.edu/haylst/>

Alfalfa - Supreme 200.00-250.00, small square 8.00-12.00 per bale  
Alfalfa - Premium 160.00-200.00  
Alfalfa - Good 120.00-160.00, small square 5.00-9.00 per bale  
Alfalfa - Fair 100.00-125.00  
Alfalfa/grass mix - Good/Premium small square 6.00-8.00 per bale  
Mixed grass - Good/Premium 80.00-140.00  
Mixed grass - Fair/Good 60.00-100.00, small square 4.00-6.00 per bale  
Mixed grass - Fair 25.00-55.00 per large round bale  
Wheat straw - 4.00-6.00 per small square bale

**Missouri Weekly Cattle Auction Summary 1/24/22**

Receipts: 26,900 Week ago: 44,708 Year ago: 33,134

Compared to last week, feeders sold unevenly steady from 2.00 lower to 2.00 higher. The supply was moderate, winter weather and very cold temperatures kept some cattle at home. Demand was moderate with the 500-600 lb. cattle seeming to find the most interest. A highlight this week was three loads of steers just passing the 850 lb. mark sold at Kingsville Livestock Auction on Tuesday and sold from 160.00-160.75. The monthly cattle on feed report was released on Friday. Marketings and On Feed numbers were right in line with expectations. Placements however, came in at 6 percent above last year which was even more than the top side of pre-report estimates. Over all the report was viewed as bearish. Lack of wheat pasture in OK and TX has resulted in many lighter cattle being put on feed earlier than usual making up a lot of those placement numbers. Futures markets lost some ground last week so perhaps some of this has already been factored into the market. What affect will be had after the initial dust settles and the industry really gets to analyze the numbers is yet to be determined. Next Monday, Jan 31 the semi-annual cattle inventory report is due to be released at the end of business. Many are awaiting to see what affects are reflected from the massive drought last year on total numbers once the report comes out. Boxed beef cutout values continued to climb last week, both choice and select have closed higher every week since Christmas. Choice closed on Friday at 292.41, up 8.10 and select at 282.33, up 8.36 compared to last week. Negotiated feedlot sales as of Friday afternoon totaled about 68.5k head. Live sales were reported mostly at 137.00-138.00 a few sales late in the week did get to 140.00, dressed sales were mostly 218.00. The Missouri Stocker Formula consists of 6017 head with a weighted average weight of 556.30 lbs. and a price value of 179.90, 0.09 lower than last week.

**MISSOURI GRAIN WEEKLY TRENDS**

Compared to last Friday, Soybeans 0.37 to 0.44 higher, Wheat 0.28 to 0.39 higher, Corn 0.20 to 0.26 higher, Sorghum 0.20 higher.

**MISSOURI WEEKLY HAY SUMMARY 01/20/22**

Winter returned this week with snow and cold. Most of the state saw about 2-4 inches, but there were several spots scattered that officially reported up to 8 inches. A warm up on Tuesday and early Wednesday brought some mud before the bottom fell out and temperatures dropped in the low single digits, freezing the ground back solid. This weather has cattle waiting at the gates for hay and feed to convert to warmth. The supply of hay is moderate and demand is light to moderate and prices mostly steady. The Missouri Department of Agriculture has a hay directory visit <http://mda.mo.gov/abd/haydirectory/> for listings of hay <http://agebb.missouri.edu/haylst/>

Alfalfa - Supreme 200.00-250.00, small square 8.00-12.00 per bale  
 Alfalfa - Premium 160.00-200.00  
 Alfalfa - Good 120.00-160.00, small square 5.00-9.00 per bale  
 Alfalfa - Fair 100.00-125.00  
 Alfalfa/grass mix - Good/Premium small square 6.00-8.00 per bale  
 Mixed grass - Good/Premium 80.00-140.00  
 Mixed grass - Fair/Good 60.00-100.00, small square 4.00-6.00 per bale  
 Mixed grass - Fair 25.00-55.00 per large round bale  
 Wheat straw - 4.00-6.00 per small square bale

## MISSOURI WEEKLY FEEDER CATTLE WEIGHTED AVERAGE REPORT

Receipts: 35,653 Week ago: 26,900 Year ago: 18,852

Steers and Heifers Medium and Large 1—Weighted average weights and prices

### STEERS: Medium and Large 1

324 lbs. 211.09	529 lbs. 190.72	724 lbs. 159.64	933 lbs. 144.64
373 lbs. 201.74	575 lbs. 181.50	771 lbs. 156.41	
423 lbs. 201.09	621 lbs. 171.87	814 lbs. 154.03	
477 lbs. 198.57	673 lbs. 164.99	869 lbs. 151.09	

### HEIFERS: Medium and Large 1

325 lbs. 174.33	527 lbs. 161.69	722 lbs. 148.69
382 lbs. 171.48	571 lbs. 157.54	769 lbs. 142.60
421 lbs. 166.28	620 lbs. 152.14	824 lbs. 141.21
476 lbs. 165.56	674 lbs. 147.98	890 lbs. 130.95

### Missouri Steer (Heifer) Stocker Formula for 1/31/2022

Monday's Missouri Stocker Formula consists of **7592 (7569)** head with a weighted average weight of **550.29 (538.51)** lbs. and a price value of **179.59 (154.61)**, 0.05 higher (0.08 higher) than last Monday.

This a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

### SOUTH CENTRAL MISSOURI WEEKLY SUMMARY

(West Plains, Ava)

Receipts: 5696 Week ago: 3662 Year Ago: 4034

Compared to last week, feeder calves early week steady to 6.00 lower and yearlings steady to firm, late week feeders steady to 7.00 higher. Slaughter cows 2.00 to 10.00 higher.

\*Graph is updated the first Monday of each month.

### SOUTHWEST MISSOURI WEEKLY SUMMARY

(Joplin and Springfield)

Receipts: 12,563 Week Ago: 8798 Year ago: 7376

Compared to last week, steers and heifers unevenly steady with some light weight steers early week sharply higher. Slaughter cows steady to 4.00 higher. Slaughter bulls 3.00 to 7.00 higher.

**Missouri Weekly Cattle Auction Summary 1/31/22**

Receipts: 35,653 Week ago: 26,900 Year ago: 18,852

Compared to last week, feeders under 550 lbs. sold steady to 2.00 higher, 550-650 lbs. were unevenly steady and feeders over 650 lbs. sold steady to 2.00 lower. All in all, not a lot of movement in the market as a whole seeing mostly sideways movement. That being said, there are always exceptions and those could be found this week as well but overall, a mostly sideways trend over the last few weeks. Although inputs are sharply higher, currently the market is about 20.00-25.00 per cwt higher for most weight ranges of feeders than at this point last year. The supply of cattle was moderate to heavy, several more cattle made it town as the weather was a bit better for hauling this week. Not nearly as many full lot loads and very few loads of heavy weight cattle over 750 lbs. Most of these types, especially the fancy high quality types, have been sold already which is fairly typical by this time. Demand for grass cattle is good. Even though it is still several weeks before there is any chance of even the slightest tint of green, buyers seem to show up earlier every year. Feedlot sales last week were reported at just under 78K head, on the Friday afternoon report. Dressed sales were fully steady at 218.00 and live sales were steady early and moved a buck or two lower as the week progressed. Most live sales were reported from 136.00-139.00 mostly volume was near the 137.00 mark. Boxed beef cutouts took a breather after a month of climbing. Choice closed on Friday at 290.42, down 1.99 and select at 283.41, up 1.08 compared to the previous week. The Missouri Stocker Formula consists of 7592 head with a weighted average weight of 550.29 lbs. and a price value of 179.59, 0.31 lower than last week.

**MISSOURI GRAIN WEEKLY TRENDS**

Compared to last Friday, Soybeans 0.46 to 0.56 higher, Wheat 0.06 to 0.09 higher, Corn 0.17 to 0.30 higher, Sorghum 0.20 higher.

**Afternoon National Slaughter Cattle Review for 01/28/22**

Thus far for Friday negotiated cash trading in Kansas, Nebraska and Western Cornbelt has been mostly inactive on light demand. In the Texas Panhandle negotiated cash trading has been at a standstill. Not enough purchases in any region for a market trend. Wednesday was the last reported market in the Texas Panhandle and Kansas with live purchases at 137.00 and 136.00, respectively. In Nebraska Tuesday was the last reported market with live and dressed purchases at 137.00 and 218.00, respectively. In the Western Cornbelt Wednesday was the last reported with live and dressed purchases from 137.00-139.00 and at 218.00, respectively.

**Negotiated Cash Sales:**

**MISSOURI WEEKLY HAY SUMMARY 01/27/22**

Another week of winter type weather across the state and continued hay feeding. Overall, not much has changed. There continues to be plenty of hay to be found for the few that are in the market for hay in the state. Most folks have decent supplies and should have no issues making it until grass comes and this feeding season ends. A lot of question about what the next year will bring, as moisture has been limited this winter. It is questionable how much fertilizer will be applied to pastures and hay fields, given the record price levels. Over all moisture conditions in Missouri continue to be in much better shape than nearly all the rest of the states west of the Mississippi. The supply of hay is moderate and demand is light to moderate and prices mostly steady. The Missouri Department of Agriculture has a hay directory visit <http://mda.mo.gov/abd/haydirectory/> for listings of hay <http://agebb.missouri.edu/haylst/>

Alfalfa - Supreme 200.00-250.00, small square 8.00-12.00 per bale  
 Alfalfa - Premium 160.00-200.00  
 Alfalfa - Good 120.00-160.00, small square 5.00-9.00 per bale  
 Alfalfa - Fair 100.00-125.00  
 Alfalfa/grass mix - Good/Premium small square 6.00-8.00 per bale  
 Mixed grass - Good/Premium 80.00-140.00  
 Mixed grass - Fair/Good 60.00-100.00, small square 4.00-6.00 per bale  
 Mixed grass - Fair 25.00-55.00 per large round bale  
 Wheat straw - 4.00-6.00 per small square bale

### Missouri Steer (Heifer) Stocker Formula for 2/07/2022

Monday's Missouri Stocker Formula consists of **4211 (4903)** head with a weighted average weight of **553.25 (545.08)** lbs. and a price value of **181.77 (155.20)**, 2.18 higher (0.59 higher) than last Monday.

This a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

**Missouri Weekly Cattle Auction Summary 2/07/22**

Receipts: 23,833 Week ago: 35,653 Year ago: 30,228

Compared to last week, feeders sold steady to 2.00 higher, with several 500-700 lb. steers 2.00 to 5.00 higher. The supply of feeders was light to moderate. The week got off to a good start but business was brought to a standstill by midweek. The majority of sales remained dark due to a wide spread winter storm. Snow fall amounts varied from basically nothing in the northwest corner of the state to the heaviest being central to north east, where amounts reached and passed 10 inches. Farther south amounts of 2-6 inches were common with some ice mixed in before snow fell. Heavy winds caused drifting, which made many country roads impassable for a time. Temperatures got below zero in some areas, which was a big change from the 60 degrees that was seen just a couple days prior to the storm. Many farmers are already calving and the cold made for a few long nights, as farmers spent several hours outside to make sure any newborns got up and nursed. Not necessarily the highest prices, but a few notable load lots from this week included: 80 head of 657 lb. steers sold at Green City Livestock Auction for 191.00, 49 head of 724 lbs. steers sold at F and T Livestock Market for 171.25, several loads of heavy 7 weight steers sold at Joplin Regional stockyards in the upper 150's, and Kingsville Livestock Auction sold 62 head of 882 lb. steers for 156.85. The semi-annual Cattle Inventory Report was released on Monday. There weren't a lot of surprises overall. Everyone knew numbers would be lower nationwide, following the extreme drought that was seen over much of the major cattle producing areas. Missouri saw a 5% drop in beef cows which had calved, which equates to a loss of 94,000 head. For all cattle and calves, beef and dairy, the state saw a decline of 270,000 head, or 6% of the total herd. As of the Friday afternoon report, negotiated feedlot sales were just over 95K head. Live sales were mostly 138.00-140.00 and dressed sales mostly at 222.00, both gaining a few dollars this week. Boxed beef cutout values lost several dollars, choice closed on Friday at 279.81, down 10.61 and select at 276.05, down 7.36 from the previous week. The choice/select spread has narrowed to only 3.76. The Missouri Stocker Formula consist of 4211 head with a weighted average weight of 553.25 and a price value of 181.77, 2.18 higher than last week.

**MISSOURI GRAIN WEEKLY TRENDS**

Compared to last Friday, Soybeans 0.73 to 0.98 higher, Wheat 0.23 lower, Corn 0.08 to 0.18 lower, Sorghum 0.15 to 0.25 lower.

**Afternoon National Slaughter Cattle Review for 02/04/22**

So far for Friday in the Southern Plains negotiated cash trading was limited on light demand. A few live purchases traded at 139.00. However, not enough for a full market trend. Thursday was the last reported market in the Southern Plains, with the Texas Panhandle at 140.00 and Kansas from 139.00-140.00. Thus far for Friday in Nebraska and Western Cornbelt negotiated cash trading was mostly inactive on very light demand. Not enough purchases for a market trend. Wednesday was the last reported market in these regions. In Nebraska live and dressed purchases traded from 138.00- 140.00 and 222.00, respectively. In the Western Cornbelt live and dressed purchases traded at 140.00 and 222.00, respectively.

**MISSOURI WEEKLY HAY SUMMARY 02/03/22**

The state saw a mixture of rain, snow, and ice mid-week. Combined with winds and low temperatures, caring for livestock was a challenge. Much of the ground was soft and not frozen prior to the storm, as the previous weekend was near 60 degrees. Anyone that has fed in those conditions knows it is just a mess trying to get around. Although winter weather is harsh on man and beast, the moisture is welcome as many areas need it before the growing season arrives. Farmers continue to watch fertilizer prices hit new records each week making for tough management decisions in the coming months. Hay piles seem to shrink quickly in this type of weather, luckily supplies were ample going into winter and the supply of hay is still moderate and demand is light to moderate and prices mostly steady. The Missouri Department of Agriculture has a hay directory visit <http://mda.mo.gov/abd/haydirectory/> for listings of hay <http://agebb.missouri.edu/haylst/>

Alfalfa - Supreme 200.00-250.00, small square 8.00-12.00 per bale  
Alfalfa - Premium 160.00-200.00  
Alfalfa - Good 120.00-160.00, small square 5.00-9.00 per bale  
Alfalfa - Fair 100.00-125.00  
Alfalfa/grass mix - Good/Premium small square 6.00-8.00 per bale  
Mixed grass - Good/Premium 80.00-140.00  
Mixed grass - Fair/Good 60.00-100.00, small square 4.00-6.00 per bale  
Mixed grass - Fair 25.00-55.00 per large round bale  
Wheat straw - 4.00-6.00 per small square bale

**Missouri Weekly Cattle Auction Summary 2/14/22**

Receipts: 16,402 Week ago: 23,833 Year ago: 9691

Compared to last week feeders under 750 lbs. sold 5.00 to 10.00 higher, weights over 750 lbs. sold firm to 5.00 higher. The supply was light, as many early week sales were still dealing with poor road conditions in the country, following the winter storms from the week previous. Demand was good to very good with the best demand for mid to lighter weights that are suitable for grazing once grass arrives. Although the overall offering was light this week, the market was good for those that got cattle to town several 5 wt. steers got well pass the 200.00 mark and 8 wt. steers once again passed the 160.00 mark. Boxed beef cutouts continued the seasonal decline, choice closed on Friday at 274.52, down 5.29 and select at 267.83, down 8.22 compared to the previous week. Negotiated feedlot sales saw the largest volume of this calendar year so far, over 102K head were reported as of Friday afternoon. Live sale were mostly at 140.00-142.00 and dressed sales most at 224.00, although there was sales on both side of those numbers that should be about where the averages fall for the week. Slaughter was also very good last week with estimated data showing the largest week of the year so far as well at 659,000 head, of course actual data on those number runs two weeks behind. The Missouri Stocker Formula consist of 3191 head with a weighted average weight of 546.68 and a price value of 189.51, 7.69 higher than the previous week.

**MISSOURI GRAIN WEEKLY TRENDS**

Compared to last Friday, Soybeans 0.19 to 0.31 higher, Wheat 0.09 to 0.35 higher, Corn 0.26 to 0.31 higher, Sorghum 0.30 to 0.31 higher.

**Afternoon National Slaughter Cattle Review for 02/11/22**

Thus far for Friday negotiated cash trading has been limited on light demand in Nebraska and the Western Cornbelt. Not enough purchases for a market trend. Negotiated cash trading has been at a standstill in the Southern Plains. The last reported market in the Southern Plains was on Wednesday with live purchases at 140.00. In Nebraska on Wednesday live purchases traded at 140.00 and on Thursday dressed purchases traded at 224.00. In the Western Cornbelt on Thursday live and dressed purchases traded from 141.00-142.00 and at 224.00, respectively.

**MISSOURI WEEKLY HAY SUMMARY 02/10/22**

The weather roller coaster ride continues in the state. After last week's winter storm and temperatures on either side of zero, the sun returned and much of the state saw 60 degrees again this week. As one can imagine, it melted the snow and brought the return of mud. Hay interest is moderate to light as has been the case for a while. The best demand being from smaller volume interest who want a few small squares or a round bale to set out. There is still a lot of round bales setting out in fence rows and most farmers that produce any hay have ample supplies still at this time. Hay prices mostly steady. The Missouri Department of Agriculture has a hay directory visit <http://mda.mo.gov/abd/haydirectory/> for listings of hay <http://agebb.missouri.edu/haylst/>

Alfalfa - Supreme 200.00-250.00, small square 8.00-12.00 per bale

Alfalfa - Premium 160.00-200.00

Alfalfa - Good 120.00-160.00, small square 5.00-9.00 per bale

Alfalfa - Fair 100.00-125.00

Alfalfa/grass mix - Good/Premium small square 6.00-8.00 per bale

Mixed grass - Good/Premium 80.00-140.00

Mixed grass - Fair/Good 60.00-100.00, small square 4.00-6.00 per bale

Mixed grass - Fair 25.00-55.00 per large round bale

Wheat straw - 4.00-6.00 per small square bale

**Missouri Weekly Cattle Auction Summary 2/21/22**

Receipts: 33,241 Week ago: 16,402 Year ago: 212

Compared to last week, feeders under 750 lbs. sold 5.00 to 10.00 higher, with several lighter featherweights seeing spots extremely higher on grazing type calves. Heavier weights over 750 lbs. sold mostly steady to 3.00 higher although, there was a touch of weakness noted at times this week. The supply of feeders was moderate and demand is good to very good. As always this time of year orders for summer grazers are abundant and those types seeing the best demand. Prices on those types of calves has been very good making some people question what even is high any more. This was evidenced by a few 600-650 lb. steers that got very close or just slightly broke the 200.00 mark this week. That is by no means where the bulk of the trade is, for those prices calves have to be in the perfect condition and have all the paperwork available but none the less it was shown as possible. Heavier weight cattle are seeing some pressure as feedlots are said to be packed full currently and putting those weights on grass just doesn't pencil out well. Slaughter volume has been running at a good clip which is good for the markets so that backups of cattle don't occur. Last week was the biggest week of the year so far with the estimated weekly slaughter at 663,000 head. Feedlot volume for negotiated sales totaled 98,691 head with the weighted average live price of 142.29 and dressed sales averaged 226.04. Boxed beef cutouts continue to suffer from the seasonal decline which doesn't normally flip till grilling season. Choice closed on Friday at 265.85, down 8.67 and select at 262.63, down 5.20. The Missouri Stocker Formula consist of 7073 head with a weighted average weight of 548.64 lbs. and a price value of 193.67, up 4.30 compared to last week.

**MISSOURI GRAIN WEEKLY TRENDS**

Compared to last Friday, Soybeans 0.09 to 0.19 higher, Wheat 0.01 lower, Corn 0.01 to 0.09 higher, Sorghum 0.03 higher.

**Afternoon National Slaughter Cattle Review for 02/18/22**

So far for Friday in the Western Cornbelt negotiated cash trading has been limited with light demand. A few live purchases traded at 144.00, however, not enough for a full market trend. Wednesday was the last reported market in the Western Cornbelt with live and dressed purchases from 142.00- 143.00 and at 226.00, respectively. In the Southern Plains and Nebraska negotiated cash trading has been mostly inactive on light demand, not enough for a market trend. In the Texas Panhandle the last reported market was on Thursday with live purchases at 142.00. Wednesday was the last reported market in Kansas and Nebraska with live purchases at 142.00 and dressed purchases in Nebraska at 226.00.

**MISSOURI WEEKLY HAY SUMMARY 02/17/22**

Just as fast as weather in the 60's came, it left and brought more snow and freezing temperatures back across the state. That unstable cycle has seemed to be the case weekly all winter long. This front brought some rain, which is much needed, even though dealing with the mud aspect of it isn't much fun. Just under 40 percent of the state is currently listed as abnormally dry on the latest drought monitor and producers would like to see that number disappear before the growing season starts. Hay supplies are moderate, demand is light to moderate and hay prices mostly steady. The Missouri Department of Agriculture has a hay directory visit <http://mda.mo.gov/abd/haydirectory/> for listings of hay <http://agebb.missouri.edu/haylst/>

Alfalfa - Supreme 200.00-250.00, small square 8.00-12.00 per bale  
Alfalfa - Premium 160.00-200.00  
Alfalfa - Good 120.00-160.00, small square 5.00-9.00 per bale  
Alfalfa - Fair 100.00-125.00  
Alfalfa/grass mix - Good/Premium small square 6.00-8.00 per bale  
Mixed grass - Good/Premium 80.00-140.00  
Mixed grass - Fair/Good 60.00-100.00, small square 4.00-6.00 per bale  
Mixed grass - Fair 25.00-55.00 per large round bale  
Wheat straw - 4.00-6.00 per small square bale

**Missouri Weekly Cattle Auction Summary 2/28/22**

Receipts: 24,869 Week ago: 33,241 Year ago: 38,553

Compared to last week, steer and heifer calves steady to 5.00 higher and yearlings mostly steady. Supply moderate and demand good. The state saw another round of snow, sleet, and ice after the warmer weather early week. Several reporters in the barns noted an active market, with grazers seeing very good demand. Cattle with good health programs and weaning saw best demand and those with extra flesh were less desirable. In feedlot trade, there were 65,567 head of negotiated cash sales, as of Friday's report. Live purchases ranged from 141.00 to 145.00 and dressed sales at 226.00 to 229.00. Boxed beef cutouts have continued their decline. Choice has decreased 27.17 and Select has decreased 24.81 since February 1. On Friday, Choice closed at 258.27 and Select closed at 255.41, a 7.58 and 7.22 decrease, respectively. Live cattle futures lost ground this week with the February and April contracts 3.98 and 3.95 lower than a week ago, respectively. Feeder Cattle contracts followed suit, with the March and April contracts closing 5.40 and 6.10 lower than a week ago, respectively. Friday's cattle on feed report showed cattle on feed at 12.2 million head, one percent above last year and is the highest February 1 inventory since the series began. Placements came in at 2 million head, one percent less than a year ago. Marketings totaled 1.77 million head, three percent less than a year ago. Monday's Missouri Stocker Formula consists of 5082 (5424) head with a weighted average weight of 549.46 (544.13) lbs and a price value of 193.34 (165.21), 0.33 lower (1.00 lower) than last week.

**MISSOURI GRAIN WEEKLY TRENDS**

Compared to last Friday, Soybeans 0.07 to 0.34 lower, Wheat 0.46 to 0.60 higher, Corn 0.03 lower to 0.06 higher, Sorghum 0.03 lower to 0.06 higher.

**Afternoon National Slaughter Cattle Review for 02/25/22**

So far for Friday negotiated cash trading has been limited with light demand in the Southern Plains. A few live purchases traded at 142.00, however, not enough for a full market trend. Thursday was the last reported market in the Southern Plains with the Texas Panhandle live purchases at 142.00 and in Kansas live purchases ranged from 141.00-142.00. Thus far for Friday in Nebraska and Western Cornbelt negotiated cash trading has been mostly inactive on light demand. Not enough purchases in either region for a market trend. In Nebraska on Wednesday saw with live and dressed purchases at 144.00 and 227.00, respectively. In the Western Cornbelt on Thursday live purchases ranged from 144.00-145.00 and on Wednesday dressed purchases traded from 226.00-227.00.

**MISSOURI WEEKLY HAY SUMMARY 02/24/22**

It should be no surprise that the weather pulled the sixty to single digits again over the last week. Farmers once again saw sun, mud, snow, and ice as Mother Nature seems to have no clue what season it is anymore. March will arrive before the next report, a sure sign that spring and green grass will arrive before long. Many farmers are now counting calendar days and bales left in the pile, taking inventory and evaluating what needs maybe, if they have some to sell or what they might carry over. As a whole, buying needs seem minimal but there has been a bit more hay moving recently than as has been the case for most of the winter. Hay supplies are moderate, demand is light to moderate and hay prices mostly steady. The Missouri Department of Agriculture has a hay directory visit <http://mda.mo.gov/abd/haydirectory/> for listings of hay <http://agebb.missouri.edu/haylst/>

Alfalfa - Supreme 200.00-250.00, small square 8.00-12.00 per bale  
 Alfalfa - Premium 160.00-200.00  
 Alfalfa - Good 120.00-160.00, small square 5.00-9.00 per bale  
 Alfalfa - Fair 100.00-125.00  
 Alfalfa/grass mix - Good/Premium small square 6.00-8.00 per bale  
 Mixed grass - Good/Premium 80.00-140.00  
 Mixed grass - Fair/Good 60.00-100.00, small square 4.00-6.00 per bale  
 Mixed grass - Fair 25.00-55.00 per large round bale  
 Wheat straw - 4.00-6.00 per small square bale

377 lbs. 217.65	571 lbs. 198.46	772 lbs. 158.42	
427 lbs. 216.44	627 lbs. 182.75	832 lbs. 149.33	

### HEIFERS: Medium and Large 1

320 lbs. 173.84	530 lbs. 172.39	717 lbs. 150.82
377 lbs. 179.44	576 lbs. 169.42	766 lbs. 151.99
428 lbs. 177.63	621 lbs. 158.70	815 lbs. 138.40
473 lbs. 178.28	671 lbs. 153.92	950 lbs. 140.98

### Missouri Steer (Heifer) Stocker Formula for 3/7/2022

Monday's Missouri Stocker Formula consists of **5879 (5752)** head with a weighted average weight of **547.07 (535.60)** lbs. and a price value of **194.01 (166.07)**, 0.67 higher (0.86 higher) than last Monday.

This a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

### SOUTH CENTRAL MISSOURI WEEKLY SUMMARY

(West Plains, Ava)

Receipts: 6516 Week ago: 2222 Year Ago: 6659

Compared to last week, steer calves 4.00 to 8.00 higher, spots 10.00 higher, heifer calves steady to 5.00 higher. Yearlings mostly steady. Slaughter cows 2.00 to 9.00 higher. Slaughter bulls 2.00 to 4.00 higher.

\*Graph is updated the first Monday of each month.

### SOUTHWEST MISSOURI WEEKLY SUMMARY

(Joplin and Springfield)

Receipts: 7318 Week Ago: 10,019 Year ago: 18,520

Compared to last week, steers under 500 lbs 3.00 to 5.00 higher, over 500 lbs steady. Heifers steady to 3.00 higher, except some heifer calves steady to 2.00 lower. Slaughter cows 4.00 to 7.00 higher. Slaughter bulls steady to 4.00 higher.

**Missouri Weekly Cattle Auction Summary 3/07/22**

Receipts: 26,687 Week ago: 24,869 Year ago: 45,203

Compared to last week, feeders under 600 lbs. sold steady to 4.00 higher and those over 600 lbs. were uneven from 2.00 lower to 2.00 higher. Locally markets were very mixed this week. Reporters quoted trends that reached from 8.00 lower to 15.00 higher as uncertainty and volatility has found its way into the cattle markets. Although the grain markets have been a roller coaster ride that would make even the strongest stomach turn over the last few weeks most of that craziness had stayed out of the local auction barns. Lighter weight calves that will soon be put out on green pastures and spend the summer grazing continue to find the best demand as optimistic buyers focused on fundamentals hope time will allow these calves to make a profit come late summer or early fall. Heavier weights that will have a diet of more corn however found some pressure. Cash corn prices were only a few cents from 8.00 one day this week and although futures prices a few months out aren't at that level Sept. still closed well into the mid 6.00 area on Friday. Erasers have pretty much just ignited and burnt up as potential owners try to figure and refigure what will and won't possibly make a profit. Grains, fertilizer, fuel, crude oil, even ag chemicals have all set or very close to setting record high prices while the cow calf guy knows the trickle is real slow and prices at the auctions are a long ways from the records set back in 2014. Boxed beef cutouts continue to fall which is partly seasonal as there grills are cold. Choice closed on Friday at 254.33, down 3.94 and select at 248.41, down 7.00 compared last Friday. Feedlot sales as of the Friday afternoon report were just under 75K head of negotiated sales for the week. Live sales were mostly around 140.00 and dressed sales mostly 224.00-225.00 giving back some of the ground that had been gained. The Missouri Stocker Formula consist of 5879 head with a weighted average weight of 547.07 and a price value of 194.01, 0.67 higher than last week.

**MISSOURI GRAIN WEEKLY TRENDS**

Compared to last Friday, Soybeans 0.39 to 0.73 higher, Wheat 2.04 to 2.28 higher, Corn 0.65 to 0.80 higher, Sorghum 0.45 to 0.64 higher.

**MISSOURI WEEKLY HAY SUMMARY 03/03/22**

March arrived like a lamb this week and although there was another batch of winter weather late last week, the forecast, which had no winter weather predictions for at least another week was much more exciting to talk about. Kansas City broke a 134 year record on Wednesday, as temperatures were officially recorded at 84 degrees. It would be highly unlikely that there will not be a few more freezes, but meteorologically, spring has arrived. Frost is leaving the ground in some areas making for a lot of mud, but farmers will soon be looking for dry spots to spread fertilizer. Several reports of farmers that are choosing to forgo that or spread much less especially on pastures this year, due to the extremely high price levels. For those truly in the business of making hay, and not just selling surplus however, this becomes a much less viable option. Hay supplies are moderate, demand is light to moderate and hay prices mostly steady. The Missouri Department of Agriculture has a hay directory visit <http://mda.mo.gov/abd/haydirectory/> for listings of hay <http://agebb.missouri.edu/haylst/>

Alfalfa - Supreme 200.00-250.00, small square 8.00-12.00 per bale  
 Alfalfa - Premium 160.00-200.00  
 Alfalfa - Good 120.00-160.00, small square 5.00-9.00 per bale  
 Alfalfa - Fair 100.00-125.00  
 Alfalfa/grass mix - Good/Premium small square 6.00-8.00 per bale  
 Mixed grass - Good/Premium 80.00-140.00  
 Mixed grass - Fair/Good 60.00-100.00, small square 4.00-6.00 per bale  
 Mixed grass - Fair 25.00-55.00 per large round bale  
 Wheat straw - 4.00-6.00 per small square bale

## Missouri Weekly Cattle Auction Summary 3/14/22

Receipts: 30,443 Week ago: 26,687 Year ago: 41,322

Compared to last week, calves under 650 lbs. sold 6.00 to 12.00 lower, over 650 lbs. sold steady to mostly 5.00 lower. A fairly rough week at the auction barns as the volatility and uncertainty, that has been such a factor in other market segments, finally made its way to the livestock markets. For the most part over the last few weeks, buyers had been buying grazing cattle, seemingly with little care to all the things going on outside the auction barn, hoping that there was enough time before fall that these summer grazers would still be profitable. Diesel fuel approaching or even passing the 5.00 mark in many areas of the state this past week seemed to be the final straw on top of a long list of other factors going on and made the markets take a step back to reevaluate current price levels. Feedlot sales as of Friday afternoon were just under 83K head and sold at lower price levels. Live sales were reported mostly from 138.00-140.00 and dressed sales 219.00-222.00. Boxed beef cut-outs might have finally found the bottom and are perhaps looking to make a change in direction as spring and grilling season approaches. Choice closed on Friday at 254.71, up 0.38 and select at 249.11, up 0.70 compared to the previous week. The Missouri Stocker Formula consist of 6392 head with a weighted average weight of 540.22 lbs. and a price value of 186.82, 7.20 lower than the previous week.

## MISSOURI GRAIN WEEKLY TRENDS

Compared to last Friday, Soybeans 0.18 to 0.28 higher, Wheat 0.26 to 0.29 lower, Corn 0.09 to 0.23 higher, Sorghum 0.08 to 0.09 higher.

## Afternoon National Slaughter Cattle Review for 03/11/22

So far for Friday in the Southern Plains and Nebraska negotiated cash trading has been at a standstill. In the Western Cornbelt negotiated cash trading has been mostly inactive with very light demand. Not enough purchases for a market trend. In the Texas Panhandle Tuesday was the last reported market with live purchases at 138.00. In Kansas Wednesday was the last reported market with live purchases at 138.00. In Nebraska the last reported market was on Wednesday with live and dressed purchases trading at 138.00 and 220.00, respectively. In the Western Cornbelt the last reported market was on Wednesday with live purchases from 138.00-140.00 and dressed purchases from 219.00-222.00.

## MISSOURI WEEKLY HAY SUMMARY 03/10/22

Despite the fact daffodils can be found blooming and many areas set a record high last week, Mother Nature was quick to remind it is still winter for a while. Snow can colder temperatures came back over the state this week with Northwest MO seeing the highest totals. Although the cold and snow isn't much fun to deal with the moisture was welcomed as that area is still unable to get out of drought status. There were a few reports of fertilizer buggies out last week, spreading the highest priced fertilizer in history. Fuel cost although with many other things have set new record prices as well leading to much speculation about what price levels maybe for new crop hay. Hay supplies are moderate, demand is light to moderate and hay prices mostly steady. The Missouri Department of Agriculture has a hay directory visit <http://mda.mo.gov/abd/haydirectory/> for listings of hay <http://agebb.missouri.edu/haylst/>

Alfalfa - Supreme 200.00-250.00, small square 8.00-12.00 per bale  
Alfalfa - Premium 160.00-200.00  
Alfalfa - Good 120.00-160.00, small square 5.00-9.00 per bale  
Alfalfa - Fair 100.00-125.00  
Alfalfa/grass mix - Good/Premium small square 6.00-8.00 per bale  
Mixed grass - Good/Premium 80.00-140.00  
Mixed grass - Fair/Good 60.00-100.00, small square 4.00-6.00 per bale  
Mixed grass - Fair 25.00-55.00 per large round bale  
Wheat straw - 4.00-6.00 per small square bale

## Missouri Weekly Cattle Auction Summary 3/21/22

Receipts: 25,523 Week ago: 30,443 Year ago: 21,932

Compared to last week, feeder steers and heifers sold steady to 5.00 higher, gaining back some of last week's losses. Spring officially arrived and weather conditions around the state felt very spring like with temperatures climbing into the mid 70's. The first good tint of green in showing now, even if a lot of that early green happens to be onions or henbit. The supply of feeders was moderate with very few true yearlings, which is typical for the season. Demand was moderate with those most suitable for grazing and quick weight gain seeing the best demand. Market fundamentals continue to be over shadowed by other factors mainly the unrest abroad. Analyst point too several factors all suggesting livestock markets should be at higher levels if the volatility from other sectors, due to the global uncertainty, weren't present. Boxed beef cut-out values are slowly adding some value. Choice closed on Friday at 258.16, up 3.45 and select at 250.65, up 1.54 from the previous week. The volume of feedlot sales as of the Friday afternoon report was only 68K head as feedlot managers dug in trying to get more money. Live sales were reported mostly from 138.00-142.00 and dressed sales mostly 221.00-222.00 with a few up to 225.00. The Missouri Stocker Formula consist of 5695 head with a weighted average weight of 540.98 lbs. and a price value of 189.55, 2.74 higher than a week ago. The steer/heifer spread remains unusually high at thirty dollars and some cents.

## MISSOURI GRAIN WEEKLY TRENDS

Compared to last Friday, Soybeans steady to 0.12 lower, Wheat 0.38 to 0.39 lower, Corn 0.12 to 0.24 lower, Sorghum 0.17 to 0.21 lower.

## Afternoon National Slaughter Cattle Review for 03/18/22

So far for Friday in the Western Cornbelt negotiated cash trading has been slow on light demand. A few live purchases traded at 142.00, however not enough for a full market trend. The last reported market was on Thursday with live purchases at 140.00 and dressed purchases at 222.00. Thus far for Friday in the Southern Plains and Nebraska negotiated cash trading has been mostly inactive on light demand. Not enough purchases for a full market trend. The last reported market in these regions was on Thursday with live purchases at 138.00 and dressed purchases, in Nebraska, at 221.00.

## MISSOURI WEEKLY HAY SUMMARY 03/17/22

Although officially Spring is a few days away as of the publishing of this report the weather sure felt Spring like this week. Although there was not necessarily lines or a wait list for buggies there was enough spreading going on to be noticed in several areas around the state. A few tints of green can even be seen in some of the southern areas of the state. Along with all the other current challenges of extremely high inputs facing producers this upcoming growing season there is still over 36 percent of the state listed as abnormally dry and over 60 percent of the lower 48 still in drought status. Unlike a lot of years when many folks are trying to move any leftover surplus hay about this time of year there seems to be an overwhelming amount of farmers planning to hold everything they have in hopes of maybe not having to bale as much this year given what cost of production will be. Hay supplies are moderate, demand is light to moderate and hay prices mostly steady. The Missouri Department of Agriculture has a hay directory visit <http://mda.mo.gov/abd/haydirectory/> for listings of hay <http://agebb.missouri.edu/haylst/>

Alfalfa - Supreme 200.00-250.00, small square 8.00-12.00 per bale  
Alfalfa - Premium 160.00-200.00  
Alfalfa - Good 120.00-160.00, small square 5.00-9.00 per bale  
Alfalfa - Fair 100.00-125.00  
Alfalfa/grass mix - Good/Premium small square 6.00-8.00 per bale  
Mixed grass - Good/Premium 80.00-140.00  
Mixed grass - Fair/Good 60.00-100.00, small square 4.00-6.00 per bale  
Mixed grass - Fair 25.00-55.00 per large round bale  
Wheat straw - 4.00-6.00 per small square bale

## Missouri Weekly Cattle Auction Summary 3/28/22

Receipts: 25,662 Week ago: 25,523 Year ago: 27,434

Compared to last week, feeder steers and heifer calves sold mostly steady with some spots of up to 5.00 higher on some lighter weight calves. Yearlings didn't see some of the extreme tops of last week, but like types and kinds sold near steady. Feeder supply was moderate with many barns not seeing the types of numbers they generally expect due to rains and extremely sloppy conditions in the country making it difficult to load and haul. The monthly Cattle on Feed report was released on Friday. Although numbers in all three categories were within the range of pre report estimates, they were all towards the very top end of the ranges. Placements were reported at 109 percent of last year, but to get the full picture one has to recall the extreme prolonged cold that swept over the nation in Feb. of 2021 which completely closed many auctions for two full weeks. On feed numbers were reported at 101 percent and Marketings at 105 percent. Boxed beef cutouts climbed a bit more this week as grilling season nears and demand should increase. Choice closed on Friday at 262.64, up 4.48 and select at 252.14, up 1.49 compared to the previous week. As of Friday afternoon just under 91K head of negotiated feedlot sales were reported. Live sales were from 138.00-142.00, enough late week sales at the 142.00 which should make the weighted average a touch higher for the week. Dressed sales were from 220.00-221.00 with a few up 225.00, mostly 221.00 which would be near steady with the previous week. The Missouri Stocker Formula consist of 4839 head with a weighted average weight of 535.36 lbs. and a price value of 190.81, 1.26 higher than last week.

## MISSOURI GRAIN WEEKLY TRENDS

Compared to last Friday, Soybeans 0.33 to 0.58 higher, Wheat 0.64 higher, Corn 0.15 to 0.23 higher, Sorghum 0.12 to 0.23 higher.

## Afternoon National Slaughter Cattle Review for 03/25/22

Thus far for Friday negotiated cash trading has been limited on light demand in all major feeding regions. Not enough purchases for a market trend. Wednesday was the last reported market in any region. In the Southern Plains live purchases traded at 138.00. In Nebraska live and dressed purchases traded at 138.00 and 221.00, respectively. In the Western Cornbelt live and dressed purchases traded from 139.00-142.00 and at 221.00, respectively.

## MISSOURI WEEKLY HAY SUMMARY 03/24/22

After a very warm week last week, temperatures dropped a little this week and rains were a part of nearly every day. The latest drought monitor showed a 10 percent improvement over last week with just over a quarter of the state is in the abnormally dry category now, basically the northern 1/3 of the state. After this week's rains even those farmers might argue that though as the top soil is nothing but a muddy sloppy mess currently. Any fertilizer spreading or field work that might have started was brought to a halt. On the flipside, however, it is good for pastures and hay fields and the amount of green that has developed over the last week is very noticeable. e. Hay supplies are moderate, demand is light to moderate and hay prices mostly steady. The Missouri Department of Agriculture has a hay directory visit <http://mda.mo.gov/abd/haydirectory/> for listings of hay <http://agebb.missouri.edu/haylst/>

Alfalfa - Supreme 200.00-250.00, small square 8.00-12.00 per bale  
Alfalfa - Premium 160.00-200.00  
Alfalfa - Good 120.00-160.00, small square 5.00-9.00 per bale  
Alfalfa - Fair 100.00-125.00  
Alfalfa/grass mix - Good/Premium small square 6.00-8.00 per bale  
Mixed grass - Good/Premium 80.00-140.00  
Mixed grass - Fair/Good 60.00-100.00, small square 4.00-6.00 per bale  
Mixed grass - Fair 25.00-55.00 per large round bale  
Wheat straw - 4.00-6.00 per small square bale

**Missouri Weekly Cattle Auction Summary 04/04/22**

Receipts: 24,360 Week ago: 25,662 Year ago: 31,013

Compared to last week, feeder steers and heifers sold steady to 5.00 higher. The supply of feeders was light to moderate as weather still impacted movement in some areas. Demand was moderate to good with mid-weights in suitable condition to eat grass and gain weight seeing the best demand which is very typical of this time of year. Regardless of weights however, quality cattle with good health programs still fetch quality checks. A load of steers sold on Tuesday at the Kingsville Livestock auction averaging 801 lbs. sold at 162.60, and although this load just squeaked into the 8 weights it has been a full month since anything with an 8 in front got into the 160's. Another notable as a whole across the state that we just don't talk enough about is the price of cull cows and bulls, which are at very high levels. Not that the industry needs to lose any more momma cows, but there is no doubt a few are leaving the farms maybe a bit sooner than they would if price levels were lower. Higher quality slaughter cows are reaching into the 90's with a few high dressing cows hitting 100.00 per cwt. High dressing slaughter bulls have climbed into the mid 130's. Switching gears to grains, USDA released the planting intentions report this week, and although it is based off data as of March 1, corn is expected to lose its' crown as king of the crops to soybeans. Projections expect a 4% decrease in corn acres with beans gaining that same 4%, and although history has shown these are just estimates and many factors such as prices and mainly weather will still result in some acres shuffling one way or the other the estimated difference is large enough to fill fairly confident that beans will rule this year; which is a rare occurrence and not one that the cattleman really cares to see. Although the week ended with sunshine and decent temperatures many areas of the state did see some frost mid-week and even some snow flurries and sleet. Mud continues to be present and there was some flooding in the southern part of the state but, field conditions are improving slightly in areas and few farmers did manage to pick and choose spots and get a little work done this week. As of current no reports of any corn in the ground but, someone will be first very soon. Boxed beef cutout values continue the trend upward as each day gets closer to seeing more grills fire up. Choice closed on Friday at 2678.17, up 4.50 and select closed at 262.52, up 10.38 compared to the previous week. As of Friday afternoon reported negotiated feedlot sales were just under 91K head. Live sales for the week were mostly from 138.00-143.00 and dressed sales from 221.00-222.00. The Missouri Stocker Formula consists of 4652 head with a weighted average weight of 535.17 lbs. and a price value of 191.95, up 1.14 from the previous week. The steer/ heifer spread is currently 31.07.

**MISSOURI GRAIN WEEKLY TRENDS**

Compared to last Friday, Soybeans 1.09 to 1.22 lower, Wheat 0.95 to 0.96 lower, Corn 0.08 to 0.13 lower, Sorghum no trend due to lack of bids.

**Afternoon National Slaughter Cattle Review for 04/01/22**

So far for Friday negotiated cash trading has been mostly inactive on light demand in all major feeding regions. Not enough purchases in any region for an adequate market trend. In the Southern Plains on Wednesday live purchases traded at 138.00. In Nebraska on Thursday live and dressed purchases traded from 138.00-140.00 and at 222.00, respectively. In the Western Cornbelt on Thursday live and dressed purchases traded from 140.00-143.00 and at 222.00, respectively.

**MISSOURI WEEKLY HAY SUMMARY 03/31/22**

In typical spring fashion, Missouri weather didn't disappoint this week, providing something for everyone. Warm sunny days, rainy cool days, some severe weather with a confirmed tornado, followed up with a few snow flurries to finish out the week. Needless to say field work is still on hold. Wide spread heavy rains over the last couple of weeks were enough to saturate the soil and sink in to remove every part of the state from the drought monitor now. Livestock of all kinds are much more interested in chasing sprigs of green rather than eating much hay, although there isn't enough pasture to completely end hay feeding yet. Producers continue to watch inputs across the board rise before haying season kicks off. Although just one line on the expense form fertilizers continue setting new records each week. Hay supplies are moderate, demand is light to moderate and hay prices mostly steady. The Missouri Department of Agriculture has a hay directory visit <http://mda.mo.gov/abd/haydirectory/> for listings of hay <http://agebb.missouri.edu/haylst/>

Alfalfa - Supreme 200.00-250.00, small square 8.00-12.00 per bale  
 Alfalfa - Premium 160.00-200.00  
 Alfalfa - Good 120.00-160.00, small square 5.00-9.00 per bale  
 Alfalfa - Fair 100.00-125.00  
 Alfalfa/grass mix - Good/Premium small square 6.00-8.00 per bale  
 Mixed grass - Good/Premium 80.00-140.00  
 Mixed grass - Fair/Good 60.00-100.00, small square 4.00-6.00 per bale  
 Mixed grass - Fair 25.00-55.00 per large round bale  
 Wheat straw - 4.00-6.00 per small square bale

**Missouri Weekly Cattle Auction Summary 04/11/22**

Receipts: 27,143 Week ago: 24,360 Year ago: 29,508

Compared to last week, feeders sold steady to 3.00 lower. The supply of feeders was moderate, although reporters in several locations noted overall quality was lower than has been seen in the previous weeks and offerings were made up of many more unweaned new crop type of calves carrying a bit more flesh than what buyers of grass cattle prefer. Demand was moderate but again discounts are being applied to those cattle that won't go to grass and take to gaining in a hurry. Weather continues to be a rollercoaster as the season's transition. Some areas saw some light snow last week along with heavy frost and freezing temperatures that were followed up by a big warm up that got into the 80's over the weekend. Thus far there has been very little field work done this spring a few days here and there has allowed limited tillage or but planting hasn't been enough be measured thus far. Boxed beef cutouts were mixed for the week with choice closing on Friday at 270.47, up 3.33 and select at 260.33, down 2.19 compared to last week. As of Friday afternoon negotiated feedlot volume for the week was just over 95K head. Most of the trade occurred on Monday and Tuesday this past week. Live sales were reported from 137.00-140.00 and dressed sales mostly at 222.00. If realized livestock slaughter for the week, 676,000, will be the 3rd largest week since 2011. Both of the top two largest weeks occurred in the fourth quarter of 2021. The Missouri Stocker Formula consist of 4816 head with a weighted average weight of 529.70 lbs. and a price value of 189.97, 1.98 lower than last week. The steer heifer spread is currently 29.90. Supply included: 76% Feeder Cattle (50% Steers, 0% Dairy Steers, 45% Heifers, 4% Bulls); 15% Slaughter Cattle (1% Steers, 1% Heifers, 88% Cows, 11% Bulls); 9% Replacement Cattle (13% Stock Cows, 43% Bred Cows, 3% Bred Heifers, 30% Cow-Calf Pairs, 10% Heifer Pairs, 1% Bulls). Feeder cattle supply over 600 lbs was 45%.

**MISSOURI GRAIN WEEKLY TRENDS**

Compared to last Friday, Soybeans 1.01 to 1.11 higher, Wheat 0.72 to 0.82 higher, Corn 0.29 to 0.39 higher, Sorghum 0.39 higher.

**Afternoon National Slaughter Cattle Review for 04/08/22**

So far for Friday negotiated cash trading in Kansas, Northern Plains and Western Cornbelt has been mostly inactive on light demand. In the Texas Panhandle negotiated cash trading has been at a standstill. Not enough purchases in any region for a full market trend. Tuesday was the last reported market in all regions. In the Southern Plains live purchases traded from 137.00-138.00. In Nebraska live and dressed purchases traded from 138.00-140.00 and at 222.00, respectively. In the Western Cornbelt live and dressed purchases traded at 140.00 and at 222.00, respectively. In Colorado live purchases traded at 138.00.

**MISSOURI WEEKLY HAY SUMMARY 04/07/22**

Springtime instability persisted this week. Several farmers got to spread some fertilizer a couple of days between rains. Winds blew hard a few days which should help to dry out the top soil. There was one report of some early corn sprouting far south in the boothill but that is by far an exception as planters have been setting as most fields are still way to muddy to work. Cooler than average temperatures on Thursday had everyone searching for jackets again. Hay feeding continues to wind down as cattle are chasing grass now. Hay supplies are moderate, demand is light to moderate and hay prices mostly steady. The Missouri Department of Agriculture has a hay directory visit <http://mda.mo.gov/abd/haydirectory/> for listings of hay <http://agebb.missouri.edu/haylst/>

Alfalfa - Supreme 200.00-250.00, small square 8.00-12.00 per bale  
 Alfalfa - Premium 160.00-200.00  
 Alfalfa - Good 120.00-160.00, small square 5.00-9.00 per bale  
 Alfalfa - Fair 100.00-125.00  
 Alfalfa/grass mix - Good/Premium small square 6.00-8.00 per bale  
 Mixed grass - Good/Premium 80.00-140.00  
 Mixed grass - Fair/Good 60.00-100.00, small square 4.00-6.00 per bale  
 Mixed grass - Fair 25.00-55.00 per large round bale  
 Wheat straw - 4.00-6.00 per small square bale

### WEEKLY LIVESTOCK SLAUGHTER 04/16/22

	Cattle	Hogs	Sheep
Week to Date:	634,000	2,347,000	34,000
Last Week:	671,000	2,425,000	36,000
Last Year:	641,000	2,453,000	44,000

**Missouri Weekly Cattle Auction Summary 04/18/22**

Receipts: 21,485 Week ago: 27,143 Year ago: 29,517

Compared to last week, steers and heifers uneven from 3.00 lower to 3.00 higher, depending on type and kind. Short weaned calves and anything carrying extra flesh saw some discounts. Supply was moderate and demand was moderate. Pastures have greened up nicely, just in time to turn out cattle. However, with the latest moisture, some parts of the state are dealing with mud. The drought monitor for Missouri is still free of any drought measure, as of last Thursday's publication. Futures markets gained some ground this week, with live cattle closing 1.57 to 2.85 higher and feeder cattle contracts 0.55 to 2.40 higher. Boxed beef cuts jumped around this week, but closed on Friday at 272.62 for choice and 258.90 for select, 2.15 higher and 1.43 lower than a week ago, respectively. Choice cuts have begun a seasonal steady climb since April has arrived. Grilling season is about upon us and demand will be increasing. As of Friday afternoon, negotiated feedlot sales for the week was at 96,553 head. Reported live sales were from 139.00 to 143.00 and dressed at 226.00. The Missouri Stocker Formula consists of 5110 head with a weighted average weight of 528.19 lbs and a price value of 187.40, 2.57 lower than a week ago. The steer/heifer spread is currently 27.66.

**MISSOURI GRAIN WEEKLY TRENDS**

Compared to last Friday, Soybeans 0.15 lower to 0.02 higher, Wheat 0.45 higher, Corn 0.18 to 0.24 higher, Sorghum 0.21 to 0.23 higher.

**Afternoon National Slaughter Cattle Review for 04/15/22**

So far for Friday negotiated cash trading has been at a standstill in the Southern and Northern Plains. In the Western Cornbelt negotiated cash trading has been mostly inactive with light demand. Not enough purchases in any region for a market trend. In the Southern Plains the last reported market was on Wednesday with live purchases at 139.00. In Nebraska the last reported dressed market was on Wednesday with purchases at 226.00. Tuesday was the last reported live purchase market with purchases from 140.00-142.00. In the Western Cornbelt the last reported market was on Wednesday with live and dressed purchases at 143.00 and at 226.00, respectively. In Colorado the last reported market was on Tuesday with live purchases from 140.00-142.00.

**MISSOURI WEEKLY HAY SUMMARY 04/14/22**

Farmers are still waiting for some kind of stability in the weather to get spring field work really going. A few days here and there have allowed a little progress, but overall it seems to be a late spring kind of year. In St. Joseph, weather went from over 80 on Tuesday to snowing by lunch on Wednesday. Heavy rains caused flooding in several southern areas and frost was wide spread on Thursday morning. Rain makes grass is the old saying and glad to have a state free of any drought but some sun and sustained warmth would be welcome too. Hay supplies are moderate, demand is light to moderate and hay prices mostly steady. The Missouri Department of Agriculture has a hay directory visit <http://mda.mo.gov/abd/haydirectory/> for listings of hay <http://agebb.missouri.edu/haylst/>

Alfalfa - Supreme 200.00-250.00, small square 8.00-12.00 per bale  
 Alfalfa - Premium 160.00-200.00  
 Alfalfa - Good 120.00-160.00, small square 5.00-9.00 per bale  
 Alfalfa - Fair 100.00-125.00  
 Alfalfa/grass mix - Good/Premium small square 6.00-8.00 per bale  
 Mixed grass - Good/Premium 80.00-140.00  
 Mixed grass - Fair/Good 60.00-100.00, small square 4.00-6.00 per bale  
 Mixed grass - Fair 25.00-55.00 per large round bale  
 Wheat straw - 4.00-6.00 per small square bale

## Missouri Weekly Cattle Auction Summary 04/25/22

Receipts: 20,853 Week ago: 21,485 Year ago: 26,412

Compared to last week, steers and heifers traded mostly steady to 3.00 higher. Supply and demand moderate. Cash bids for corn have hit the 8.00 mark, but trade was active and buyers continued to push bids for cattle on their list. Friday's Cattle on Feed report showed cattle on feed at 12.105 million head on April 1. This is 1.7 percent above last year and the highest April 1 inventory since 1996, when the series began. Steers totaled 7.54 million, up 2 percent, and heifers totaled 4.57 million head, up 2 percent from a year ago. Placements totaled 1.99 million head, 0.4 percent below a year ago, however higher than the average industry guess at 92.3 percent. Marketings totaled 2 million head, 2 percent less than a year ago. Estimated livestock slaughter, as of Friday's report, totaled 665,000 head, with the year to date at 10,349,000, slightly ahead of last year's pace at this time. In feedlot trade, live sales were reported from 140.00 to 146.00, a few up to 148.00 and dressed at 230.00 to 233.00, as of Friday, totaling 108,464 head. Planting is underway, as farmers have tried to get fieldwork done between rain showers. There are a few dry days in the forecast, with rain expected again at the end of the week. As of last week's report, 4 percent of Missouri's corn has been planted, 9 percent below last year's pace and 8 percent below the five year average. The Missouri Stocker Formula consists of 4842 head with a weighted average weight of 530.56 lbs and a price value of 187.71, 0.31 higher than a week ago. The steer/heifer spread is currently 25.41.

## MISSOURI GRAIN WEEKLY TRENDS

Compared to last Thursday, Soybeans 0.23 to 0.44 higher, Wheat 0.28 lower, Corn 0.01 lower to 0.09 higher, Sorghum 0.07 lower to 0.05 higher.

## Afternoon National Slaughter Cattle Review for 04/22/22

Thus far for Friday negotiated cash trading has been limited on light demand in Nebraska, Colorado, and the Western Cornbelt. Not enough purchases for a market trend. Negotiated cash trading has been at a standstill in the Texas Panhandle. On Tuesday in the Southern Plains live purchases traded at 140.00. In Nebraska on Tuesday, live and dressed purchases traded from 144.00-146.00 and at 230.00, respectively. On Tuesday in the Western Cornbelt live and dressed purchases traded from 145.00-146.00 and at 230.00, respectively. The last reported market in Colorado was last week with live purchases from 140.00-142.00.

## MISSOURI WEEKLY HAY SUMMARY 04/21/22

Field work continues to be limited, following this week's rains. A little fertilizer was spread before the ground got too soggy, but farmers in most areas will have to wait for the sun. Hay fields and pastures are growing well, although some below average temperatures are keeping them from really taking off. Hay business is slowing down and is about concluded for this feeding season. A current concern for producers is what new crop prices might be, given the sharp rise in input costs and the extremely high grain prices. The supply of hay is moderate, demand is light to moderate and prices are mostly steady. The Missouri Department of Agriculture has a hay directory visit <http://mda.mo.gov/abd/haydirectory/> for listings of hay <http://agebb.missouri.edu/haylst/>

Alfalfa - Supreme 200.00-250.00, small square 8.00-12.00 per bale  
Alfalfa - Premium 160.00-200.00  
Alfalfa - Good 120.00-160.00, small square 5.00-9.00 per bale  
Alfalfa - Fair 100.00-125.00  
Alfalfa/grass mix - Good/Premium small square 6.00-8.00 per bale  
Mixed grass - Good/Premium 80.00-140.00  
Mixed grass - Fair/Good 60.00-100.00, small square 4.00-6.00 per bale  
Mixed grass - Fair 25.00-55.00 per large round bale  
Wheat straw - 4.00-6.00 per small square bale

## Missouri Weekly Cattle Auction Summary 05/02/22

Receipts: 24,468    Week ago: 20,853    Year ago: 21,597

Compared to last week feeders sold uneven from 2.00 lower to 2.00 higher, with some spots of 5.00 higher on a better offering of 650-750 lb. steers and heifers. The supply is mostly calves with 61 percent of the feeder offering under 600 lbs. this week. This made the few load lots of short yearlings, or maybe more accurately heavy weight calves, attractive to the buyers. Although it's a tough ticket to get right now, there were a few loads and multi load lots of 8 weights that still got very close or just a few cents over that 160.00 mark. Overall, spring remains cold and grass growth has been slow, even though unlike other states, there is no shortage of moisture. Standing water in many areas with cool soil temperatures has kept planting to a minimum so far, although there was some corn put in the ground in areas last week. Boxed beef cutout values lost ground this week with choice closing on Friday at 260.78, down 7.19 and select at 247.97, down 6.80 compared to the previous week. Negotiated feedlot volume saw the largest volume since early June 2020 with over 133k head reported as of Friday afternoon. Live sales were mostly steady from 140.00-147.00 and dressed sales were steady to 2.00 higher at mostly 232.00. The Missouri Stocker Formula consist of 5239 head with a weighted average weight of 527.82 lbs. and a price value of 187.78, 0.07 higher than last week. The steer/heifer spread is currently 26.70.

## MISSOURI GRAIN WEEKLY TRENDS

Compared to last week, Soybeans 0.16 lower to 0.20 higher, Wheat 0.15 lower, Corn 0.24 to 0.34 higher, Sorghum 0.24 to 0.25 higher.

## Afternoon National Slaughter Cattle Review for 04/29/22

So far for Friday negotiated cash trading in the Southern and Northern Plains has been mostly inactive with very light demand. In the Western Cornbelt negotiated cash trading has been limited with light demand. Not enough purchases for a full market trend in any region. Tuesday was the last reported market in all regions. In the Southern Plains live purchases traded at 140.00. In Nebraska and Colorado live purchases traded from 144.00-146.00, and, in Nebraska dressed purchases traded at 232.00. In the Western Cornbelt live and dressed purchases trading from 145.00-147.00 and at 232.00, respectively.

## MISSOURI WEEKLY HAY SUMMARY 04/28/22

The weather has yet to stabilize and find any kind of normalcy. Record lows were set just a few days ago in several northern areas. Rains every two or three days are preventing much work from getting done, but farmers are taking full advantage of any dry time and are managing to slowly get some spring work done. Pastures and hay fields are in need of sun and some growing degrees as the overall cool weather has prevented much growth. Old crop hay prices have remained mostly steady, even as inputs for this year's crop have climbed exponentially. Demand is light as most feeding is only trying to keep cattle from over grazing early and the cattle aren't overly interested in hay. Supplies are moderate for this time of year most producers have said they did feed a lot of hay this past feeding season and carry over varies. The Missouri Department of Agriculture has a hay directory visit <http://mda.mo.gov/abd/haydirectory/> for listings of hay <http://agebb.missouri.edu/haylst/> (Prices per ton, unless otherwise noted.)

Alfalfa - Supreme 200.00-250.00, small square 8.00-12.00 per bale  
Alfalfa - Premium 160.00-200.00  
Alfalfa - Good 120.00-160.00, small square 5.00-9.00 per bale  
Alfalfa - Fair 100.00-125.00  
Alfalfa/grass mix - Good/Premium small square 6.00-8.00 per bale  
Mixed grass - Good/Premium 80.00-140.00  
Mixed grass - Fair/Good 60.00-100.00, small square 4.00-6.00 per bale  
Mixed grass - Fair 25.00-55.00 per large round bale  
Wheat straw - 4.00-6.00 per small square bale

## Missouri Weekly Cattle Auction Summary 05/09/22

Receipts: 25,883 Week ago: 24,468 Year ago: 22,571

Compared to last week, calves under 650 lbs. sold unevenly steady with some from 4.00 lower to 2.00 higher, heavier weights especially loads over 800 lbs. sold fully steady to 5.00 higher. The supply of feeders was moderate. Several of the southern sales saw lighter than normal receipts due to weather issues. Heavy rains which totaled 6-7 inches or more in places caused flooding and made it impossible to get cattle moved out of the country in most areas south of I-44. All the northern sales were doing business this week and had fairly large sales with many load lots of heavy weight quality cattle. A load of 839 lb. steers sold at Green City Livestock Auction on Wednesday at 165.75, about ten or so other loads of 8 weights, which sold there and at 4 or 5 other barns all across the state sold from 155.00 to 160.10. An expected multi-day break in the weather with very warm temperatures should give many farmers a window to finally get some crops in the ground especially in the northern half of the state which didn't receive the heavy rains last week. Much of the rest of the Corn Belt is going to burn a lot of diesel and clock some long hours planting as well. Corn futures fell on Friday anticipating farmers wanting to price some crop as soon as they get it in the ground and as of this report Monday morning corn futures are continuing to fall. Boxed beef cutouts lost several dollars again this week, which seems to be mostly a factor of inflation and high gas cost which is cutting in to grocery budgets. Choice closed at 254.44 down 6.34 and select closed at 245.06, down 2.91 compared to last week. Feedlot sales as of Friday afternoon totally just under 108K head although like last week many of these were bought with some time and will not deliver for a few weeks to a month down the road. Live sales were reported mostly from 138.00-146.00, with a few early in the north 148.00-150.00, dressed sales from 230.00-232.00. The Missouri Stocker Formula consist of 6483 head with a weighted average weight of 532.47 lbs. and a price value of 188.88, 1.10 higher than last week. The steer/heifer spread is 27.77.

## MISSOURI GRAIN WEEKLY TRENDS

Compared to last week, For the Week: Soybeans 0.23 to 0.76 lower, Wheat 0.51 higher, Corn 0.20 to 0.29 lower, Sorghum 0.29 to 0.34 lower.

## Afternoon National Slaughter Cattle Review for 05/06/22

So far for Friday in Nebraska negotiated cash trading has been limited on light demand. In the Southern Plains, Colorado and Western Cornbelt negotiated cash trading has been mostly inactive on light demand. Not enough purchase in any region for a market trend. In Kansas on Thursday live purchases traded at 138.00. In all other regions the last reported market was on Wednesday. In the Texas Panhandle live purchases traded at 140.00. In Nebraska live and dressed purchases traded at 146.00 and 232.00, respectively. In the Western Cornbelt live purchases traded at 146.00 and dressed purchases traded from 230.00-232.00. In Colorado live purchases traded from 142.00- 146.00.

## MISSOURI WEEKLY HAY SUMMARY 05/05/22

Another week with every little field work accomplished due to weather. As of Monday, 27 percent of the corn crop has been planted in the state which is 25 percent behind the five year average. Areas in south central and southwest had reports totaling over five inches of rain which caused flooding and put many fields underwater. There has been no early haying done at this point when typically, some farmers have started wrapping some hay already. Below average temperatures continue to prevent much grass or hay growth, however the forecast for next week looks to finally bring some sun and warmer days that might finally be a turning point. Hay supplies are moderate, demand is light and prices are steady. The Missouri Department of Agriculture has a hay directory visit <http://mda.mo.gov/abd/haydirectory/> for listings of hay <http://agebb.missouri.edu/haylst/>

Alfalfa - Supreme 200.00-250.00, small square 8.00-12.00 per bale  
Alfalfa - Premium 160.00-200.00  
Alfalfa - Good 120.00-160.00, small square 5.00-9.00 per bale  
Alfalfa - Fair 100.00-125.00  
Alfalfa/grass mix - Good/Premium small square 6.00-8.00 per bale  
Mixed grass - Good/Premium 80.00-140.00  
Mixed grass - Fair/Good 60.00-100.00, small square 4.00-6.00 per bale  
Mixed grass - Fair 25.00-55.00 per large round bale  
Wheat straw - 4.00-6.00 per small square bale

## Missouri Weekly Cattle Auction Summary 05/16/22

Receipts: 23,609 Week ago: 25,883 Year ago: 19,489

Compared to last week, feeder steers sold mostly steady to 2.00 lower, heifers sold uneven from 2.00 lower to mostly 2.00 higher. The feeder supply has mostly shifted to calves now with 63 percent of the offering under 600 lbs. A lot of the offering now is smaller groups of calves many carrying a bit of flesh and still bawling. A decent week of weather finally allowed farmers to get into fields this week which kept many away from barns. Typically this is a slow season for marketing cattle as everyone is turned to grass. For the most part auction receipts over all will be lighter until we see a few yearling specials late June and early July. Although official numbers will not be out until late in the business day on Monday, many are expecting to see a big jump in acres planted and we also know some haying has been done but that number should still be small as historically Memorial Day weekend is when many get to the hay fields. Boxed beef cutouts closed the week mixed, choice was up 4.51 at 258.95 and select lost 1.16 closing at 243.90. Negotiated feedlot sales as of Friday afternoon totaled a bit over 85k head. Live sales were from 140.00 in the south to 145.00 in the north with a few early week up to 148.00. Dressed sales were mostly 230.00. The Missouri Stocker Formula consist of 6205 head with a weighted average weight of 539.07 lbs. and a price value of 186.43, down 2.45 from last week. The steer/heifer spread is 24.21.

## MISSOURI GRAIN WEEKLY TRENDS

Compared to last week, Soybeans 0.25 to 0.29 higher, Wheat 0.68 to 0.71 higher, Corn 0.04 lower to 0.02 higher, Sorghum 0.03 to 0.04 lower.

## MISSOURI WEEKLY HAY SUMMARY 05/13/22

Please Note: The above volumes (tonnage, acres, and bales) listed on this USDA LPGMN report are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade.

Temperatures have really heated up this week. Pastures will no doubt start to grow up and thicken. There have been some reports of farmers cutting alfalfa and some baleage being made, although there hasn't been numbers officially reported in the crop progress report yet. This week's progress report showed pasture condition rated as 59 percent good and 35 percent classified as fair. The supply of hay is moderate, demand is light and prices are mostly steady, although sales are very limited at this time. The Missouri Department of Agriculture has a hay directory visit <http://mda.mo.gov/abd/haydirectory/> for listings of hay <http://agebb.missouri.edu/haylst/>

Alfalfa - Supreme 200.00-250.00, small square 8.00-12.00 per bale  
Alfalfa - Premium 160.00-200.00  
Alfalfa - Good 120.00-160.00, small square 5.00-9.00 per bale  
Alfalfa - Fair 100.00-125.00  
Alfalfa/grass mix - Good/Premium small square 6.00-8.00 per bale  
Mixed grass - Good/Premium 80.00-140.00  
Mixed grass - Fair/Good 60.00-100.00, small square 4.00-6.00 per bale  
Mixed grass - Fair 25.00-55.00 per large round bale  
Wheat straw - 4.00-6.00 per small square bale

## Missouri Weekly Cattle Auction Summary 05/23/22

Receipts: 28,976 Week ago: 23,609 Year ago: 24,800  
Compared to last week, steers under 650 lbs. sold steady to 3.00 higher, over 650 lbs. steady to 2.00 lower. Heifers sold unevenly steady to 2.00 lower. The supply was moderate with a few barns holding special sales with decent offerings of better quality weaned and vaccinated calves. As typical for this time of year heavyweight yearlings are in short supply 66 percent of this week's supply was under 600 lbs. Calves that are unweaned, bawling and carrying extra flesh of course seeing discounts. Some areas mostly in the southern half of the state saw heavy rains with some areas exceeding 5 inches. Farmers continue to struggle to make progress planting and getting started with haying. Auctions around the state continue to see more cull cows than typical, that same story is playing out all across the nation. Prices for cull animals did back off a few bucks this week but overall that market has remained very strong and unlike other areas where drought is playing in to those marketing decisions most here are just trying to take advantage of current price levels. There is a tiny touch of concern that the cool spring and excess of moisture, which has pastures and hay fields looking a bit short could be a problem come summer. Friday saw the release of the monthly cattle on feed report, numbers were a bit bearish. On feed was reported at 102 percent, placements at 99.1 and marketings at 97.8. Both on feed and placements were higher than expected while marketings were below. Feedlot trade for the week as of Friday afternoon totaled just over 86K head. Live sales were mostly 138.00-142.00 and dressed sales at 226.00 all lower than sales a week ago. Boxed beef cutouts were mixed with choice closing at 262.17, up 3.22 and select at 243.09, down 0.81 compared to the previous week. Last week's estimated slaughter was reported at 680,000 the largest week since in over two years, as packers work to make sure meat counters are full for the upcoming Memorial Day weekend, which is the official kick off of grilling season. The Missouri Stocker Formula consist of 7550 head with a weighted average weight of 531.28 lbs. and a price value of 188.68, 2.25 higher than a week ago. The steer/heifer spread is 29.98.

## MISSOURI GRAIN WEEKLY TRENDS

Compared to last week, Soybeans 0.44 to 0.70 higher, Wheat 0.07 to 0.09 lower, Corn mixed 0.08 lower to 0.08 higher, Sorghum 0.03 to 0.49 lower

## Afternoon National Slaughter Cattle Review for 05/20/22

Thus far for Friday negotiated cash trading has been mostly inactive on very light demand in the Western Cornbelt. Not enough purchases for a market trend. Negotiated cash trading was at a standstill in all other major feeding regions. On Tuesday in the Southern Plains live purchases traded at 138.00. In Nebraska on Wednesday live purchases traded at 140.00 and on Tuesday dressed purchases traded at 226.00. In the Western Cornbelt on Tuesday live purchases traded at 142.00. The last reported dressed market in the Western Cornbelt was last week with purchases from 227.00 -230.00. The last reported market in Colorado was last week with live purchases from 140.00- 144.00.

## MISSOURI WEEKLY HAY SUMMARY 05/20/22

Although there are still many areas mainly focused on getting corn and beans in the ground, hay season is underway. As of Monday 12 percent of alfalfa has seen the first cutting and 2 percent of other hay. Those numbers being a week old have likely increased slightly this week. Many of those with grass hay are unlikely to be in much of a hurry however and willing to give up some quality to gain some yields as most fields are very short due to the cooler than average weather and slow start to growth this year. Although there hasn't been a lot of new crop hay sold prices especially on better quality hay are firm which has been expected due to the huge increase in production cost. There has been a notable increase in interest and a lot of window shopping going on as it seems many would like to acquire at least some of their next feeding season needs earlier than usual. The Missouri Department of Agriculture has a hay directory visit <http://mda.mo.gov/abd/haydirectory/> for listings of hay <http://agebb.missouri.edu/haylst/>

Please Note: The above volumes (tonnage, acres, and bales) listed on this USDA LPGMN report are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade.

Alfalfa - Supreme 225.00-275.00, small square 8.00-12.00 per bale  
Alfalfa - Premium 175.00-225.00  
Alfalfa - Good 120.00-180.00, small square 5.00-9.00 per bale  
Alfalfa - Fair 100.00-125.00  
Alfalfa/grass mix - Good/Premium small square 6.00-8.00 per bale  
Mixed grass - Good/Premium 80.00-140.00  
Mixed grass - Fair/Good 60.00-100.00, small square 4.00-6.00 per bale  
Mixed grass - Fair 25.00-55.00 per large round bale  
Wheat straw - 4.00-6.00 per small square bale

## Missouri Weekly Cattle Auction Summary 05/30/22

Receipts: 29,138 Week ago: 28,976 Year ago: 29,137

Compared to last week, steers under 650 lbs. sold uneven from 2.00 lower to 2.00 higher. Steers over 650 lbs. and all weights of heifers sold mostly steady to 3.00 higher. The supply of feeders was moderate and mostly lighter weights although there was a few loads of heavy weights this week. Prices have crept back up a little over the last couple of weeks, with some loads of 8 weight steers in the upper 150's and a couple of them just edging back into the 160's. Several reporters did note some very good quality at some barns this week, but overall quality and condition stretches across the spectrum. Hay season is nearly in full swing. Several fields are still awfully wet but many found some to cut over the last couple of weeks. As of the writing of this report however, rains have moved back into NW MO temporarily parking tractors once again. Boxed beef cutout values were higher for the week, Choice closed on Friday at 256.42, up 3.25 and select closed at 246.50, up 3.41. Feedlot volume totaled a bit over 77k head as of the Friday afternoon report. Live sales were reported from 136.00-142.00 and dressed sales from 223.00-225.00. Monday's Missouri Stocker Formula consisted of 8071 head with a weighted average weight of 546.30 lbs. and a price value of 188.08, down 0.60 compared to the previous week. The steer/heifer spread is 27.37.

## MISSOURI GRAIN WEEKLY TRENDS

Compared to last week, Soybeans 0.08 to 0.28 higher, Wheat 0.11 to 0.17 lower, Corn 0.02 to 0.08 higher, Sorghum 0.01 to 0.02 lower.

## Afternoon National Slaughter Cattle Review for 05/27/22

So far for Friday in the Western Cornbelt negotiated cash trading has been limited on light demand. A few live purchases traded at 142.00. In the Southern and Northern Plains negotiated cash trading has been mostly inactive with light demand. Not enough purchases in any region for a full market trend. In the Southern Plains Tuesday was the last reported market with live purchases at 137.00. In Nebraska Wednesday was the last reported market with live purchases at 140.00 and dressed purchases at 223.00. In the Western Cornbelt Thursday was the last reported live purchase market with purchases from 141.00-142.00. In the Western Cornbelt last week dressed purchases traded from 223.00-227.00. Last week in Colorado live purchases traded at 142.00.

## MISSOURI WEEKLY HAY SUMMARY 05/26/22

Another week with limited days for field work as on and off rains continue to fall across the state. Despite this, farmers have made impressive progress over the last couple of weeks. As of Monday,, hay harvest for both alfalfa and other hay are slightly ahead of the five year average now. Spring planting for both corn and beans are a couple points behind the five year average. There continues to be what seems like more than usual interest in hay for this time of year, a lot being equine owners looking to get needs contracted early. Hay prices are steady to firm, supplies are light to moderate but will increase as more hay is baled in the coming weeks, Demand is moderate. The Missouri Department of Agriculture has a hay directory visit <http://mda.mo.gov/abd/haydirectory/> for listings of hay <http://agebb.missouri.edu/haylst/>

Please Note: The above volumes (tonnage, acres, and bales) listed on this USDA LPGMN report are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade.

Alfalfa - Supreme 225.00-275.00, small square 8.00-12.00 per bale  
Alfalfa - Premium 175.00-225.00  
Alfalfa - Good 120.00-180.00, small square 5.00-9.00 per bale  
Alfalfa - Fair 100.00-125.00  
Alfalfa/grass mix - Good/Premium small square 6.00-8.00 per bale  
Mixed grass - Good/Premium 80.00-140.00  
Mixed grass - Fair/Good 60.00-100.00, small square 4.00-6.00 per bale  
Mixed grass - Fair 25.00-55.00 per large round bale  
Wheat straw - 4.00-6.00 per small square bale

(PRICES PER BUSHEL) \*NEW CROP \*\*PREVIOUS WEEK'S PRICES  
\*Most locations not providing cash wheat bids at this time, due to temporary transportation issues. \*

**Missouri Weekly Cattle Auction Summary 06/06/22**

Receipts: 14,285 Week ago: 29,138 Year ago: 17,091

Compared to last week feeders sold steady to 3.00 higher, with some spots of 5.00 to 8.00 higher on some of the tops of better quality calves or load lots of yearlings. As a whole, the supply of feeders was much lighter supply on a short holiday week. A few early week barns remained dark or had lighter offerings once mid-week arrived however, markets found support and most of the gains were evident especially those sales in the north. A few of the top sales this week included 7 loads of steers from 850-900 lbs. which sold on Tuesday at Unionville Livestock Market from 161.10-164.10. Then two days later on Thursday, at New Cambria Livestock Market a short load of 41 head of 851 lb. steers sold for 169.00. Another very impressive ticket on a load of 430 lb. steer calves at South Central Regional Stockyards on Wednesday which climbed to 215.50 when the hammer fell. Boxed beef cutouts closed higher for the week with choice at 267.26, up 1.84 and select at 250.02, up 3.52 from the previous week. Negotiated feedlot sales as of Friday afternoon totaled about 85,500 head. Live sales were reported mostly from 135.00-140.00 and dressed sales at 222.00. Monday's Missouri Stocker Formula consists of 3809 (3711) head with a weighted average weight of 540.44 (531.61) lbs and a price value of 188.49 (163.07), 0.41 higher (0.19 higher) than last Monday.

**MISSOURI GRAIN WEEKLY TRENDS**

Compared to last week, Soybeans 0.24 to 0.39 lower, Wheat 1.17 lower, Corn 0.45 to 0.53 lower, Sorghum 0.40 to 0.44 lower.

**Afternoon National Slaughter Cattle Review for 06/03/22**

Thus far for Friday negotiated cash trading has been limited on light demand in Kansas, Nebraska, and the Western Cornbelt. Not enough purchases for a market trend. Negotiated cash trading has been at a standstill in the Texas Panhandle. Wednesday was the last reported market in any region. In the Southern Plains live purchases traded at 135.00. In Nebraska live and dressed purchases traded at 139.00 and 222.00, respectively. In the Western Cornbelt live and dressed purchases traded at 140.00 and 222.00, respectively.

**MISSOURI WEEKLY HAY SUMMARY 06/02/22**

Several farmers found a few fields they could get into late last week and over the weekend. Limited short windows of any extended dry periods has made haying difficult, but farmers have made progress and both 1st cutting of alfalfa and other hay types is basically right on par with the five year average. Hay supply is moderate and demand is light to moderate. Hay prices are steady to firm. The Missouri Department of Agriculture has a hay directory visit <http://mda.mo.gov/abd/haydirectory/> for listings of hay <http://agebb.missouri.edu/haylst/>

Alfalfa - Supreme 225.00-275.00, small square 8.00-12.00 per bale  
 Alfalfa - Premium 175.00-225.00  
 Alfalfa - Good 120.00-180.00, small square 5.00-9.00 per bale  
 Alfalfa - Fair 100.00-125.00  
 Alfalfa/grass mix - Good/Premium small square 6.00-8.00 per bale  
 Mixed grass - Good/Premium 80.00-140.00  
 Mixed grass - Fair/Good 60.00-100.00, small square 4.00-6.00 per bale  
 Mixed grass - Fair 25.00-55.00 per large round bale  
 Wheat straw - 4.00-6.00 per small square bale

Please Note: The above volumes (tonnage, acres, and bales) listed on this USDA LPGMN report are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade.

### Missouri Steer (Heifer) Stocker Formula for 6/13/2022

Monday's Missouri Stocker Formula consists of **9213 (8948)** head with a weighted average weight of **545.11 (532.39)** lbs. and a price value of **189.60 (165.13)**, 1.11 higher (2.06 higher) than last Monday.

This a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

### Missouri Weekly Cattle Auction Summary 06/13/22

Receipts: 37,995 Week ago: 14,285 Year ago: 34,681

Compared to last week, feeder steers and heifers sold steady to 5.00 higher with some instances of up to 10.00 higher. The supply of feeders was moderate to heavy following a light holiday week last week. Several loads and multi load strings of yearlings showed up this week with many bringing very impressive prices. Multiple loads of 8 weight steers sold, which have climbed into the low to mid 160's the last couple of weeks, are now seeing tops in the high 160's very close to the 170 mark. Tina Livestock Market sold the highest load this week with a load of 850 lb. steers hitting 168.75. Callaway Livestock Center sold 120 head of 852 lbs. steers at 167.50 and Kingsville Livestock Market sold 173 head of 846 lb. steers at 166.60. Tina Livestock Market also had multi load string of 179 head of 805 lb. steers of mixed color which were put together, a little plainer and thin on flesh which sold at 163.75. Buyers have been very aggressive for these heavy weights as they are pretty hard to find this time of year and most, especially the ones bringing these top prices will perform well and take much fewer days on feed to reach slaughter than the lighter weight calves that are more common. That isn't to say however that lighter weights won't bring good money however, 57 head of 591 lb. steers at Callaway sold on Monday at 202.50, everything but 1200.00 per head. For the entire state, near 1400 head of steers with a weight average weight of 574 lbs. had a weight average price of 194.79. Cash corn prices around the state climbed just over 50 cents this week with many areas now right at or exceeding 8.00 a bushel. Although many areas around the state have had a wet cool spring, this actually slowed grass growth and now heat is coming. There are actually some growing concerns that pastures are going to dry out fast. Currently none of the state is officially registering on the drought monitor. Temperatures are expected to reach triple digits in areas next week and that is bad news in June. Boxed beef cutouts were mixed this week. Choice closed on Friday at 271.32 up 4.06 while select closed at 248.89, down 1.13. Negotiated feedlot sales were higher this week as of Friday afternoon a bit over 85k head were reported with live sales ranging from 136.00-143.00 and dressed sales mostly 225.00-226.00.

**AFTERNOON NATIONAL SLAUGHTER****CATTLE REVIEW 06/10/22**

So far for Friday in Kansas negotiated cash trading slow to moderate with moderate demand. Compared to last week the bulk of live purchases traded 2.00 higher at 137.00, with a few up to 140.00. In the Texas Panhandle negotiated cash trading has been limited on light demand. A few live purchases traded at 137.00. However, not enough purchases for a full market trend. Wednesday was the last reported market with live purchases at 136.00. Thus far for Friday in Nebraska and Western Cornbelt negotiated cash trading has been mostly inactive on light demand. In Colorado negotiated cash trading has been at a standstill. Not enough purchases in these regions for a market trend. Wednesday was the last reported market in these feeding areas. In Nebraska live purchases traded from 142.00-143.00 and dressed purchases from 225.00-226.00. In the Western Cornbelt live purchases traded from 142.00-143.00 and dressed, on a light test, at 225.00. In Colorado live purchases traded at 141.00.

Kansas City	225.00	405.00	297.50	202.50
St. Louis	N/A	400.00	285.00	195.00

**WORLD AGRICULTURAL SUPPLY AND  
DEMAND ESTIMATES 06/10/22**

**WHEAT:** The outlook for 2022/23 U.S. wheat this month is for increased supplies, unchanged domestic use and exports, and higher stocks. Supplies are raised on higher production with all wheat production projected at 1,737 million bushels, up 8 million from last month. NASS raised winter wheat production to 1,182 million bushels as increases for Soft Red Winter and White Winter more than offset a reduction for Hard Red Winter. The all wheat yield is 46.9 bushels per acre, up 0.3 bushels from last month. Projected 2022/23 ending stocks are raised 8 million bushels to 627 million, still down 4 percent from 2021/22. The projected 2022/23 season-average farm price is unchanged at \$10.75 per bushel, compared to \$7.70 for 2021/22.

**COARSE GRAINS:** This month's 2022/23 U.S. corn outlook is for larger beginning stocks, slightly higher use, and increased ending stocks. Corn area and yield forecasts are unchanged. USDA will release its Acreage report on June 30, which will provide survey based indications of planted and harvested area. Beginning stocks are up 45 million bushels mostly reflecting a forecast decline in exports for 2021/22. Exports are lowered 50 million bushels, based on reported U.S. Census Bureau shipments through the month of April and export inspection data for the month of May. Food, seed, and industrial use (FSI) is raised 5 million bushels as projected increases in the amount of corn used for glucose and dextrose and starch is partially offset by a decline in high fructose corn syrup. These FSI use changes are carried through for 2022/23. With no other 2022/23 use changes, ending stocks are raised 40 million bushels. The season-average farm price received by producers is unchanged at \$6.75 per bushel.

**OILSEEDS:** This month's U.S. soybean supply and use projections for 2022/23 include lower beginning and ending stocks and higher prices. Lower beginning stocks reflects increased exports for 2021/22. Soybean exports for 2021/22 are raised 30 million bushels to 2.17 billion reflecting strong export sales and a reduced export forecast for Brazil. With reduced supplies for 2022/23 and no use changes, soybean ending stocks are projected at 280 million bushels, down 30 million. The soybean price is forecast at \$14.70 per bushel, up 30 cents from last month.

**MISSOURI WEEKLY HAY SUMMARY 06/09/22**

Lack of any extended dry time has pushed hay harvest back just slightly below the five year average. However the extended forecast for the upcoming week looks promising at this point and likely many acres will get baled next week. There is more hay being offered around the state now as supplies slowly grow with harvest. Hay supply is moderate and demand is light to moderate. Hay prices are steady to firm. The Missouri Department of Agriculture has a hay directory visit <http://mda.mo.gov/abd/haydirectory/> for listings of hay <http://agebb.missouri.edu/haylst/>

Alfalfa - Supreme 225.00-275.00, small square 8.00-12.00 per bale

Alfalfa - Premium 175.00-225.00

Alfalfa - Good 120.00-180.00, small square 5.00-9.00 per bale

Alfalfa - Fair 100.00-125.00

Alfalfa/grass mix - Good/Premium small square 6.00-8.00 per bale

Mixed grass - Good/Premium 80.00-140.00

Mixed grass - Fair/Good 60.00-100.00, small square 4.00-6.00 per bale

Mixed grass - Fair 25.00-55.00 per large round bale

Wheat straw - 4.00-6.00 per small square bale

Please Note: The above volumes (tonnage, acres, and bales) listed on this USDA LPGMN report are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade.

## MISSOURI WEEKLY FEEDER CATTLE WEIGHTED AVERAGE REPORT

Receipts: 19,985 Week ago: 37,995 Year ago: 17,994

Steers and Heifers Medium and Large 1—Weighted average weights and prices

### STEERS: Medium and Large 1

335 lbs. 208.96	524 lbs. 193.15	728 lbs. 164.77	1059 lbs. 135.19
375 lbs. 215.23	575 lbs. 187.26	775 lbs. 158.56	
427 lbs. 201.83	621 lbs. 175.11	814 lbs. 160.24	
470 lbs. 199.41	670 lbs. 172.43	884 lbs. 156.68	

### HEIFERS: Medium and Large 1

328 lbs. 169.00	525 lbs. 166.92	727 lbs. 151.90
375 lbs. 177.57	572 lbs. 158.75	777 lbs. 144.18
431 lbs. 177.54	622 lbs. 156.21	819 lbs. 137.36
477 lbs. 171.64	680 lbs. 159.80	

### Missouri Steer (Heifer) Stocker Formula for 6/20/2022

Monday's Missouri Stocker Formula consists of **4765 (4433)** head with a weighted average weight of **548.34 (536.32)** lbs. and a price value of **183.30 (159.32)**, 6.30 lower (5.81 lower) than last Monday.

This is a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

### Missouri Weekly Cattle Auction Summary 06/20/22

Compared to last week, feeders under 700 lbs. sold mostly 2.00 to 7.00 lower with some instances of 10.00 lower, heavier weights sold steady to 3.00 lower. The supply of feeders was much lighter this week, only slightly more than half of last week. Record breaking heat across the state kept movement of livestock limited, as the heat was quite dangerous and made transporting cattle quite challenging. Haying was in full swing around the state, although there were a few spots in northern Missouri that received some pop up type of storms. However, most had no worries of rains. Although not at all official, various conversations from many parts of the state seem to point to hay yields twenty-five to thirty percent less than last year. Parts of about 10 counties in the south central part of the state have reappeared on the drought monitor. Boxed beef cutouts were lower for the week, choice closed at 266.26, down 5.06 and select at 246.53, down 2.36 compared to last Friday. As of Friday afternoon, negotiated feedlot sales totaled 105K head. A large spread has developed from the south to the north on live sales with a range mostly 136.00 to 145.00, although not the bulk of the sales but a few live sales late in the week in the north were reported up to 148.00. Dressed sales were reported at mostly 230.00 this week. The Missouri Stocker Formula consists of 4765 head with a weighted average weight of 548.34 lbs. and a price value of 183.30, 6.30 lower than last week. The steer/heifer spread is 23.98.

## NASS REPORTS

### BROILER HATCHERY 06/15/2022

Broiler-Type Eggs Set in the United States Up 1 Percent  
Hatcheries in the United States weekly program set 243 million eggs in incubators during the week ending June 11, 2022, up 1 percent from a year ago. Average hatchability for chicks hatched during the week in the United States was 80.3 percent. Average hatchability is calculated by dividing chicks hatched during the week by eggs set three-weeks earlier.

### Broiler-Type Chicks Placed in the United States Up 1 Percent

Broiler growers in the United States weekly program placed 191 million chicks for meat production during the week ending June 11, 2022, up 1 percent from a year ago. Cumulative placements from the week ending January 8, 2022 through June 11, 2022 for the United States were 4.30 billion. Cumulative placements were down slightly from the same period a year earlier.

### TURKEY HATCHERY 06/15/2022

#### Eggs in Incubators on June 1 Up Slightly from Last Year

Turkey eggs in incubators on June 1, 2022 in the United States totaled 26.1 million, up slightly from June 1, 2021. Eggs in incubators were down 2 percent from the May 1, 2022 total of 26.6 million eggs.

#### Poults Hatched During May Up 8 Percent from Last Year

Turkey poults hatched during May 2022 in the United States totaled 22.6 million, up 8 percent from May 2021. Poults hatched were up 2 percent from the April 2022 total of 22.2 million poults.

#### Net Poults Placed During May Up 9 Percent from Last Year

The 21.5 million net poults placed during May 2022 in the United States were up 9 percent from the number placed during the same month a year earlier. Net poult placements were up 3 percent from the April 2022 total of 20.9 million.

### MISSOURI WEEKLY HAY SUMMARY 06/16/22

A very busy week in the hay fields across the entire state this week. Record setting heat and only a few scattered and isolated pop up showers didn't slow anyone down. As expected, parts of about 10 or so counties are showing on the latest drought monitor, mostly in the south central area. Talking to farmers around many more will be added very quickly without some rain. At the local coffee shops most farmers are talking of overall lower hay yields this year. A cool wet spring didn't get grasses to growing very fast and even many of those who put on record high fertilizer are saying hay yields are lower in most areas. Hay prices are firm to higher, supply and demand are moderate. Missouri Department of Agriculture has a hay directory visit <http://mda.mo.gov/abdhaydirectory/> for listings of hay <http://agebb.missouri.edu/haylst/> Alfalfa - Supreme 225.00-275.00, small square 8.00-12.00 per bale

Alfalfa - Premium 175.00-225.00

Alfalfa - Good 120.00-180.00, small square 5.00-9.00 per bale

Alfalfa - Fair 100.00-125.00

Alfalfa/grass mix - Good/Premium small square 6.00-8.00 per bale

Mixed grass - Good/Premium 80.00-140.00

Mixed grass - Fair/Good 60.00-100.00, small square 4.00-6.00 per bale

Mixed grass - Fair 25.00-55.00 per large round bale

Wheat straw - 4.00-6.00 per small square bale

Please Note: The above volumes (tonnage, acres, and bales) listed on this USDA LPGMN report are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade.

Fescue seed harvest is within days of getting going and combines should be in the fields by this weekend. Scouting reports are quite surprising and it seems seed will be quite heavy, as plants spent more energy making seed than forage this year. Prices around the state are nearly double of last year and actually the highest levels seen in at least the last two decades. Although much of that will be ate up by record fuel cost, a heavy crop along with these price levels should encourage several to harvest. Prices at all reporting stations is at 1.08-1.10 per lb.

## MISSOURI WEEKLY SHEEP/GOAT AUCTION SUMMARY

### Missouri Steer (Heifer) Stocker Formula for 6/27/2022

Monday's Missouri Stocker Formula consists of **5961 (5420)** head with a weighted average weight of **548.82 (536.56)** lbs. and a price value of **189.80 (163.81)**, 6.50 higher (4.49 higher) than last Monday.

This a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

### Missouri Weekly Cattle Auction Summary 06/27/22

Compared to last week, feeder steers and heifers sold steady to 5.00 higher with several instances of 10.00 higher, as markets basically gained back all of last week's losses and are even with two weeks ago. The supply of feeders was light to moderate. Heat continued to impact market receipts, although this is typical as this is generally the slower time of the year for marketing. There will be a few special sales over the next few weeks, as barns hold special yearling sales for several farmers that hold or put together loads of cattle to make some heavy weight yearlings in order to hit the market specifically at this time knowing supplies are light. Demand for yearlings is good, calf demand depends hugely on condition and health risk. Perhaps not as extreme as it is when the fall temperature swings occur, but extreme heat is also a huge risk to cattle and not conducive to easy weight gain. This results in unweaned or calves with long hair or extra flesh seeing fairly significant discounts. Boxed beef cutouts were slightly lower, choice closed at 264.98, down 1.28 and select at 245.02, down 1.51 compared to last Friday. Negotiated feedlot sales totaled just under 91K head as of the Friday afternoon report. The unusually wide spread between live sales in the north and south continued with sales ranging from 137.00 to 150.00, dressed sales were reported from 234.00 to 240.00. The Missouri Stocker Formula consists of 5961 head with a weighted average weight of 548.82 and a price value of 189.80, 6.50 higher than last week.

Thus far for Friday negotiated cash trading in Nebraska and Western  
 Cornbelt has been mostly inactive on light demand. In the Southern  
 Plains and Colorado negotiated cash trading has been at a standstill. Not  
 enough purchases in any region for a market trend. In the Texas Panhan-  
 dle Wednesday was the last reported market with live purchases at  
 137.00. Thursday was the last reported market in the following regions.  
 In Kansas live purchases traded at 137.00. In Nebraska live and dressed  
 purchases traded from 145.00-150.00 and at 234.00, respectively. In  
 Colorado live purchases traded at 145.00. In the Western Cornbelt live  
 and dressed purchases traded at 150.00 and from 234.00-238.00, respec-  
 tively.

## CATTLE ON FEED

### United States Cattle on Feed Up 1 Percent

**Cattle and calves on feed** for the slaughter market in the United States for feedlots with capacity of 1,000 or more head totaled 11.8 million head on June 1, 2022. The inventory was 1 percent above June 1, 2021. This is the highest June 1 inventory since the series began in 1996.

**Placements** in feedlots during May totaled 1.87 million head, 2 percent below 2021. Net placements were 1.79 million head. During May, placements of cattle and calves weighing less than 600 pounds were 370,000 head, 600-699 pounds were 270,000 head, 700-799 pounds were 465,000 head, 800-899 pounds were 469,000 head, 900-999 pounds were 220,000 head, and 1,000 pounds and greater were 75,000 head.

**Marketings** of fed cattle during May totaled 1.91 million head, 2 percent above 2021.

**Other disappearance** totaled 76,000 head during May, 13 percent above 2021.

## MISSOURI WEEKLY HAY SUMMARY 06/23/22

Haying is still in full swing around the state. Although some are finishing up, overall statewide harvest is just a bit over half done which is pretty much right in line with the five year average. Wheat harvest is also underway, providing some new crop straw to the market. As expected a lot more of the southern half of the state showed up on the drought monitor this week. Right at thirty percent of the state is now listed as abnormally dry. As summer officially arrived this year the long spell with no real moisture and record setting heat this early in the year has many very concerned about what the rest of summer is going to be like. Hay prices are steady to firm, supply and demand are moderate. Missouri Department of Agriculture has a hay directory visit <http://mda.mo.gov/abd/haydirectory/> for listings of hay <http://agebb.missouri.edu/haylst/>

Alfalfa - Premium 175.00-225.00

Alfalfa - Good 120.00-180.00, small square 5.00-9.00 per bale

Alfalfa - Fair 100.00-125.00

Alfalfa/grass mix - Good/Premium small square 6.00-8.00 per bale

Mixed grass - Good/Premium 80.00-140.00

Mixed grass - Fair/Good 60.00-100.00, small square 4.00-6.00 per bale

Mixed grass - Fair 25.00-55.00 per large round bale

Wheat straw - 4.00-6.00 per small square bale

Please Note: The above volumes (tonnage, acres, and bales) listed on this USDA LPGMN report are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade.

Fescue seed harvest is now underway. Although much of the southern half of the state, where most of the state's seed comes from, could really use some rain those in the harvesting seed are really hopeful winds and storms hold off a bit. Most of the seed in the state is cut standing and not swathed and a strong storm could be divesting for what seems to be a promising fescue season. Prices at all reporting stations is at 1.08-1.10 per lb.

The current hay directory can be found at:

### Missouri Steer (Heifer) Stocker Formula for 07/04/2022

Monday's Missouri Stocker Formula consists of **6522 (6723)** head with a weighted average weight of **551.38 (537.84)** lbs. and a price value of **191.68 (166.15)**, 1.88 higher (2.34 higher) than last Monday.

This a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

### Missouri Weekly Cattle Auction Summary 07/04/22

Compared to last week, feeder steers and heifers sold 3.00 to 8.00 higher, with some local spots of 10.00 to 15.00 higher. The supply of feeders was moderate to heavy. Even though overall supplies especially for heavy weight cattle is typically at its lightest as summer progresses, there are always several producers who retain cattle to hit the market during the June/July transition and a some of those load lots came to town this week. Over the last several months, 160.00 has kind of been the bench mark to base weekly evaluations of those load lots of 8 weight steers off of. That mark was blown away this week as 231 head of 956 lb. steers sold in Joplin Regional Stockyards on Monday at 169.50. Then on Tuesday, Unionville Livestock Market sold multiple loads of heavy 8 and light 9 weights that reached solidly into the low 170.00's. As price levels continue the upward trend, many have begun to talk about the record prices from back in 2015 and debating if they are attainable again or not. For reference, the week ending June 12, 2015, recorded the weighted average price for 849 lb. steers over the entire state at 222.32. Another key factor to recall is at that same time cash corn was around 3.75 a bushel. On a much less exciting note, drought conditions are spreading across the state. Just over 61 percent of the state is highlighted on the latest drought monitor with 10 percent listed in D1 status now. Basically everything south of I-70 is now seeing the effects of extreme heat and no moisture. Several reporters made note of producers starting to cull a few cows and selling feather weight calves before they planned due strictly to lack of groceries in the field. As of the Friday afternoon report negotiated feedlot sales totaled just over 68K head. Live sales continue to see the large price gap from the north to the south. Live sales in the north this week were reported from 145.00-151.00 with dressed sales at 234.00. Live sales in the south were mostly 134.00-138.00. Boxed beef cutouts closed lower for the week. Choice closed on Friday at 263.82, down 1.16 and select closed at 240.47, down 4.55 compared to last week. The Missouri Stocker Formula for Monday consists of 6522 head with a weighted average weight of 551.38 lbs. and a price value of 191.68, 1.88 higher than a week ago. The steer/heifer spread is 25.53.

\*Graph is updated the first Monday of each month.

## MONTHLY GRAIN CROP

### June 2022 Soybean Bids

### GRAIN STOCKS

**Corn** stocks in all positions on June 1, 2022 totaled 4.35 billion bushels, up 6 percent from June 1, 2021. Of the total stocks, 2.12 billion bushels are stored on farms, up 22 percent from a year earlier. Off-farm stocks, at 2.23 billion bushels, are down 6 percent from a year ago. The March - May 2022 indicated disappearance is 3.41 billion bushels, compared with 3.58 billion bushels during the same period last year.

**Soybeans** stored in all positions on June 1, 2022 totaled 971 million bushels, up 26 percent from June 1, 2021. On-farm stocks totaled 331 million bushels, up 51 percent from a year ago. Off-farm stocks, at 640 million bushels, are up 17 percent from a year ago. Indicated disappearance for the March - May 2022 quarter totaled 960 million bushels, up 21 percent from the same period a year earlier.

**Old crop all wheat** stored in all positions on June 1, 2022 totaled 660 million bushels, down 22 percent from a year ago. On-farm stocks are estimated at 93.0 million bushels, down 34 percent from last year. Off-farm stocks, at 567 million bushels, are down 19 percent from a year ago. The March - May 2022 indicated disappearance is 364 million bushels, down 22 percent from the same period a year earlier.

### ACREAGE

**Corn** planted area for all purposes in 2022 is estimated at 89.9 million acres, down 4 percent or 3.44 million acres from last year. Compared with last year, planted acreage is expected to be down or unchanged in 35 of the 48 estimating States. Area harvested for grain, at 81.9 million acres, is down 4 percent from last year.

**Soybean** planted area for 2022 is estimated at 88.3 million acres, up 1 percent from last year. Compared with last year, planted acreage is up or unchanged in 24 of the 29 estimating States.

**All wheat** planted area for 2022 is estimated at 47.1 million acres, up 1 percent from 2021. If realized, this represents the fifth lowest all wheat planted area since records began in 1919. The 2022 winter wheat planted area, at 34.0 million acres, is up 1 percent from last year, but down 1 percent from the previous estimate. Of this total, about 23.5 million acres are Hard Red Winter, 6.86 million acres are Soft Red Winter, and 3.61 million acres are White Winter. Area expected to be planted to other spring wheat for 2022 is estimated at 11.1 million acres, down 3 percent from 2021. Of this total, about 10.4 million acres are Hard Red Spring wheat. Durum planted area for 2022 is expected to total 1.98 million acres, up 21 percent from the previous year.

### MISSOURI WEEKLY HAY SUMMARY 06/30/22

On the good side, rain free weather has allowed hay harvest to continue mostly uninterrupted. On the bad side, rain free weather has really began to show, as grass is burning and stopped growing in much of the state. Over sixty percent of the state is showing on the latest drought monitor, with near ten percent of the state moving in to D1 drought status. Nearly all of the state south of I70 is currently highlighted as abnormally or moderately dry now. Hay prices are steady to firm, supply and demand are moderate. Hay movement is moderate to good as most farmers are seeing lower yields than long term averages and are looking to buy hay now and make sure their needs are filled especially with fears that the dry weather might continue. Missouri Department of Agriculture has a hay directory visit <http://mda.mo.gov/abd/haydirectory/> for listings of hay <http://agebb.missouri.edu/haylst/>

Alfalfa - Premium 175.00-225.00

Alfalfa - Good 120.00-180.00, small square 5.00-9.00 per bale

Alfalfa - Fair 100.00-125.00

Alfalfa/grass mix - Good/Premium small square 6.00-8.00 per bale

Mixed grass - Good/Premium 80.00-140.00

Mixed grass - Fair/Good 60.00-100.00, small square 4.00-6.00 per bale

Mixed grass - Fair 25.00-55.00 per large round bale

Wheat straw - 4.00-6.00 per small square bale

Please Note: The above volumes (tonnage, acres, and bales) listed on this USDA LPGMN report are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade.

Fescue seed harvest is winding down. Some buying stations have already closed and many others are saying they will likely close after the weekend. Record high prices early in the season and a good crop had many stations saying they had more seed delivered than what they have seen for several years. Prices have dropped as we are on the down side of harvest now. Several operators parked combines once price dropped late last week. Many said they had already got their best seed and high fuel prices wasn't worth cutting more once the seed price dropped. Prices are currently 0.68 to 0.70 cents per lb.

The current hay directory can be found at:

## MISSOURI WEEKLY FEEDER CATTLE WEIGHTED AVERAGE REPORT

Receipts: 10,886 Week ago: 33,944 Year ago: 19,276

Steers and Heifers Medium and Large 1—Weighted average weights and prices

### STEERS: Medium and Large 1

433 lbs. 219.97	623 lbs. 198.56	831 lbs. 167.87
483 lbs. 211.50	678 lbs. 188.48	880 lbs. 167.35
524 lbs. 209.34	736 lbs. 176.74	921 lbs. 165.23
582 lbs. 202.99	773 lbs. 167.97	

### HEIFERS: Medium and Large 1

334 lbs. 187.58	529 lbs. 182.39	733 lbs. 161.17
372 lbs. 191.55	571 lbs. 184.99	770 lbs. 152.63
430 lbs. 185.06	623 lbs. 178.60	812 lbs. 144.92
483 lbs. 183.33	675 lbs. 168.93	

### Missouri Steer (Heifer) Stocker Formula for 07/11/2022

Monday's Missouri Stocker Formula consists of **1708 (2335)** head with a weighted average weight of **555.24 (560.94)** lbs. and a price value of **194.74 (174.23)**, 3.06 higher (8.08 higher) than last Monday.

This a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

### Missouri Weekly Cattle Auction Summary 07/11/22

Compared to last week feeders sold mostly 5.00 to 10.00 higher, fueled by several load lots and big drafts of yearlings. The supply was light as only about a half dozen sales took place during the shorten holiday week. Ozark Regional Stockyards and Green City Livestock Market made up the majority of the offering this week. On Tuesday, a single consignment of 315 head of 920 lb. steers sold at Ozark Regional Stockyards in far south central MO for 164.25. Wednesday was the annual customer appreciation BBQ sale at Green City Livestock Market. Load after load of reputation longtime yearlings with plenty of paperwork and condition for days made for quite a highlight reel. A load of 827 lb. steers there sold for 180.50 and four loads of heifers with about a 620 lb. average weight sold for 185.50. Thursday rains fell over much of the northern third of the state giving crops and pastures a much needed drink. The southern third continues to suffer as only a few isolated rains fell. Several counties moved in to the D2 drought status now. Barns in those areas are seeing larger than normal cow runs as several producers are having to cull due to lack of pasture. Currently, the culling is making for much larger runs than typically seen this time of year but at least at this point is nothing like the miles and miles of trailers seen last week which got a lot of media coverage at one barn in TX where drought is much more severe. The only positive being the cow market so far is holding at very good price levels. Boxed beef cut-outs gained some ground last week. Choice closed on Friday at 267.89, up 4.07 and select closed at 241.85, up 1.38 from the previous week. Feedlot sales were a bit disappointing both because of volume and a bit lower prices. Negotiated sales totaled just under 68k head as of the Friday afternoon report. Live sales in the south were mostly 137.00, a few up to 140.00. In the north live sales were reported from 144.00-150.00, dressed sales at 232.00. The Missouri Stocker Formula consist of 1708 head with a weighted average weight of 555.24 lbs. and a price value of 194.74, 3.06 higher than last week. The steer/heifer spread is 20.51.

\*Graph is updated the first Monday of each month.

### NATIONAL BOXED BEEF CUTOFF/BOXED BEEF CUTS

## BROILER HATCHERY

**Broiler-Type Eggs Set in the United States Up Slightly** Hatcheries in the United States weekly program set 239 million eggs in incubators during the week ending July 2, 2022, up slightly from a year ago. Average hatchability for chicks hatched during the week in the United States was 80.1 percent. Average hatchability is calculated by dividing chicks hatched during the week by eggs set three-weeks earlier.

**Broiler-Type Chicks Placed in the United States Up 2 Percent** Broiler growers in the United States weekly program placed 191 million chicks for meat production during the week ending July 2, 2022, up 2 percent from a year ago. Cumulative placements from the week ending January 8, 2022 through July 2, 2022 for the United States were 4.87 billion. Cumulative placements were up slightly from the same period a year earlier

## PEANUT PRICES

**Peanut** prices received by farmers for all farmer stock peanuts averaged 23.2 cents per pound for the week ending June 25, down 1.4 cents from the previous week. Marketings of all farmer stock peanuts for the week ending June 25 totaled 28.0 million pounds, down 83.3 million pounds from the previous week.

**Runner-type** peanut prices averaged 21.5 cents per pound for the week ending June 25, down 2.8 cents from the previous week. Marketings of runner-type peanuts totaled 22.4 million pounds, down 85.4 million pounds from the previous week.

## MISSOURI WEEKLY HAY SUMMARY 07/07/22

The far northern third of the state received significant moisture giving crops and pasture a well needed drink, while areas in the southern two-thirds were very hit or miss from nothing to very isolated spots of flooding down pours. The latest drought monitor shows little change in the total overall area in drought status but the intensity or amount of dryness has worsened over the last week. Far south central has a areas of five counties that has moved into D2 or severe drought status now. Reports of several farmers starting to cull some cows have emerged as producers make tough decisions very early in the summer. Still quite a bit of hay being baled around but in many cases the quality of that hay is very questionable this late in the year especially in the areas outside of the far north that have gotten rain. Hay prices are steady to firm, supply and demand are moderate. Hay movement remains moderate to good. Missouri Department of Agriculture has a hay directory visit <http://mda.mo.gov/abd/haydirectory/> for listings of hay <http://agebb.missouri.edu/haylst/>

Alfalfa - Supreme 225.00-275.00, small square 8.00-12.00 per bale  
Alfalfa - Premium 175.00-225.00  
Alfalfa - Good 120.00-180.00, small square 5.00-9.00 per bale  
Alfalfa - Fair 100.00-125.00  
Alfalfa/grass mix - Good/Premium small square 6.00-8.00 per bale  
Mixed grass - Good/Premium 80.00-140.00  
Mixed grass - Fair/Good 60.00-100.00, small square 5.00-7.00 per bale  
Mixed grass - Fair 35.00-60.00 per large round bale  
Wheat straw - 4.00-7.00 per small square bale

Please Note: The above volumes (tonnage, acres, and bales) listed on this USDA LPGMN report are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade.

475 lbs. 179.87	675 lbs. 165.95	

### Missouri Steer (Heifer) Stocker Formula for 07/18/2022

Monday's Missouri Stocker Formula consists of **7910 (7625)** head with a weighted average weight of **553.55 (539.35)** lbs. and a price value of **193.71 (167.47)**, 1.03 lower (6.76 lower) than last Monday.

This a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

### Missouri Weekly Cattle Auction Summary 07/18/22

Compared to last week, feeders sold mostly 5.00 higher. Looking only at numbers on paper that might not appear the case, but one has to remember last week was a holiday shorten week with only a few special sales with very high quality and large drafts of cattle. Given that most reporters had to look back two weeks ago to make comparisons and trends were several dollars higher as they had to play catch up with gains over two week. A couple of market highlights from this week included 120 head of 848 lb. steers which sold for 185.00 on Monday at Callaway Livestock Center. Another noteworthy sale was 221 head of 739 lb. steers which sold for 193.10 at Kingsville Livestock Market on Tuesday. The Supply of feeders was moderate to heavy, not only was there a week of missed sales to catch up with dry conditions in the southern half of the state are really starting to take a toll and bringing several calves to town that otherwise would still be at home. The dryness is also bringing very large numbers of cows to town as many producers are being forced to reduce herd size as there just isn't enough grass to maintain inventory levels and feeding this early in the year isn't feasible given lower hay production as well. The cull cow market has been very strong for several months which made these decisions at least a bit less painful, however supplies of cull cows from neighboring states like OK and TX have led to an oversupply and the market took a big hit mid-week and fell 10.00-12.00 at most auctions. Wednesday's Cow and Bull sale at Ozark's Regional Stockyards was the largest that barn has ever seen on a cow day and all barns throughout that region have been seeing larger than normal runs of cows over the last month. Reports also came in of some farmers in SW MO giving up on the corn crop and deciding to start chopping although though there is very little in the way of any ears, there is still feed value currently as silage. Conditions are quite different however as once gets to the far northern third of the state where rains have been much more timely, especially since the beginning of the month. Making the difference in pastures and crops from the south to the north drastically different. Negotiated feedlot sales as of Friday were right at 80K head for the week. Live sales in the south were reported at mostly 137.00, in the north sales were from 140.00-145.00 and dressed sales in the north mostly 228.00-230.00. Boxed beef cutouts closed on Friday with choice at 268.91, up 1.02 and select at 241.79, down 0.06 from last Friday. The Missouri Stocker Formula consist of 7910 head with a weighted average of 553.55 lbs. and a price value of 193.71, 1.03 lower than a week ago. The steer/heifer spread is 26.24.

## WORLD AGRICULTURAL SUPPLY AND DEMAND EST

**WHEAT:** The outlook for 2022/23 U.S. wheat this month is for larger supplies, domestic use, exports, and ending stocks. Supplies are raised on increased production, which is up 44 million bushels to 1,781 million, on an increase in harvested area and higher yields. The first 2022 survey-based production forecast for other spring and Durum indicated a large increase from last year's drought-reduced output at 503 million and 77 million bushels, respectively. Winter wheat production is also forecast higher at 1,201 million bushels on an increase in harvested area. The 2022/23 export forecast is raised 25 million bushels to 800 million as the recent decline in U.S. prices makes exports more competitive in international markets. The projected season-average farm price (SAFP) is lowered \$0.25 per bushel to \$10.50 on declines in futures and cash prices.

**COARSE GRAINS:** This month's 2022/23 U.S. corn outlook is for larger supplies and higher ending stocks. Corn beginning stocks are raised 25 million bushels, based on reduced feed and residual use for 2021/22 as indicated in the June 30 Grain Stocks report. Corn production for 2022/23 is forecast 45 million bushels higher based on greater planted and harvested area from the June 30 Acreage report. The yield is unchanged at 177.0 bushels per acre. With no use changes, ending stocks are up 70 million bushels. The season-average farm price received by producers is lowered 10 cents to \$6.65 per bushel.

**OILSEEDS:** U.S. oilseed production for 2022/23 is projected at 132.7 million tons, down 3.9 million from last month with reductions for soybeans, canola, peanuts, and cottonseed partly offset by an increase for sunflowerseed. Soybean production is projected at 4.5 billion bushels, down 135 million on lower harvested area. Harvested area, forecast at 87.5 million acres in the June 30 Acreage report, is down 2.6 million from last month. The soybean yield forecast is unchanged at 51.5 bushels per acre. With lower production partly offset by higher beginning stocks, 2022/23 soybean supplies are reduced 125 million bushels. Soybean crush is reduced 10 million bushels reflecting a lower soybean meal export forecast. Soybean exports are reduced 65 million bushels to 2.14 billion on lower U.S. supplies, increased South American supplies, and lower global imports. With lower supplies only partly offset by reduced use, ending stocks for 2022/23 are projected at 230 million bushels, down 50 million from last month.

## MISSOURI WEEKLY HAY SUMMARY 07/14/22

No surprise but the dry areas in the state are getting drier as another week passes with no significant rainfall. Once again this week, the total overall area of the state showing in the drought monitor remains about the same around 63 percent. The areas in that space however, nearly everything south of I-44, was upgraded to D1 or moderate drought status, with that pocket of D2 or severe drought remaining in the far south central region. For the most part, haying has wrapped up although many are really hoping for some relief and the opportunity to get a fall cutting. The hay market is a bit more active than what is typical for this time of year as a lot of producers were worried of being short come feeding season. The bad part is dryness is causing some to either already think of feeding something now or the more common solution is starting to cull cows and reducing herd size. Hay prices are steady. The supply of hay is moderate and there is currently hay that can be found to be bought without a lot of problem, although trucking cost can add up quickly. Hay demand and market activity is moderate. Missouri Department of Agriculture has a hay directory visit <http://mda.mo.gov/abd/haydirectory/> for listings of hay <http://agebb.missouri.edu/haylst/>

Alfalfa - Supreme 225.00-275.00, small square 8.00-12.00 per bale  
Alfalfa - Premium 175.00-225.00  
Alfalfa - Good 120.00-180.00, small square 5.00-9.00 per bale  
Alfalfa - Fair 100.00-125.00  
Alfalfa/grass mix - Good/Premium small square 6.00-8.00 per bale  
Mixed grass - Good/Premium 80.00-140.00  
Mixed grass - Fair/Good 60.00-100.00, small square 5.00-7.00 per bale  
Mixed grass - Fair 35.00-60.00 per large round bale  
Wheat straw - 4.00-7.00 per small square bale

Please Note: The above volumes (tonnage, acres, and bales) listed on this USDA LPGMN report are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade.

327 lbs. 170.07	525 lbs. 168.96	728 lbs. 159.59	
383 lbs. 179.66	572 lbs. 170.17	772 lbs. 153.93	
424 lbs. 175.72	622 lbs. 166.72	817 lbs. 151.71	

### Missouri Steer (Heifer) Stocker Formula for 07/25/2022

Monday's Missouri Stocker Formula consists of **5095 (6104)** head with a weighted average weight of **555.79 (541.57)** lbs. and a price value of **188.69 (166.27)**, 5.02 lower (1.20 lower) than last Monday.

This is a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

### Missouri Weekly Cattle Auction Summary 07/25/22

Compared to last week, the majority of steers and heifers sold mostly steady to 4.00 lower, however there were a couple of early week sales with spots 3.00 higher. The supply of feeder was moderate with another week of large numbers of cull cows coming to the sale barns. Several market reporters noted the impact the weather had on supply and demand on cattle going to the sale barns. Last Thursday's drought monitor for Missouri showed about seventy-four percent of the state affected by some level of drought, with quite a bit more classified as D1 Moderate Drought since last week and two percent of the state in southern Missouri classified as D3 Extreme Drought. Very welcomed precipitation is in the forecast; several areas in the state received rain overnight and into Monday morning, with more expected. Friday's inventory report showed all cattle and calves down two percent at 98.8 million head. All cows and heifers that have calved was estimated at 39.8 million head, two percent less than a year ago. Of that total, beef cows were estimated at 30.4 million head and milk cows at 9.45 million head. All heifers 500 pounds and over came in at 15.6 million head. Steers 500 pounds and over were down one percent at 14.4 million head. Bulls 500 pounds and over were unchanged at 2 million head. Calves under 500 pounds totaled 27 million head, three percent less than last year. This year's calf crop is estimated at 34.6 million head, one percent less than a year ago. This month's cattle on feed report was also published on Friday. Cattle on feed on July 1 was estimated at 11.3 million head, slightly higher than a year ago. Of that total, 6.9 million were steers, one percent less than last year and 4.45 million head were heifers, three percent more than a year ago. Marketings for June totaled 2.06 million head, two percent more than a year ago. Negotiated cash sales totaled 62,400 head, as of Friday afternoon's report. Live purchases ranged from 136.00 to 147.00 and dressed from 227.00 to 230.00. Monday's Missouri Stocker Formula consists of 5095 head with a weighted average weight of 555.79 pounds and a price value of 188.69, 5.02 lower than a week ago.

\*Graph is updated the first Monday of each month.

So far for Friday in Kansas negotiated cash trading has been slow on light demand. A few live purchases traded steady at 136.00, when compared to the last reported market on Thursday. In the Western Cornbelt negotiated cash trading has been mostly inactive on light demand. Not enough purchases for a market trend. In the Western Cornbelt Thursday was the last reported market with live purchases from 142.00-144.00. Last week dressed traded from 228.00-230.00. In the Texas Panhandle and Nebraska negotiated cash trading has been at a standstill. Wednesday the last reported market in the Texas Panhandle with live at 136.00. Wednesday was the last reported market in Nebraska with live and dressed purchases from 139.00-143.50 and at 227.00, respectively.

### CATTLE 07/22/22

All cattle and calves in the United States on July 1, 2022 totaled 98.8 million head, 2 percent below the 101 million head on July 1, 2021.

All cows and heifers that have calved totaled 39.8 million head, 2 percent below the 40.6 million head on July 1, 2021. Beef cows, at 30.4 million head, down 2 percent from a year ago. Milk cows, at 9.45 million head, down 1 percent from previous year.

All heifers 500 pounds and over on July 1, 2022 totaled 15.6 million head, 2 percent below the 15.9 million head on July 1, 2021. Beef replacement heifers, at 4.15 million head, down 3 percent from a year ago. Milk replacement heifers, at 3.75 million head, down 1 percent from previous year. Other heifers, at 7.70 million head, 1 percent below a year earlier.

Steers 500 pounds and over on July 1, 2022 totaled 14.4 million head, down 1 percent from July 1, 2021.

Bulls 500 pounds and over on July 1, 2022 totaled 2.00 million head, unchanged from previous year.

Calves under 500 pounds on July 1, 2022 totaled 27.0 million head, down 3 percent from a year earlier.

Cattle and calves on feed for the slaughter market in the United States for all feedlots totaled 13.4 million head on July 1, 2022, unchanged from previous year. Cattle on feed in feedlots with capacity of 1,000 or more head accounted for 84.6 percent of the total cattle on feed on July 1, 2022, up slightly from previous year. The total of calves under 500 pounds and other heifers and steers over 500 pounds (outside of feedlots), at 35.7 million head, down 3 percent from the 36.7 million head on July 1, 2021.

#### **Calf Crop Down 1 Percent**

The 2022 calf crop in the United States is expected to be 34.6 million head, down 1 percent from last year. Calves born during the first half of 2022 are estimated at 25.3 million head, down 1 percent from the first half of 2021. An additional 9.30 million calves are expected to be born during the second half of 2022.

### CATTLE ON FEED 07/22/22

Cattle and calves on feed for the slaughter market in the United States for feedlots with capacity of 1,000 or more head totaled 11.3 million head on July 1, 2022. The inventory was slightly above July 1, 2021. The inventory included 6.90 million steers and steer calves, down 1 percent from the previous year. This group accounted for 61 percent of the total inventory. Heifers and heifer calves accounted for 4.45 million head, up 3 percent from 2021.

Placements in feedlots during June totaled 1.63 million head, 2 percent below 2021. Net placements were 1.56 million head. During June, placements of cattle and calves weighing less than 600 pounds were 360,000 head, 600-699 pounds were 270,000 head, 700-799 pounds were 370,000 head, 800-899 pounds were 369,000 head, 900-999 pounds were 175,000 head, and 1,000 pounds and greater were 85,000 head.

Marketings of fed cattle during June totaled 2.06 million head, 2 percent above 2021. Other disappearance totaled 69,000 head during June, 21 percent above 2021.

### MISSOURI WEEKLY HAY SUMMARY 07/21/22

Haying is mostly finished, with some farmers wrapping up the back acres that were pushed off to a later date. Temperatures have been warm, with the sun out every day and not much moisture seen around the state. Heat and humidity have settled in until the next round of rain expected next week. Rains in any amount will be welcomed. This week's crop progress report showed ninety percent of the state's hay has been cut and just over eighty percent of the second cutting of alfalfa has been cut. The supply of hay is moderate. Hay demand and market activity is moderate. Hay prices mostly steady. Missouri Department of Agriculture has a hay directory visit <http://mda.mo.gov/abd/haydirectory/>. For listings of hay: <http://agebb.missouri.edu/haylist/>

Alfalfa - Supreme 225.00-275.00, small square 8.00-12.00 per bale  
Alfalfa - Premium 175.00-225.00

Alfalfa - Good 120.00-180.00, small square 5.00-9.00 per bale

Alfalfa - Fair 100.00-125.00

Alfalfa/grass mix - Good/Premium small square 6.00-8.00 per bale

Mixed grass - Good/Premium 80.00-140.00

Mixed grass - Fair/Good 60.00-100.00, small square 5.00-7.00 per bale

Mixed grass - Fair 35.00-60.00 per large round bale

Wheat straw - 4.00-7.00 per small square bale

Please Note: The above volumes (tonnage, acres, and bales) listed on this USDA LPGMN report are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade.

### Missouri Steer (Heifer) Stocker Formula for 08/01/2022

Monday's Missouri Stocker Formula consists of **3987 (5034)** head with a weighted average weight of **550.93 (541.90)** lbs. and a price value of **195.68 (169.64)**, 6.99 higher (3.37 higher) than last Monday.

This a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

### Missouri Weekly Cattle Auction Summary 08/01/22

Compared to last week, steer calves sold 5.00 to 10.00 higher, yearling steers and all heifers sold steady to 5.00 higher. The supply of feeders was light to moderate. Offerings were more typical of late July and a lighter than what has been seen the last several weeks. Heavy to extreme amounts of rain fell across north Missouri causing severe flooding in areas in and around St. Louis. The southern half of the state saw some rains mid to late week, not before the drought monitor was released on Thursday however which showed a big increase in the about classified as D3 or Extreme Drought. The hope of these rains was partly what kept receipts down a bit as potential rains gave farmers enough hope to hold off on selling at the current time. Not all areas in the south received rain and even those that did will need much more to turn the current situation around as two or three inches isn't going to do it. A few sale highlights this week included five loads of 850-900 lb. steers that sold at Unionville Livestock Market from 179.25-180.00. Joplin Regional Stockyards sold 105 head of 631 lb. steers at 195.50. The number that is most eye catching this week however, came from MO-KAN Livestock Market where they sold 112 head of 502 lb. steers for 224.25. Feedlot sales for the week as of Friday afternoon totaled just over 72K head. Live sales were reported from 135.00-145.00 and dressed sales 224.00-225.00. Boxed beef cutouts were mixed for the week. Choice closed Friday at 269.24, up 2.12 and select closed at 242.25, down 0.25 compared to last week. The Missouri Stocker Formula consist of 3987 head with a weighted average weight of 550.93 lbs. and a price value of 195.68, 6.99 higher than last week.

So far for Friday in the Western Cornbelt negotiated cash trading has been slow on light to moderate demand. A few live purchases traded from 144.00-145.00. However, not enough purchases for a full market trend. Wednesday was the last reported market with live and dressed purchases from 141.00 -145.00 and from 224.00 -225.00, respectively. In the Southern Plains and Nebraska negotiated cash trading has been mostly inactive on light demand. Not enough purchases in any of these regions for a market trend. Wednesday was the last reported market in Nebraska with live and dressed purchases at 138.00 and at 225.00, respectively. Wednesday was the last reported market in Kansas with live purchases at 135.00. Tuesday was the reported market in the Texas Panhandle with live purchases at 135.00.

## **BROILER HATCHERY**

### **Broiler-Type Eggs Set in the United States Up 1 Percent**

Hatcheries in the United States weekly program set 242 million eggs in incubators during the week ending July 23, 2022, up 1 percent from a year ago. Average hatchability for chicks hatched during the week in the United States was 80.1 percent. Average hatchability is calculated by dividing chicks hatched during the week by eggs set three-weeks earlier.

### **Broiler-Type Chicks Placed in the United States Up 2 Percent**

Broiler growers in the United States weekly program placed 189 million chicks for meat production during the week ending July 23, 2022, up 2 percent from a year ago. Cumulative placements from the week ending January 8, 2022 through July 23, 2022 for the United States were 5.44 billion. Cumulative placements were up slightly from the same period a year earlier.

## **PEANUT STOCKS AND PROCESSING**

### **Shelled Edible Grade Season to Date Utilization Down 1 Percent from Last Year**

#### **Peanut Stocks in Commercial Storage Totaled 2.77 Billion Pounds**

**Peanut Stocks** reported in commercial storage on June 30, 2022 totaled 2.77 billion pounds of equivalent farmer stock, compared with 2.38 billion pounds a year ago. This total includes 1.97 billion pounds of actual farmer stock.

**Shelled peanuts** on hand totaled 769 million pounds of farmer stock equivalent. Roasting stock totaled 31.5 million pounds. Shelled peanut stocks totaled 578 million pounds of which 550 million pounds were edible grades and 27.8 million pounds were oil stocks. Edible grade stocks by type included 76.4 million pounds of Virginias and Valencias, 44.1 million pounds of Runners, and 32.9 million pounds of Spanish.

**Millings** in June totaled 408 million pounds. Millings by type were 45.9 million pounds of Virginias and Valencias, 346 million pounds of Runners, and 16.2 million pounds of Spanish.

Commercial processors utilized 205 million pounds of **shelled edible** grade peanuts during June. Utilization by type was 114 million pounds for all peanut butter products, 41.9 million pounds for peanut candy, and 43.4 million pounds for peanut snacks. **Crushing** for oil and cake and meal totaled 49.4 million pounds during the month.

Deliveries under the Government Domestic Feeding and Child Nutrition Programs amounted to 1.97 million pounds of peanut butter and 130 thousand pounds of roasted peanuts during June.

**Stocks of treated seed** on hand June 30, 2022 totaled 1.90 million pounds, compared with 12.7 million pounds on May 31, 2022. Of the June total, 1.24 million pounds were Runners. May stocks of treated seed included 10.7 million pounds of Runners.

Stocks estimates refer to June 30, 2022. All other data are for the month of June.

## **MISSOURI WEEKLY HAY SUMMARY 07/28/22**

Extremely different stories from one end of the state to the other. The intensity of the drought in southern Missouri, as expected, increased tremendously with the release of the latest drought monitor. Nearly twenty percent of the state is now listed in D3 or Extreme Drought status. A few areas received a little rain and they are holding hope the forecast for the next few days and weekend of much cooler weather and some rain pan out. The northern part of the state received significant to excessive rainfall in a very short period of time. The highest reports were around the St. Louis area with one location receiving an official total of over 11 inches in less than 24 hours breaking several records. Rain of that amount basically just causes floods and does little good. It has seemed that the north has received rain about any time they needed it this year and crops look very good. A fair amount of hay moving from the north to the south now. Hay prices are steady to firm with asking prices seeing a fair bit of variance from areas that are dry to areas that are not, trucking however adds a fair amount to total cost as fuel is still high. Hay supplies are moderate, demand is moderate to good. Missouri Department of Agriculture has a hay directory visit <http://mda.mo.gov/abd/haydirectory/>. For listings of hay: <http://agebb.missouri.edu/haylst/>  
Alfalfa - Supreme 225.00-275.00, small square 8.00-12.00 per bale  
Alfalfa - Premium 175.00-225.00  
Alfalfa - Good 120.00-180.00, small square 5.00-9.00 per bale  
Alfalfa - Fair 100.00-125.00  
Alfalfa/grass mix - Good/Premium small square 5.00-9.00 per bale  
Mixed grass - Good/Premium 100.00-150.00  
Mixed grass - Fair/Good 75.00-125.00, small square 5.00-7.00 per bale  
Mixed grass - Fair 45.00-75.00 per large round bale  
Wheat straw - 4.00-7.00 per small square bale

Please Note: The above volumes (tonnage, acres, and bales) listed on this USDA LPGMN report are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade.

### Missouri Steer (Heifer) Stocker Formula for 08/08/2022

Monday's Missouri Stocker Formula consists of **4205 (5223)** head with a weighted average weight of **553.89 (544.33)** lbs. and a price value of **197.24 (169.32)**, 1.56 higher (0.32 lower) than last Monday.

This is a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

### Missouri Weekly Cattle Auction Summary 08/08/22

Compared to last week, feeders sold steady to 5.00 higher. Supply was moderate. Receipts were pretty typical of a summer run. Extreme heat and humidity made transporting cattle risky which led to lighter runs at most barns. Several areas in southern Missouri finally seen some rain, providing a little hope that maybe conditions will turn around. Although those in extreme drought status (D3) will need a lot more moisture over an extended time to really change much. A couple of stick out sales both came from Callaway Livestock Center last Monday where they sold 60 head of 870 lb. steers at 182.00. Another stick out draft at the same sale consisted of 85 head of 608 lb. steers which sold for 213.00. Boxed beef cuts outs were lower for the week. Choice closed at 264.62, down 4.62 and select closed at 238.67, down 3.58 compared to a week ago. Feedlot sales as of the Friday afternoon report totaled just under 102K head. Live sales in the south were mostly 135.00-136.00, in the north from 140.00-147.00. Dressed sales were reported from 225.00-232.00. The Missouri Stocker Formula consist of 4205 head with a weighted average weight of 553.89 and a price value of 197.24, up 1.56 from last week. The steer/heifer spread is 27.92.

\*Graph is updated the first Monday of each month.

## GRAIN CRUSHINGS AND CO-PRODUCTS PRODUCTION

**Total corn consumed** for alcohol and other uses was 492 million bushels in June 2022. Total corn consumption was down 2 percent from May 2022 but up less than 1 percent from June 2021. June 2022 usage included 91.6 percent for alcohol and 8.4 percent for other purposes. Corn consumed for beverage alcohol totaled 3.67 million bushels, down 21 percent from May 2022 and down 1 percent from June 2021. Corn for fuel alcohol, at 442 million bushels, was down 1 percent from May 2022 but up 1 percent from June 2021. Corn consumed in June 2022 for dry milling fuel production and wet milling fuel production was 91.8 percent and 8.2 percent, respectively.

**Dry mill co-product production** of distillers dried grains with solubles (DDGS) was 1.92 million tons during June 2022, up 1 percent from May 2022 but down less than 1 percent from June 2021. Distillers wet grains (DWG) 65 percent or more moisture was 1.28 million tons in June 2022, down 3 percent from May 2022 but up 15 percent from June 2021. **Wet mill corn gluten feed production** was 287,211 tons during June 2022, down 2 percent from May 2022 and down less than 1 percent from June 2021. Wet corn gluten feed 40 to 60 percent moisture was 202,951 tons in June 2022, down 1 percent from May 2022 and down 2 percent from June 2021.

## FLOUR MILLING PRODUCTS

**All wheat** ground for flour during the second quarter 2022 was 232 million bushels, up 1 percent from the first quarter 2022 grind of 230 million bushels and up 4 percent from the second quarter 2021 grind of 223 million bushels. Second quarter 2022 total flour production was 107 million hundredweight, up 1 percent from the first quarter 2022 and up 4 percent from the second quarter 2021. Whole wheat flour production at 4.54 million hundredweight during the second quarter 2022 accounted for 4 percent of the total flour production. Millfeed production from wheat in the second quarter 2022 was 1.68 million tons. The daily 24-hour milling capacity of wheat flour during the second quarter 2022 was 1.59 million hundredweight.

**Durum wheat** ground for flour and semolina production during the second quarter of 2022 totaled 15.4 million bushels, down 4 percent from the first quarter 2022 but up less than 1 percent from the second quarter 2021. Second quarter 2022 durum flour and semolina production was 7.49 million hundredweight, down 2 percent from the first quarter 2022 but up 3 percent from the second quarter 2021. Whole wheat durum flour and semolina production was 84.0 thousand hundredweight, down 12 percent from 95.0 thousand hundredweight in the first quarter 2022 and down 43 percent from 147 thousand hundredweight from the second quarter 2021. Second quarter durum wheat millfeed production was 102 thousand tons and the daily 24-hour milling capacity for durum and semolina production was 135 thousand hundredweight.

**Rye** ground for flour during the second quarter of 2022 was 391 thousand bushels, down 11 percent from the first quarter 2022 and down 12 percent from the second quarter 2021. Rye flour production during the second quarter of 2022 was 174 thousand hundredweight, compared to 200 thousand hundredweight in the previous quarter and 201 thousand hundredweight in the same quarter for the previous year. The daily 24-hour milling capacity for rye milling was 9.66 thousand hundredweight for the second quarter 2022.

## MISSOURI WEEKLY HAY SUMMARY 08/04/22

Most areas in the southern half of the state are finally seeing some much needed rain. Although it will take a fair amount to soak in, replenish the soil, and end the drought, often it seems the first rain is the hardest to get. Areas that were just on the break of moderate to severe quickly greened back up which was a very welcome site, but it will take a lot more time and moisture for many of the severe to extreme areas to see any change. Hay movement has been good as cattle farmers in the drought areas have been trying to hold on to as many cattle as possible. Finding hay locally however has been tough and trucking cost to get hay brought in haven't been cheap either, if trucks could even be found to haul it. Hay prices are steady to firm, supplies are moderate, and demand is moderate to good. Missouri Department of Agriculture has a hay directory visit <http://mda.mo.gov/abd/haydirectory/>. For listings of hay: <http://agebb.missouri.edu/haylst/>

Alfalfa - Supreme 225.00-275.00, small square 8.00-12.00 per bale  
Alfalfa - Premium 175.00-225.00  
Alfalfa - Good 120.00-180.00, small square 5.00-9.00 per bale  
Alfalfa - Fair 100.00-125.00  
Alfalfa/grass mix - Good/Premium small square 5.00-9.00 per bale  
Mixed grass - Good/Premium 100.00-150.00  
Mixed grass - Fair/Good 75.00-125.00, small square 5.00-7.00 per bale  
Mixed grass - Fair 45.00-75.00 per large round bale  
Wheat straw - 4.00-7.00 per small square bale

Please Note: The above volumes (tonnage, acres, and bales) listed on this USDA LPGMN report are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade.

### Missouri Steer (Heifer) Stocker Formula for 08/15/2022

Monday's Missouri Stocker Formula consists of **3493 (4108)** head with a weighted average weight of **553.14 (545.59)** lbs. and a price value of **198.50 (173.09)**, 1.26 higher (3.77 higher) than last Monday.

This a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

### Missouri Weekly Cattle Auction Summary 08/15/22

Compared to last week, feeders sold steady to 5.00 higher. The supply of feeders was light to moderate. Oppressive heat early week kept some cattle from making it to town and recent rains over some of the driest areas of the state have provided some hope to those that haven't already sold calves earlier than usual. Overall this week's offering was pretty typical of a late summer run. Still a few loads of yearlings scattered around but offerings are becoming more calves now. Demand was moderate to good. State wide the severity of drought conditions has gotten better with the recent rains but total area has increased as some areas in Northwest MO and a small line across the Iowa boarder was added as abnormally dry in the latest drought monitor. Boxed beef cutouts closed the week mixed. Choice closed at 263.37, down 1.25 and select at 239.59, up 0.92 compared to previous week. Feedlot sales as of Friday afternoon totaled right at 98.5k head. Live sales in the south were mostly at 140.00 and in the north 144.00-148.00, with dressed sales at 229.00-230.00. The Missouri Stocker Formula consist of 3493 head with a weighted average weight of 553.14 lbs. and a price value of 198.50, up 1.26 from the previous week. The steer/heifer spread was 25.41.

So far for Friday in the Southern Plains negotiated cash trading has been at a standstill. In Nebraska and Western Cornbelt negotiated cash trading has been mostly inactive on light demand. Not enough purchases for a market trend in any region. Thursday was the last reported market in the Southern Plains with live purchases at 140.00. Wednesday was the last reported market in Nebraska and Western Cornbelt. In Nebraska live and dressed purchases traded from 144.00-148.00 and from 229.00-230.00, respectively. In the Western Cornbelt live and dressed purchases traded from 145.00-148.00 and at 229.00, respectively.

## MISSOURI CROP PRODUCTION

**Corn:** Planted area is estimated at 3.6 million acres, the same as last year. Harvested area, forecast at 3.43 million acres, is also the same as last year. Based on August 1 conditions, the Missouri corn yield is forecast at 153 bushels per acre, down 7 bushels from 2021. Production is forecast at 525 million bushels, 4 percent below last year's production.

**Soybeans:** Planted area is estimated at 5.90 million acres, up 4 percent from last year. Harvested area, forecast at 5.85 million acres, is up 4 percent from 2021. Based on August 1 conditions, the Missouri soybean yield is forecast at 49 bushels per acre, the same from 2021. Production is forecast at 287 million bushels, up 4 percent from 2021. **Winter**

**Wheat:** Harvested area in 2022 is forecast at 660,000 acres, up 35 percent from last year. The winter wheat yield is forecast at 66 bushels per acre, up 1 bushel from 2021. Production is forecast at 43.6 million bushels, up 37 percent from the previous year. **Cotton:** Harvested area is forecast at 320,000 acres, up 3 percent from last year. Based on August 1 conditions, the Missouri cotton yield is forecast at 975 pounds per acre, down 285 pounds from last year. Production is forecast at 650,000 bales (480-pound), down 20 percent from last year. **Rice:** Planted area, estimated at 189,000 acres, is down 5 percent from 2021. Harvested area is forecast at 184,000 acres, down 5 percent from last year. Based on August 1 conditions, the Missouri rice yield is forecast at 7,800 pounds per acre, down 240 pounds per acre from 2021. Production is forecast at 14.4 million cwt, down 8 percent from last year.

## US CROP PRODUCTION

**Corn** production for grain is forecast at 14.4 billion bushels, down 5 percent from 2021. Based on conditions as of August 1, yields are expected to average 175.4 bushels per harvested acre, down 1.6 bushels from last year. Area harvested for grain is forecast at 81.8 million acres, down less than 1 percent from the June forecast and down 4 percent from the previous year. **Soybean** production for beans is forecast at a record high 4.53 billion bushels, up 2 percent from 2021. Based on conditions as of August 1, yields are expected to average a record high 51.9 bushels per harvested acre, up 0.5 bushel from 2021. Total planted area, at 88.0 million acres, is down less than 1 percent from the previous estimate but up 1 percent from the previous year. Area harvested for beans in the United States is forecast at 87.2 million acres, down less than 1 percent from the previous forecast but up 1 percent from 2021. All **wheat** production for grain is forecast at 1.78 billion bushels, up less than 1 percent from the previous forecast and up 8 percent from 2021. Based on August 1 conditions, yields are expected to average 47.5 bushels per harvested acre, up 0.2 bushel from the previous forecast and up 3.2 bushels from 2021. Area harvested for grain is forecast at 37.5 million acres, down less than 1 percent from the previous forecast, but up 1 percent from 2021.

## MISSOURI WEEKLY HAY SUMMARY 08/11/22

Overall drought conditions in the state were much improved over last week following several rains that fell over the southern half of the state the last couple of weeks. Oddly enough there is now a few areas in northwest and along the Iowa boarder that are showing as abnormally dry. Although the area considered to be in extreme drought declined by over 11 percent that still doesn't mean everything is great. These areas still need more moisture over several weeks to really see any recovery. Along with the moisture cooler temperatures have also been a huge relief. That being said many are still feeding or providing something extra for livestock they have managed to hold on to. Hay movement is moderate, demand is moderate to good and prices are steady to firm. Missouri Department of Agriculture has a hay directory visit <http://mda.mo.gov/abd/haydirectory/>. For listings of hay: <http://agebb.missouri.edu/haylst/>

Alfalfa - Supreme 225.00-275.00, small square 8.00-12.00 per bale

## MISSOURI WEEKLY FEEDER CATTLE WEIGHTED AVERAGE REPORT

Receipts: 14,879 Week ago: 17,177 Year ago: 17,114

Steers and Heifers Medium and Large 1—Weighted average weights and prices

### STEERS: Medium and Large 1

321 lbs. 215.65	532 lbs. 209.14	722 lbs. 185.43	980 lbs. 162.93
369 lbs. 219.41	580 lbs. 203.81	763 lbs. 179.17	
424 lbs. 212.23	625 lbs. 195.79	810 lbs. 178.16	
476 lbs. 208.90	671 lbs. 190.44	868 lbs. 172.92	

### HEIFERS: Medium and Large 1

322 lbs. 186.91	525 lbs. 178.06	716 lbs. 169.64
373 lbs. 191.40	582 lbs. 176.61	767 lbs. 157.99
428 lbs. 182.88	622 lbs. 178.79	812 lbs. 162.22
473 lbs. 185.55	679 lbs. 177.20	

### Missouri Steer (Heifer) Stocker Formula for 08/22/2022

Monday's Missouri Stocker Formula consists of **2575 (3079)** head with a weighted average weight of **538.35 (544.22)** lbs. and a price value of **198.25 (175.58)**, 0.25 lower (2.49 higher) than last Monday.

This is a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

### Missouri Weekly Cattle Auction Summary 08/22/22

Compared to last week feeders sold steady to 5.00 higher. A fairly light run this week as rains have helped brighten the outlook a bit and has slowed the immediate need for selling. A highlight this week as a load of 717 lb. steers that sold on Tuesday at Kingsville Livestock Market for 190.00. The monthly Cattle on Feed report was released on Friday afternoon. The report was slightly bearish as most pre-report estimates were much too low on the placement number. There was actually several people who called this once estimates came out, and as always the actual reported numbers don't mean as much as the difference between pre-report estimates and actual numbers released. Cattle on feed was reported at 101 percent, placements at 102 percent and marketings at 96 percent. Boxed beef cutouts were mixed for the week with choice closing at 264.28, up 0.91 and select at 237.94, down 1.65 compared to the previous week. Negotiated feedlot sales as of Friday afternoon totaled just over 98K head. Live sales in the south were reported at mostly 141.00-142.00 in the north 145.00-150.00 and dressed sales in the north at 234.00. The Missouri Stocker Formula consist of 2575 head with a weighted average weight of 538.35 lbs. and a price value of 198.25, down 0.34 from last week. The steer/heifer spread is 22.67.

\*Graph is updated the first Monday of each month.

### NATIONAL BOXED BEEF CUTOUT/BOXED BEEF CUTS

## CATTLE ON FEED

### United States Cattle on Feed Up 1 Percent

**Cattle and calves on feed** for the slaughter market in the United States for feedlots with capacity of 1,000 or more head totaled 11.2 million head on August 1, 2022. The inventory was 1 percent above August 1, 2021. This is the second highest August 1 inventory since the series began in 1996.

**Placements** in feedlots during July totaled 1.77 million head, 2 percent above 2021. Net placements were 1.71 million head. During July, placements of cattle and calves weighing less than 600 pounds were 410,000 head, 600-699 pounds were 280,000 head, 700-799 pounds were 400,000 head, 800-899 pounds were 405,000 head, 900-999 pounds were 195,000 head, and 1,000 pounds and greater were 75,000 head.

**Marketings** of fed cattle during July totaled 1.83 million head, 4 percent below 2021.

**Other disappearance** totaled 56,000 head during July, 2 percent above 2021.

## MISSOURI WEEKLY HAY SUMMARY 08/18/22

More rain fell over most of the driest areas of the state this week, which is slowly helping drought conditions. The areas that never quite got to the point of extreme drought have seen some green up and pastures begin to show some signs of life once again. Below average temperatures are also a big relief, when normally it would be very hot and humid in the middle of August. Several mornings this week were actually cool enough many were pulling out a jacket or at least a long sleeved shirt for a few hours early in the day. Hay supplies are light to moderate. Hay movement is moderate, demand is moderate to good and prices are steady to firm. Missouri Department of Agriculture has a hay directory visit <http://mda.mo.gov/abd/haydirectory/>. For listings of hay: <http://agebb.missouri.edu/haylst/>

Alfalfa - Supreme 250.00-300.00, small square 10.00-15.00 per bale  
Alfalfa - Premium 180.00-250.00  
Alfalfa - Good 150.00-180.00, small square 5.00-9.00 per bale  
Alfalfa - Fair 125.00-150.00  
Alfalfa/grass mix - Good/Premium small square 5.00-9.00 per bale  
Mixed grass - Good/Premium 125.00-175.00  
Mixed grass - Fair/Good 100.00-150.00, small square 5.00-8.00 per bale  
Mixed grass - Fair 50.00-85.00 per large round bale  
Wheat straw - 4.00-7.00 per small square bale

Please Note: The above volumes (tonnage, acres, and bales) listed on this USDA LPGMN report are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade.

380 lbs. 194.57	579 lbs. 182.80	768 lbs. 169.92	1008 lbs. 153.75
426 lbs. 192.33	626 lbs. 178.09	825 lbs. 156.99	
478 lbs. 189.32	665 lbs. 178.49	872 lbs. 157.19	

### Missouri Steer (Heifer) Stocker Formula for 08/29/2022

Monday's Missouri Stocker Formula consists of **3622 (4514)** head with a weighted average weight of **537.21 (538.17)** lbs. and a price value of **204.69 (179.87)**, 6.44 higher (4.29 higher) than last Monday.

This a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

### Missouri Weekly Cattle Auction Summary 08/29/22

Compared to last week, feeders sold steady to mostly 5.00 higher, with several light weight calves 10.00 higher. The supply of feeders was moderate, with calves under 600 lbs. making up more of the total offering now as the fall calf run nears. Conditions of pastures continue to slowly improve, as rains have been falling across the areas that have been drought stricken the last couple of months. Pots loads of cattle of any weight are becoming less common, but a few notable stick out. Sales this week, not necessarily the tops, but a few lots that were eye catching included: 16 head of steers sold at New Cambria Livestock Market with an average weight of 706 lbs. sold for 199.00; 10 head of steers sold at Eastern Missouri Commission Company in Bowling Green with an average weight of 626 lbs. sold for 215.50; and finally 28 head of steers sold at Ozarks Regional Stockyards in West Plains with average weight of 400 lbs. sold for 245.00. Boxed beef cutouts were mixed again this week, choice closed on Friday at 263.35, down 0.93 and select closed at 238.56, up 0.64 compared to last Friday. Negotiated feedlot sales were a bit disappointing both in volume and prices this week as prices backed up a bit. Volume as of Friday afternoon totaled just a few over 66K head. Live sales in the south continue to lag behind the north. Sales in the south were reported at 142.00, in the north 145.00-148.00. Dressed sales in the north were reported mostly at 232.00-233.00. The Missouri Stocker Formula consist of 3622 head with a weighted average weight of 537.21 lbs. and a price value of 204.69, 6.44 higher than last week.

**AFTERNOON NATIONAL SLAUGHTER  
CATTLE REVIEW 08/26/22**

So far for Friday in the Western Cornbelt negotiated cash trading has  
 been limited on light demand. A few live purchases traded at 147.00. In  
 the Southern Plains and Nebraska negotiated cash trading has been  
 mostly inactive with light demand. Not enough purchases in any price  
 range in any region for a full market trend. In the Southern Plains Tues-  
 day was the last reported market with live purchases at 142.00. Wednes-  
 day was the last reported market in Nebraska with live and dressed pur-  
 chases from 145.00-148.00 and from 232.00-233.00, respectively. In the  
 Western Cornbelt Wednesday was the last reported live purchase market  
 with trades from 146.00-148.00. Last week dressed purchases traded at  
 234.00.

## LIVESTOCK SLAUGHTER

### **Red Meat Production Down 3 Percent from Last Year**

**Commercial red meat production** for the United States totaled 4.23 billion pounds in July, down 3 percent from the 4.38 billion pounds produced in July 2021.

**Beef production**, at 2.25 billion pounds, was 3 percent below the previous year. Cattle slaughter totaled 2.78 million head, down 2 percent from July 2021. The average live weight was down 8 pounds from the previous year, at 1,341 pounds.

**Veal production** totaled 4.1 million pounds, 5 percent above July a year ago. Calf slaughter totaled 29,500 head, down 12 percent from July 2021. The average live weight was up 38 pounds from last year, at 243 pounds.

**Pork production** totaled 1.97 billion pounds, down 4 percent from the previous year. Hog slaughter totaled 9.31 million head, down 5 percent from July 2021. The average live weight was up 3 pounds from the previous year, at 284 pounds.

**Lamb and mutton production**, at 10.3 million pounds, was down 5 percent from July 2021. Sheep slaughter totaled 163,300 head, 14 percent below last year. The average live weight was 126 pounds, up 11 pounds from July a year ago.

**January to July 2022 commercial red meat production** was 32.0 billion pounds, down 1 percent from 2021. Accumulated beef production was up 1 percent from last year, veal was up 4 percent, pork was down 3 percent from last year, and lamb and mutton production was down 7 percent.

## COLD STORAGE

July 2022 Highlights

**Total natural cheese stocks** in refrigerated warehouses on July 31, 2022 were up 1 percent from the previous month and up 5 percent from July 31, 2021.

**Butter stocks** were down 5 percent from last month and down 21 percent from a year ago.

**Total frozen poultry supplies** on July 31, 2022 were up 5 percent from the previous month and up 6 percent from a year ago. Total stocks of chicken were up 6 percent from the previous month and up 12 percent from last year. Total pounds of turkey in freezers were up 3 percent from last month but down 3 percent from July 31, 2021.

**Total frozen fruit stocks** were up 22 percent from last month but down 2 percent from a year ago.

**Total frozen vegetable stocks** were up 10 percent from last month but down slightly from a year ago. Total red meat supplies in freezers were down 1 percent from the previous month but up 23 percent from last year. Total pounds of beef in freezers were down 1 percent from the previous month but up 27 percent from last year. Frozen pork supplies were down 2 percent from the previous month but up 20 percent from last year. Stocks of pork bellies were down 20 percent from last month but up 53 percent from last year.

## MISSOURI WEEKLY HAY SUMMARY 08/25/22

Drought conditions in the state have much improved according to the latest drought monitor. There are still dry areas and still some recovery to be made but conditions and attitudes are no doubt way better than they were a month ago. Many are seeing pastures and hay fields showing some life again and even some hopes of some fall hay in areas, which would be a big win given the overall lower supplies that were made this spring due to the late start of the growing season and fact that many have had to already feed some of that hay. Hay supplies are light to moderate. Hay movement is moderate, demand is moderate to good and prices are steady to firm. Missouri Department of Agriculture has a hay directory visit <http://mda.mo.gov/abd/haydirectory/>. For listings of hay: <http://agebb.missouri.edu/haylst/>

Alfalfa - Supreme 250.00-300.00, small square 10.00-15.00 per bale

Alfalfa - Premium 180.00-250.00

Alfalfa - Good 150.00-180.00, small square 5.00-9.00 per bale

Alfalfa - Fair 125.00-150.00

Alfalfa/grass mix - Good/Premium small square 5.00-9.00 per bale

Mixed grass - Good/Premium 125.00-175.00

Mixed grass - Fair/Good 100.00-150.00, small square 5.00-8.00 per bale

Mixed grass - Fair 50.00-85.00 per large round bale

Wheat straw - 4.00-7.00 per small square bale

Please Note: The above volumes (tonnage, acres, and bales) listed on this USDA LPGMN report are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade.

### Missouri Steer (Heifer) Stocker Formula for 09/05/2022

Monday's Missouri Stocker Formula consists of **3337 (3569)** head with a weighted average weight of **546.77 (541.55)** lbs. and a price value of **201.53 (179.02)**, 3.16 lower (0.85 lower) than last Monday.

This is a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

### Missouri Weekly Cattle Auction Summary 09/05/22

Compared to last week, steers under 650 lbs. sold uneven from 5.00 lower to 5.00 higher, over 650 lbs. sold mostly steady. Heifers sold steady to weak. The supply of feeders was moderate to light. Demand best for those limited load lots of yearlings which make up less of the offering each week as the offering becomes increasingly more calves. Although still a few weeks away from the dreaded temperature swings that result in pens full of sick calves, buyers are already showing much less interest in unweaned, bawling, fleshy calves that come with extremely high health risk. Verified health programs with legitimate weaning and vaccinations programs are a must if producers wish to see upper ends of the market and this will only become more of a requirement until a hard frost comes, until then discounts are likely to grow each week. Boxed beef cutouts were steady to lower, which is typical now that summer is unofficially over and many grills get put away following Labor Day. Choice closed Friday at 259.42, down 3.93 and select at 238.59, exactly where it closed last Friday. Feedlot sales as of Friday afternoon totaled just over 70K head. The gap between the north and the south has nearly disappeared now. Live sales were reported from 141.00-144.00 and dressed sales from 228.00-232.00. The Missouri Stocker Formula consist of 3337 head with a weighted average weight of 546.77 lbs. and a price value of 201.53, 3.16 lower than last week. The steer/heifer spread is currently 22.51

## GRAIN CRUSHINGS AND CO-PRODUCTS PRODUCTION

**Total corn** consumed for alcohol and other uses was 500 million bushels in July 2022. Total corn consumption was up 1 percent from June 2022 but down 1 percent from July 2021. July 2022 usage included 91.3 percent for alcohol and 8.7 percent for other purposes. Corn consumed for beverage alcohol totaled 3.40 million bushels, down 7 percent from June 2022 and down 7 percent from July 2021. Corn for fuel alcohol, at 446 million bushels, was up less than 1 percent from June 2022 but down 1 percent from July 2021. Corn consumed in July 2022 for dry milling fuel production and wet milling fuel production was 92.8 percent and 7.2 percent, respectively.

**Dry mill co-product production** of distillers dried grains with solubles (DDGS) was 1.93 million tons during July 2022, up 1 percent from June 2022 but down 2 percent from July 2021. Distillers wet grains (DWG) 65 percent or more moisture was 1.28 million tons in July 2022, down less than 1 percent from June 2022 but up 14 percent from July 2021.

**Wet mill corn gluten feed production** was 271,334 tons during July 2022, down 6 percent from June 2022 and down 11 percent from July 2021. Wet corn gluten feed 40 to 60 percent moisture was 221,764 tons in July 2022, up 9 percent from June 2022 and up 6 percent from July 2021.

## AGRICULTURAL PRICES

**July Prices Received Index Down 0.1 Percent.** The July Prices Received Index 2011 Base (Agricultural Production), at 134.7, decreased 0.1 percent from June but increased 26 percent from July 2021. At 124.2, the Crop Production Index was down 1.2 percent from last month but up 16 percent from the previous year. The Livestock Production Index, at 148.1 increased 2.2 percent from June and 38 percent from July last year. Producers received lower prices during July for broilers, soybeans, wheat, and corn but higher prices for market eggs, hay, hogs, and cattle. In addition to prices, the volume change of commodities marketed also influences the indexes. In July, there was decreased monthly movement for milk, cattle, oranges, and broilers and increased marketing of wheat, grapes, hay, and cotton.

**July Prices Paid Index Up 0.5 Percent.** The July Prices Paid Index for Commodities and Services, Interest, Taxes, and Farm Wage Rates (PPITW), at 135.6, is up 0.5 percent from June 2022 and 13 percent from July 2021. Higher prices in July for hay & forages, feeder cattle, other services, and herbicides more than offset lower prices for nitrogen, diesel, mixed fertilizer, and feed grains.

Index Group	July 2021	June 2022	July 2022
Prices received by farmers	107%	134.9%	134.7%
Prices paid by farmers	120.4%	134.9%	135.6%
Ratio of prices received to prices paid	89%	100%	99%

## MISSOURI WEEKLY HAY SUMMARY 09/01/22

Despite the fact drought conditions have slowly been improving over the last three or four weeks and many areas are seeing green growing pastures. Over all, state wide pasture conditions actually declined pretty significantly over the last week. As of the latest report, 36 percent of pastures are rated very poor to poor, 32 percent fair and 32 percent good to excellent. Although fall haying accounts for a very small portion of the states' annual hay harvest, many farmers are hoping for significant fall growth in order to add some bales to the short inventory. However, if these hopes will turn in to reality is still a big question in many areas at the current time. Hay supplies are light to moderate. Hay movement is moderate, demand is moderate to good and prices are steady to firm. Missouri Department of Agriculture has a hay directory visit <http://mda.mo.gov/abd/haydirectory/>. For listings of hay: <http://agebb.missouri.edu/haylst/>

Alfalfa - Supreme 250.00-300.00, small square 10.00-15.00 per bale

Alfalfa - Premium 180.00-250.00

Alfalfa - Good 150.00-180.00, small square 5.00-9.00 per bale

Alfalfa - Fair 125.00-150.00

Alfalfa/grass mix - Good/Premium small square 5.00-9.00 per bale

Mixed grass - Good/Premium 125.00-175.00

Mixed grass - Fair/Good 100.00-150.00, small square 5.00-8.00 per bale

Mixed grass - Fair 50.00-85.00 per large round bale

## Missouri Steer (Heifer) Stocker Formula for 09/12/2022

Monday's Missouri Stocker Formula consists of **2126 (2256)** head with a weighted average weight of **541.92 (543.55)** lbs. and a price value of **204.01 (183.62)**, 2.48 higher (4.60 higher) than last Monday.

This a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

## Missouri Weekly Cattle Auction Summary 09/12/22

Compared to last week, feeders sold mostly steady. The supply was light as several barns remained dark for the holiday shortened week. Much cooler nights are hinting at the coming of fall and buyers are becoming less interested in high risk calves that lack good health programs. There was several load lots and partial loads that sold this week, mostly in the north. Green City held a special sale Wednesday with over 3k head offered. A full load of 864 lb. steers sold at 185.35. On the other end of the weight scale a part load of 535 steer calves sold at New Cambria Livestock Market on Thursday averaging 535 lbs. and sold at 224.75. Interestingly enough there has been an uptick in demand for replacement cows noted over the last couple of weeks. Following the long dry summer and huge sales offs, rains have resulted in grass greening up and growing again and there are several farmers looking for cows now. Boxed beef cutouts were lower for the week. Choice closed on Friday at 257.26, down 2.16 and select at 234.73, down 3.85. As of the Friday afternoon report negotiated feedlot volume was reported just under 79k head, with live sales 141,00-145,00 and dressed sales at 226,00-229,00. The Missouri Stocker Formula Consists of 2126 head with a weighted average weight of 541.92 lbs. and a price value of 204.01, 2.48 higher than last week.

\*Graph is updated the first Monday of each month.

Receipts: 2105 Two weeks ago: 1309  
 Compared to two weeks ago, steers 6.00 to 8.00 higher, spots 12.00 to 14.00 higher. Heifers 8.00 to 10.00 higher. Slaughter cows 4.00 to 6.00 lower.

**FEEDER STEERS:**  
Medium and Large 1

400-500 lbs. 216.00-223.00  
 500-600 lbs. 207.00-219.00  
 600-700 lbs. 175.50-203.25  
 700-750 lbs. 171.00-187.25

**FEEDER HEIFERS:**  
Medium and Large 1

400-500 lbs. 184.00-191.00  
 500-600 lbs. 180.00-184.00  
 600-650 lbs. 171.00-179.50  
 700-800 lbs. 157.50-169.50

**SLAUGHTER BULLS:** Yield  
 Grade 1-2 1285-2300 lbs 98.00-114.00; high dressing ind 125.00; low dressing ind 90.00

**SLAUGHTER COWS:** Breaking and Boning, (70-85% lean) 74.00-84.50; high dressing 82.50-99.50. Lean (85-90%) 61.00-70.00

**BRED COWS:** Medium and Large 1 2-8 yrs 1170-1415 lbs 2nd to 3rd stage 1825.00-2075.00. Medium and Large 1-2 2-8 yrs 1113-1520 lbs 2nd to 3rd stage 1525.00-1850.00 per head

**COW & CALF PAIRS:** Medium and Large 1 2-8 yrs 1000-1380 lbs with 150 lb to over 300 lb calves 1700.00-2050.00. Medium and Large 1-2 975-1300 lbs with baby to 300 lb calves 1525.00-1700.00 per pair

**AFTERNOON NATIONAL SLAUGHTER****CATTLE REVIEW 09/09/22**

So far for Friday in Nebraska and Western Cornbelt negotiated cash trading has been slow on light demand. In Nebraska, compared to the last reported market on Thursday, live purchases traded unevenly steady at 143.00. Not enough dressed purchases for a market trend. The last reported dressed purchase market was on Thursday at 226.00. In the Western Cornbelt a few live purchases traded at 144.00. However, not enough live or dressed purchases for a market trend. The last reported live purchases market was on Thursday from 143.00-143.00. Last week dressed purchases traded from 228.00-232.00. In the Southern Plains negotiated cash trading has been mostly inactive on light demand. Not enough purchases for a market trend. The last reported market was on Thursday with live purchases at 141.00.

### **BROILER HATCHERY**

Broiler-Type Eggs Set in the United States Up 4 Percent

Hatcheries in the United States weekly program set 242 million eggs in incubators during the week ending September 3, 2022, up 4 percent from a year ago. Average hatchability for chicks hatched during the week in the United States was 80.6 percent. Average hatchability is calculated by dividing chicks hatched during the week by eggs set three-weeks earlier.

Broiler-Type Chicks Placed in the United States Up 5 Percent

Broiler growers in the United States weekly program placed 194 million chicks for meat production during the week ending September 3, 2022, up 5 percent from a year ago. Cumulative placements from the week ending January 8, 2022 through September 3, 2022 for the United States were 6.59 billion. Cumulative placements were up 1 percent from the same period a year earlier.

### **PEANUT PRICES**

Peanut Price Highlights

Peanut prices received by farmers for all farmer stock peanuts averaged 25.3 cents per pound for the week ending September 3, down 0.6 cent from the previous week. Marketings of all farmer stock peanuts for the week ending September 3 totaled 159 million pounds, up 91.8 million pounds from the previous week.

Runner-type peanut prices averaged 25.0 cents per pound for the week ending September 3, down 0.9 cent from the previous week. Marketings of runner-type peanuts totaled 127 million pounds, up 59.3 million pounds from the previous week.

### **MISSOURI WEEKLY HAY SUMMARY 09/08/22**

As expected, several farmers have pulled hay equipment back out of the sheds now. Although grass still has some time to grow before frost, several farmers seem to be trying to make some hay now, as they have just a small window before it will be time to climb into the combines and begin grain harvest. There are still some counties right along the KS line that are very dry but much of the area that was severally dry earlier in the summer, has seen quite the turn around. Grass and greened and begin to grow much faster than probably expected given how dry it was. Hay sales have slowed ever so slightly from high levels they were the last two months as producers are waiting to see how much fall pasture they end up with. Hay supplies are light to moderate. Hay movement is moderate, demand is moderate to good and prices are steady to firm. Missouri Department of Agriculture has a hay directory visit <http://mda.mo.gov/abd/haydirectory/>. For listings of hay: <http://agebb.missouri.edu/haylst/>  
Alfalfa - Supreme 250.00-300.00, small square 10.00-15.00 per bale  
Alfalfa - Premium 180.00-250.00  
Alfalfa - Good 150.00-180.00, small square 5.00-9.00 per bale  
Alfalfa - Fair 125.00-150.00  
Alfalfa/grass mix - Good/Premium small square 5.00-9.00 per bale  
Mixed grass - Good/Premium 125.00-175.00  
Mixed grass - Fair/Good 100.00-150.00, small square 5.00-8.00 per bale  
Mixed grass - Fair 50.00-85.00 per large round bale  
Wheat straw - 4.00-7.00 per small square bale

## Missouri Steer (Heifer) Stocker Formula for 09/19/2022

Monday's Missouri Stocker Formula consists of **5338 (5662)** head with a weighted average weight of **541.48 (540.47)** lbs. and a price value of **199.46 (176.09)**, 4.55 lower 7.53 lower than last Monday.

This a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

## Missouri Weekly Cattle Auction Summary 09/19/22

Compared to last week, steers and heifers mostly steady to 5.00 lower, except some noted good quality, long weaned calves coming off grass that brought a few dollars more than the previous markets. Demand for feeders was moderate, although the past week featured some temperature swings. A light jacket was needed in the morning but one would be heated up by the time afternoon came around. Buyers know the temperature swings of fall are coming. Health risk will be a concern and will continue until after the first frost and the weather stabilizes. There were a couple of notes from reporters in the sale barns of larger price spreads related to quality, flesh, and weaning status. Corn harvest has started in the state, with a few combines taking to the fields now. The forecast in the near future doesn't seem to show any major events that might slow down progress. There has been some hay cut around the state, as well. Farmers are trying to get one more cutting before fall sets in and harvest really gets going. The current drought monitor showed about 52 percent of the state impacted by some level of drought. Boxed beef cutouts closed on Friday at 252.40 and 226.65, for choice and select cuts, respectively. For the week, choice closed 4.86 lower and select closed 8.08 lower. As of Friday afternoon's report, negotiated feedlot volume was reported at 71,054 head, with live sales 142,00-149.00 and dressed sales 225.00-230.00. The Missouri Stocker Formula consists of 5338 head with a weighted average weight of 541.48 lbs and a price value of 199.46, 4.55 lower than a week ago.

\*Graph is updated the first Monday of each month.

So far for Friday in Nebraska negotiated cash trading has been slow on light demand. Compared to the last reported market on Thursday live purchases traded steady 143.00. A few dressed purchases traded at 230.00, however, not enough for a full market trend. The last reported dressed purchase market was on Thursday with trades from 226.00-227.00. In the Western Cornbelt negotiated cash trading has been limited on light demand. In the Southern Plains negotiated cash trading has been mostly inactive on very light demand. Not enough purchases in these regions for a full market trend. In the Southern Plains Thursday was the last reported live purchase market at 142.00. In the Western Cornbelt Wednesday was the last reported live purchase market from 143.00-144.00. Last week dressed purchases traded from 225.00-230.00.

## CROP PRODUCTION

**Corn** Production Down 3 Percent from August Forecast Soybean Production Down 3 Percent Cotton Production Up 10 Percent Corn production for grain is forecast at 13.9 billion bushels, down 3 percent from the previous forecast and down 8 percent from 2021. Based on conditions as of September 1, yields are expected to average 172.5 bushels per harvested acre, down 2.9 bushels from the previous forecast and down 4.5 bushels from last year. Acreage updates were made in several States based on a thorough review of all available data. Total planted area, at 88.6 million acres, is down 1 percent from the previous estimate and down 5 percent from the previous year. Area harvested for grain is forecast at 80.8 million acres, down 1 percent from the previous forecast and down 5 percent from the previous year.

**Soybean** production for beans is forecast at 4.38 billion bushels, down 3 percent from the previous forecast and down 1 percent from 2021. Based on conditions as of September 1, yields are expected to average 50.5 bushels per acre, down 1.4 bushels from the previous forecast and down 0.9 bushel from 2021. Total planted area, at 87.5 million acres, is down 1 percent from the previous estimate but up less than 1 percent from the previous year. Area harvested for beans in the United States is forecast at 86.6 million acres, down 1 percent from the previous forecast but up less than 1 percent from 2021. Acreage updates were made in several States based on a thorough review of all available data.

**All cotton** production is forecast at 13.8 million 480-pound bales, up 10 percent from the previous forecast but down 21 percent from 2021. Based on conditions as of September 1, yields are expected to average 843 pounds per harvested acre, down 3 pounds from the previous forecast but up 24 pounds from 2021. Upland cotton production is forecast at 13.4 million 480-pound bales, up 10 percent from the previous forecast but down 22 percent from 2021. Pima cotton production is forecast at 460,000 bales, up 13 percent from the previous forecast and up 39 percent from 2021. All cotton area harvested is forecast at 7.88 million acres, up 10 percent from the previous forecast but down 23 percent from 2021. All cotton planted area totaled 13.8 million acres, up 11 percent from the previous forecast and up 23 percent from 2021.

**California Navel orange** production for the 2022-2023 season is forecast at 1.52 million tons (38.0 million boxes) up 19 percent from last season. The initial forecast is based on an objective measurement survey conducted in California's Central Valley from mid-June to the beginning of September. The objective measurement survey indicated that fruit set was up 47 percent from last year but the average fruit size was down 2 percent from last year. Harvest is expected to begin in October.

## MISSOURI WEEKLY HAY SUMMARY 09/15/22

Fall can certainly be felt in the air now. Temperature swings are requiring a light jacket or flannel shirt in the early hours of the day, but it doesn't take long till one heats up and one has to shed it for the afternoon. Some farmers are into corn harvest now, but as a whole, the state is still in the very early stages of fall harvest. Some are still making hay although it's not the easiest to dry down with the wet nights and cooler air. Pastures conditions are mostly unchanged for the week as of the latest crop condition report. Hay supplies are listed at 38 percent very short to short, 62 percent adequate, and zero percent surplus. Hay movement is moderate, demand is moderate to good and prices are steady to firm. Missouri Department of Agriculture has a hay directory visit <http://mda.mo.gov/abd/haydirectory/>. For listings of hay: <http://agebb.missouri.edu/haylst/>

Alfalfa - Supreme 250.00-300.00, small square 10.00-15.00 per bale  
Alfalfa - Premium 180.00-250.00  
Alfalfa - Good 150.00-180.00, small square 5.00-9.00 per bale  
Alfalfa - Fair 125.00-150.00  
Alfalfa/grass mix - Good/Premium small square 5.00-9.00 per bale  
Mixed grass - Good/Premium 125.00-175.00  
Mixed grass - Fair/Good 100.00-150.00, small square 5.00-8.00 per bale  
Mixed grass - Fair 50.00-85.00 per large round bale  
Wheat straw - 4.00-7.00 per small square bale

Please Note: The above volumes (tonnage, acres, and bales) listed on this USDA LPGMN report are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade.

## Missouri Steer (Heifer) Stocker Formula for 09/26/2022

Monday's Missouri Stocker Formula consists of **3183 (3277)** head with a weighted average weight of **538.18 (534.51)** lbs. and a price value of **193.30 (170.06)**, 6.16 lower (6.03 lower) than last Monday.

This a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

## Missouri Weekly Cattle Auction Summary 09/26/22

Compared to last week, steers and heifers traded uneven with the bulk mostly steady to 5.00 lower, but more attractive, weaned, hard calves and yearlings traded steady to 3.00 higher. Demand was moderate. As a whole, the feeder supply was moderate, but depending on the part of the state, there was a variety of quantity and quality. Record high temperatures early week were seen, then a light jacket was needed late week after the abrupt cold front arrived. The calf market continues to see pressure from seasonal weather swings. Seasonal price spreads were apparent as buyers discount calves depending on weaning status, flesh, and vaccination status. September's cattle on feed report was released on Friday. Cattle and calves on feed was reported at 11.3 million head on September 1, slightly above a year ago and the second highest September 1 inventory since the series began in 1996. Placements in feedlots in August was reported at 2.11 million head, slightly above a year ago. Marketings of fed cattle for August totaled 2 million head, six percent above a year ago. Boxed beef closed on Friday at 248.63 and 219.31, for choice and select, respectively. This was 3.77 lower and 7.34 lower than a week ago for choice and select, respectively. As of Friday afternoon's report, negotiated fedlot volume was reported at 110,427 head, with live sales at 143.00 to 152.00, and dressed from 226.00 to 228.50. The Missouri Stocker Formula consists of 3183 head with a weighted average weight of 538.18 lbs and a price value of 193.30, 6.16 lower than a week ago.

\*Graph is updated the first Monday of each month.

Total pounds of beef in freezers were up 1 percent from the previous month and up 24 percent from last year. Frozen pork supplies were up 1 percent from the previous month and up 17 percent from last year. Stocks of pork bellies were down 24 percent from last month but up 85 percent from last year.

### CATTLE ON FEED 09/23/22

**Cattle and calves on feed** for the slaughter market in the United States for feedlots with capacity of 1,000 or more head totaled 11.3 million head on September 1, 2022. The inventory was slightly above September 1, 2021. This is the second highest September 1 inventory since the series began in 1996.

**Placements** in feedlots during August totaled 2.11 million head, slightly above 2021. Net placements were 2.06 million head. During August, placements of cattle and calves weighing less than 600 pounds were 430,000 head, 600-699 pounds were 320,000 head, 700-799 pounds were 465,000 head, 800-899 pounds were 532,000 head, 900-999 pounds were 270,000 head, and 1,000 pounds and greater were 95,000 head.

**Marketings** of fed cattle during August totaled 2.00 million head, 6 percent above 2021.

**Other disappearance** totaled 53,000 head during August, 10 percent below 2021.

### MISSOURI WEEKLY HAY SUMMARY 09/22/22

Fall has officially arrived and brought a cold front with it. Frost is still a few weeks away, but light jackets are needed after the record high temperatures we had at the beginning of the week. A few scattered showers were around, but nothing really significant enough to help the dry areas. The most recent drought monitor showed a substantial increase to the drought effected areas. Missouri has about 73 percent impacted by some level of drought, compared to about 52 percent last week. Hay movement is slow, although there have been some farmers getting one more hay cutting in before harvest really picks up. The supply of hay is moderate and demand is light to moderate and prices mostly steady. The Missouri Department of Agriculture has a hay directory visit <http://mda.mo.gov/abd/haydirectory/> for listings of hay <http://agebb.missouri.edu/haylst/>  
 Alfalfa - Supreme 250.00-300.00, small square 10.00-15.00 per bale  
 Alfalfa - Premium 180.00-250.00  
 Alfalfa - Good 150.00-180.00, small square 5.00-9.00 per bale  
 Alfalfa - Fair 125.00-150.00  
 Alfalfa/grass mix - Good/Premium small square 5.00-9.00 per bale  
 Mixed grass - Good/Premium 125.00-175.00  
 Mixed grass - Fair/Good 100.00-150.00, small square 5.00-8.00 per bale  
 Mixed grass - Fair 50.00-85.00 per large round bale  
 Wheat straw - 4.00-7.00 per small square bale

Please Note: The above volumes (tonnage, acres, and bales) listed on this USDA LPGMN report are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade.

The current hay directory can be found at:

### Missouri Steer (Heifer) Stocker Formula for 10/03/2022

Monday's Missouri Stocker Formula consists of **4459 (4523)** head with a weighted average weight of **541.84 (534.71)** lbs. and a price value of **192.40 (166.18)**, 0.90 lower (3.88 lower) than last Monday.

This a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

### Missouri Weekly Cattle Auction Summary 10/03/2022

Compared to last week calves sold mostly 5.00 to 10.00 lower and yearlings sold mostly steady. Individual markets around the state varied tremendously with some barns seeing instances as much as 20.00 lower while others had instances of up to 10.00 higher. Thirty plus degree weather swings between day and night has brought a lot of pressure to the market. This is typically always the case in October and buyers just do not want to buy calves without good weaning and vaccination records. Dryness is once again becoming a concern for many in the state, although a few areas in the southwest never got enough rain to help all summer and are in exceptional drought status. States like KS, OK and TX have also been dry and hopes of turning calves out on wheat pastures is not good, which limits outlets for calves and anything that decreases demand is bad for price levels at the sale barns. There are still good prices to be found however if producers do the work and have the quality. A couple stick out sales this week included a load at Unionville Livestock Market of 880 lb. steers which sold for 188.50. Another load of steers at Tina Livestock Market which averaged 618 lbs. sold for 206.75. The biggest draft though the barns this week as at Ozarks Regional Stockyards where 227 head of 921 lb. steers sold with one drop of the hammer at 174.00. Boxed beef cutouts were mixed this week. Choice closed on Friday at 243.75, down 4.88 and select closed at 220.13, up 0.82 compared to the previous week. Negotiated feedlot sales as of Friday totaled just over 97K head. Live sales were reported mostly from 142.00-148.00 and dressed sales from 228.00-233.00. The Missouri Stocker Formula consist of 4459 head with a weighted average weight of 541.84 lbs. and a price value of 192.40, 3.88 lower than the previous week. The steer/heifer spread was 26.22.

 600-700 lbs. 171.00-195.00  
 57 hd 814 lbs.. 178.60

**FEEDER HEIFERS:**  
Medium and Large 1

400-500 lbs. 180.00-192.00  
 500-600 lbs. 170.00-183.00  
 600-650 lbs. 153.50-181.00  
 700-750 lbs. 159.25-167.60  
 800-850 lbs. 153.50-155.25

**SLAUGHTER BULLS:** Yield  
 Grade 1-2 1095-2190 lbs 88.00-102.50

**SLAUGHTER COWS:** Breaking and Boning, (70-85% lean) 71.00-85.75; high dressing 80.00-94.50. Lean (85-90%) 59.00-69.00

**BRED COWS:** Medium and Large 1-2 2-8 yrs 941-1550 lbs 2nd to 3rd stage 1510.00-1675.00. Medium and Large 2 2-8 yrs 1020-1416 lbs 2nd to 3rd stage 1075.00-1275.00 per head

**COW & CALF PAIRS:** Medium and Large 1-2 2-8 yrs 1006-1310 some rebred with 150 lb to over 300 lb calves 147500-1900.00 per pair

**AFTERNOON NATIONAL SLAUGHTER****CATTLE REVIEW 09/30/22**

So far for Friday negotiated cash trading in the Western Cornbelt has been limited on light demand. In the Southern Plains and Nebraska negotiated cash trading has been mostly inactive. Not enough purchases in any price range in any region for a full market trend. Wednesday was the last reported market in these regions. In the Southern Plains live purchases traded at 143.00. In Nebraska live and dressed purchases traded from 144.00-145.00 and from 228.00-233.00, respectively. In the Western Cornbelt live and dressed purchases traded at 145.00 and at 228.00, respectively.

**Negotiated Cash Sales:**

#### QUARTERLY HOGS AND PIGS 09/29/22

**United States inventory** of all hogs and pigs on September 1, 2022 was 73.8 million head. This was down 1 percent from September 1, 2021, but up 2 percent from June 1, 2022.

**Breeding inventory**, at 6.15 million head, was down 1 percent from last year, and down slightly from the previous quarter.

**Market hog inventory**, at 67.6 million head, was down 1 percent from last year, but up 2 percent from last quarter.

**The June-August 2022 pig crop**, at 33.6 million head, was down 1 percent from 2021. Sows farrowing during this period totaled 3.02 million head, down 1 percent from 2021. The sows farrowed during this quarter represented 49 percent of the breeding herd. The average pigs saved per litter was 11.13 for the June-August period, unchanged from last year.

#### GRAIN STOCKS 09/30/22

**Old crop corn** stocks in all positions on September 1, 2022 totaled 1.38 billion bushels, up 12 percent from September 1, 2021. Of the total stocks, 510 million bushels are stored on farms, up 29 percent from a year earlier. Off-farm stocks, at 867 million bushels, are up 3 percent from a year ago. The June-August 2022 indicated disappearance is 2.97 billion bushels, compared with 2.88 billion bushels during the same period last year. Based on an analysis of end-of-marketing year stock estimates, disappearance data for exports, and farm program administrative data, the 2021 corn for grain production is revised down 41.4 million bushels from the previous estimate. Corn silage production is revised down 888 thousand tons. Planted area is revised to 93.3 million acres, and area harvested for grain is revised to 85.3 million acres. Area harvested for silage is revised to 6.45 million acres. The 2021 grain yield, at 176.7 bushels per acre, is down 0.3 bushel from the previous estimate. The 2021 silage yield, at 20.1 tons per acre, remains unchanged from the previous estimate. A table with 2021 acreage, yield, and production estimates by States is included on pages 17 and 18 of this report.

**Old crop soybeans** stored in all positions on September 1, 2022 totaled 274 million bushels, up 7 percent from September 1, 2021. Soybean stocks stored on farms totaled 62.9 million bushels, down 8 percent from a year ago. Off-farm stocks, at 211 million bushels, are up 12 percent from last September. Indicated disappearance for June - August 2022 totaled 698 million bushels, up 36 percent from the same period a year earlier. Based on an analysis of end-of-marketing year stock estimates, disappearance data for exports and crushings, and farm program administrative data, the 2021 soybean production is revised up 30.2 million bushels from the previous estimate. Planted area is unchanged at 87.2 million acres, but harvested area is revised to 86.3 million acres. The 2021 yield, at 51.7 bushels per acre, is up 0.3 bushel from the previous estimate.

**All wheat** stored in all positions on September 1, 2022 totaled 1.78 billion bushels, up less than 1 percent from a year ago. On-farm stocks are estimated at 591 million bushels, up 41 percent from last September. Off-farm stocks, at 1.18 billion bushels, are down 13 percent from a year ago. The June - August 2022 indicated disappearance is 543 million bushels, down 24 percent from the same period a year earlier.

#### MISSOURI WEEKLY HAY SUMMARY 09/29/22

This week certainly felt like early fall, jackets were required to start the days but were quickly shed by lunch. Drought is becoming a story once again in the state, although for some it never really went away. Nearly 82 percent of the state is showing on the latest drought monitor. A few counties in southwest Missouri have now been moved into the D4 or exceptional drought stage, which is highest stage. If there is any positive to the lack of moisture, it would be that farmers are able to get in to fields and harvest grain without worries of mud or getting stuck, if they have anything to harvest that is. The supply of hay is moderate and demand is light to moderate and prices mostly steady. The Missouri Department of Agriculture has a hay directory visit <http://mda.mo.gov/abd/haydirectory/> for listings of hay <http://agebb.missouri.edu/haylst/>

Alfalfa - Supreme 250.00-300.00, small square 10.00-15.00 per bale

Alfalfa - Premium 180.00-250.00

Alfalfa - Good 150.00-180.00, small square 5.00-9.00 per bale

Alfalfa - Fair 125.00-150.00

Alfalfa/grass mix - Good/Premium small square 5.00-9.00 per bale

Mixed grass - Good/Premium 125.00-175.00

Mixed grass - Fair/Good 100.00-150.00, small square 5.00-8.00 per bale

Mixed grass - Fair 50.00-85.00 per large round bale

Wheat straw - 4.00-7.00 per small square bale

Please Note: The above volumes (tonnage, acres, and bales) listed on this USDA LPGMN report are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade.

The current hay directory can be found at:

### Missouri Steer (Heifer) Stocker Formula for 10/10/2022

Monday's Missouri Stocker Formula consists of 3770 (5058) head with a weighted average weight of 539.76 (543.85) lbs. and a price value of 186.22 (167.68), 6.18 lower (1.50 higher) than last Monday.

This a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

### Missouri Weekly Cattle Auction Summary 10/10/2022

Compared to last week, markets continue to be very mixed. Overall steer under 650 lbs. sold mostly 5.00 lower, weights over 650 lbs. sold mostly steady. Feeder heifers under 550 lbs. sold steady to 2.00 lower, weights over 550 lbs. sold steady to 4.00 higher. The supply of feeders was moderate with many more unweaned, unvaccinated calves offered than buyers would prefer to see. Demand was mixed and mostly dependent upon heath programs or lack there off. Although the percentage of steers and heifers was fairly normal, there was an unusually large number of six weight heifers this week. Several load lots of six weight heifers sold at different barns this week at prices which made many observers who might not have been paying a lot of attention take a second look to see if they were really heifers. Although many of these heifers were confirmed as being bought to be fed out, it is quite likely several showed up at barns earlier than planned due to dry conditions, resulting in lack of grass and hay supplies. Under normal conditions it is likely many of these same heifers would have been grown out and brought to market at a later date as replacements. Kingsville Livestock Market had one of the several impressive prices around the state this week with 82 head load of 618 lb. heifers which sold at 190.00. Once again this week this week the largest draft in the state was at Ozarks Regional Stockyards with 230 head of 921 lb. steers selling in one hammer drop at 168.50. This near identical sale to the one last week was 5.50 lower. Although grain harvest is in full swing around the state, it seemed there was much more talk about hay supplies than corn yields around the barns. Boxed beef cutouts were lower this week. Choice closed at 246.02, down 2.32 and select at 216.13, down 4.00 compared to last Friday. Livestock slaughter continues to be running at an impressive pace and feed yards are said to be very current. Negotiated sales gained a bit of ground this week, as of the Friday afternoon report volume was a bit shy of 95K head. Live sales were reported 144.00-148.00 and dressed sales mostly at 230.00. The Missouri Stocker Formula consist of 3770 head with a weighted average weight of 539.76 and a price value of 186.22, 6.18 lower than last week. The steer/heifer spread was 18.54.

## GRAIN CRUSHINGS AND CO-PRODUCTS PRODUCTION

10/03/2022

**Total corn consumed** for alcohol and other uses was 484 million bushels in August 2022. Total corn consumption was down 3 percent from July 2022 but up 3 percent from August 2021. August 2022 usage included 91.5 percent for alcohol and 8.5 percent for other purposes. Corn consumed for beverage alcohol totaled 4.01 million bushels, up 18 percent from July 2022 and up 69 percent from August 2021. Corn for fuel alcohol, at 432 million bushels, was down 3 percent from July 2022 but up 4 percent from August 2021. Corn consumed in August 2022 for dry milling fuel production and wet milling fuel production was 93.5 percent and 6.5 percent, respectively.

**Dry mill co-product production** of distillers dried grains with solubles (DDGS) was 1.87 million tons during August 2022, down 3 percent from July 2022 but up 2 percent from August 2021. Distillers wet grains (DWG) 65 percent or more moisture was 1.32 million tons in August 2022, up 3 percent from July 2022 and up 13 percent from August 2021.

**Wet mill corn gluten feed production** was 248,856 tons during August 2022, down 8 percent from July 2022 and down 9 percent from August 2021. Wet corn gluten feed 40 to 60 percent moisture was 189,203 tons in August 2022, down 15 percent from July 2022 and down 8 percent from August 2021.

## BROILER HATCHERY 10/05/2022

### **Broiler-Type Eggs Set in the United States Up 4 Percent**

Hatcheries in the United States weekly program set 239 million eggs in incubators during the week ending October 1, 2022, up 4 percent from a year ago. Average hatchability for chicks hatched during the week in the United States was 80.3 percent. Average hatchability is calculated by dividing chicks hatched during the week by eggs set three-weeks earlier.

### **Broiler-Type Chicks Placed in the United States Up 6 Percent**

Broiler growers in the United States weekly program placed 189 million chicks for meat production during the week ending October 1, 2022, up 6 percent from a year ago. Cumulative placements from the week ending January 8, 2022 through October 1, 2022 for the United States were 7.36 billion. Cumulative placements were up 1 percent from the same period a year earlier.

## MISSOURI WEEKLY HAY SUMMARY 10/06/22

Hay interest remains very high as conditions around the state continue to decline. Many cattlemen and women are being forced to make tough decisions and culling of cattle continues for some it was not the first unplanned trip to the auction this year. Hay is by no means abundant, but it also isn't so scarce it can't be found either. One actually doesn't have to spend an extreme amount of time on the computer or phone to find hay, the problem that potential customers are facing is it is only October. To start feeding now would make for a very long feeding season. Actual hay cost like everything is also much higher than usual, as well as trucking cost. So there is a lot of numbers to pencil down in order to make the best decisions. Near 94 percent of the state is now showing on the drought monitor with 12.5 percent now in D3-D4 status. The supply of hay is light to moderate and demand is moderate and prices mostly steady. The Missouri Department of Agriculture has a hay directory visit <http://mda.mo.gov/abd/haydirectory/> for listings of hay <http://agebb.missouri.edu/haylst/>  
Alfalfa - Supreme 250.00-300.00, small square 10.00-15.00 per bale  
Alfalfa - Premium 180.00-250.00  
Alfalfa - Good 150.00-180.00, small square 5.00-9.00 per bale  
Alfalfa - Fair 125.00-150.00  
Alfalfa/grass mix - Good/Premium small square 5.00-9.00 per bale  
Mixed grass - Good/Premium 125.00-175.00  
Mixed grass - Fair/Good 100.00-150.00, small square 5.00-8.00 per bale  
Mixed grass - Fair 50.00-85.00 per large round bale  
Wheat straw - 4.00-7.00 per small square bale

Please Note: The above volumes (tonnage, acres, and bales) listed on this USDA LPGMN report are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade.

379 lbs. 168.16	571 lbs. 163.60	783 lbs. 161.18	963 lbs. 144.82
426 lbs. 166.56	627 lbs. 168.19	816 lbs. 158.49	
471 lbs. 167.69	679 lbs. 167.36	859 lbs. 149.95	

### Missouri Steer (Heifer) Stocker Formula for 10/17/2022

Monday's Missouri Stocker Formula consists of **3835 (3748)** head with a weighted average weight of **548.98 (529.27)** lbs. and a price value of **183.36 (160.38)**, 2.96 lower (7.30 lower) than last Monday.

This a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

### Missouri Weekly Cattle Auction Summary 10/17/2022

Compared to last week, feeders sold steady to 5.00 lower with some instances of as much as 10.00-15.00 lower noted at a few locations. As expected in October the biggest declines are on unweaned or unvaccinated cattle which have already been selling a fairly hefty discounts to those with a verifiable health program. Despite much of the state receiving a half to an inch of rain in the last week there were some areas that missed out once again. Although the rain wasn't likely enough to really do much good it did come after the weekly data for the drought monitor was compiled, which now shows 100 percent of the state in drought conditions. If the growing season wasn't already over it for sure will be by the next report as a very hard freeze is expected the next couple of days with the highs more along the lines of what the state should be seeing for lows. Unionville Livestock Market sold a load of 916 lb. steers for 180.25 which is a very impressive ticket. Just a couple of months ago loads of eight weight steers all across the state were in the mid to upper 180's that isn't the case currently. A few loads are still getting into the lower 180's but the 170's is much more common. For the third week in a row the largest draft in the state was at Ozarks Regional Stockyards where with 229 head of 928 lb. steers, from the same farm as like size and weights have sold from the last two weeks, brought 169.00. That is 0.50 higher than the draft last week but 5.00 lower than the one from two weeks ago. Boxed beef cutouts closed a bit higher this week. Choice closed at 246.98, up 0.91 and select at 216.94, up 0.81 compared to last Friday. Negotiated sales gained a bit of ground this week, as of the Friday afternoon report volume was a not that impressive just over 68k head, although it is likely the final tally could be higher if some trade took place after the Friday afternoon report. Live sales were reported 145.00-148.00 and dressed sales mostly at 232.00. The Missouri Stocker Formula consist of 3835 head with a weighted average weight of 545.98 and a price value of 183.36, 2.96 lower than last week. The steer/heifer spread was 22.98.

## WORLD AGRICULTURAL SUPPLY AND DEMAND EST.

**OILSEEDS:** U.S. oilseed production for 2022/23 is forecasted at 126.9 million tons, down 1.6 million from last month with lower soybean, peanut, and cottonseed production partly offset with higher forecasts for canola and sunflowerseed. Soybean production is forecast at 4.3 billion bushels, down 65 million on lower yields. Harvested area is unchanged at 86.6 million acres. The soybean yield is projected at 49.8 bushels per acre, down 0.7 bushels from the September forecast. With lower production partly offset by higher beginning stocks, supplies are reduced 31 million bushels. Soybean exports are reduced 40 million bushels to 2.05 billion with increased competition from South America. With lower exports partly offset by increased crush, ending stocks are unchanged from last month at 200 million bushels. The U.S. season-average soybean price for 2022/23 is forecast at \$14.00 per bushel, down 35 cents. Soybean meal and oil prices are unchanged at \$390.00 per short ton and 69 cents per pound respectively.

**COARSE GRAINS:** This month's 2022/23 U.S. corn outlook is for reduced supplies, greater feed and residual use, lower exports and corn used for ethanol, and smaller ending stocks. Corn production is forecast at 13.895 billion bushels, down 49 million on a reduction in yield to 171.9 bushels per acre. Corn supplies are forecast at 15.322 billion bushels, a decline of 172 million bushels from last month, as lower production and beginning stocks are partially offset by higher imports. Exports are lowered 125 million bushels reflecting smaller supplies and slow early-season demand. Projected feed and residual use is raised 50 million bushels based on indicated disappearance during 2021/22. Corn used for ethanol is lowered 50 million bushels. With supply falling more than use, corn ending stocks for 2022/23 are cut 47 million bushels. The season-average corn price received by producers is raised 5 cents to \$6.80 per bushel.

**WHEAT:** The outlook for 2022/23 U.S. wheat this month is for lower supplies, domestic use, exports, and stocks. Supplies are reduced on lower 2022/23 production based on the NASS Small Grains Summary that indicated reductions in both harvested area and yield. This lowered production by 133 million bushels to 1,650 million, leaving production only minimally higher than last year. Partially offsetting the production decline are higher projected imports, raised 10 million bushels to 120 million, all for Hard Red Spring. Annual feed and residual use is lowered 30 million bushels to 50 million, based on first quarter disappearance, as indicated in the NASS Grain Stocks report. This is the lowest first quarter total disappearance since 1983/84. Wheat exports are lowered 50 million bushels to 775 million on reduced supplies, slow pace of export sales, and continued uncompetitive U.S. export prices. This would be the lowest U.S. wheat exports since 1971/72. Projected ending stocks are lowered 34 million bushels to 576 million, which would be the lowest since 2007/08. The season-average farm price is raised \$0.20 per bushel to \$9.20 on reported NASS prices to date and expectations for futures and cash prices for the remainder of 2022/23.

### MISSOURI WEEKLY HAY SUMMARY 10/13/22

The good news for the week is a beautiful four letter word: Rain. Most of the state received a half to an inch of rain over the last few days. Nothing remotely enough to do much besides settle the dust for a day or two but at least it can rain. Frost was present a few mornings over the last week and a very strong cold front is forecast next week, which should officially end the growing season. Although, it got cold enough in some areas last week that it may have already happened. Despite the little bit of moisture which came after data for the weekly drought monitor was collected, the entire state is now 100 percent showing on the drought monitor. The latest crop conditions report shows 57 percent of pastures statewide in poor to very poor ratings. Stock water supplies are 46 percent short to very short. Supply of hay and other roughages at 47 percent short to very short. Topsoil and subsoil moisture at 77 and 72 percent short to very short respectively. The supply of hay is light to moderate and demand is moderate and prices mostly steady. The Missouri Department of Agriculture has a hay directory visit <http://mda.mo.gov/abd/haydirectory/> for listings of hay <http://agebb.missouri.edu/haylst/>  
Alfalfa - Supreme 250.00-300.00, small square 10.00-15.00 per bale  
Alfalfa - Premium 180.00-250.00  
Alfalfa - Good 150.00-180.00, small square 5.00-9.00 per bale  
Alfalfa - Fair 125.00-150.00  
Alfalfa/grass mix - Good/Premium small square 5.00-9.00 per bale  
Mixed grass - Good/Premium 125.00-175.00  
Mixed grass - Fair/Good 100.00-150.00, small square 5.00-8.00 per bale  
Mixed grass - Fair 50.00-85.00 per large round bale  
Wheat straw - 4.00-7.00 per small square bale

Please Note: The above volumes (tonnage, acres, and bales) listed on this USDA LPGMN report are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade.

376 lbs. 168.37	574 lbs. 162.04	770 lbs. 159.46
424 lbs. 171.26	636 lbs. 166.21	829 lbs. 149.60
471 lbs. 168.23	675 lbs. 164.61	868 lbs. 160.52

### Missouri Steer (Heifer) Stocker Formula for 10/24/2022

Monday's Missouri Stocker Formula consists of **3109 (3833)** head with a weighted average weight of **545.92 (539.03)** lbs. and a price value of **182.24 (158.62)**, 1.02 lower (1.76 lower) than last Monday.

This a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

### Missouri Weekly Cattle Auction Summary 10/24/2022

Compared to last week, feeders sold unevenly steady with about equal instances of 5.00 going both ways. The supply of feeders was moderate with exactly 50 percent of the feeder offering over 600 lbs. this week. Demand for feeders continues to depend a lot on health programs. A hard freeze came this week with record setting lows in some areas of the state bringing an end to the growing season. Generally that would be a sign that the weather was going to stabilize and help end some of the health issues, but just a few days later record highs were also set in parts of the state. The monthly cattle on feed report was released on Friday afternoon. Pre report estimates were spot on with official numbers providing no unwanted surprises. On feed numbers were 99 percent, placements were 96, and marketings were 104. Boxed beef cutouts gained some ground with choice closing at 253.71, up 7.23 and select closing at 224.36, up 7.42 compared to last week. Negotiated feedlot sales as of Friday afternoon was just over 100K head. Live sales were reported mostly from 148.00-152.00 and dressed sales mostly 236.00. The Missouri Stocker Formula consist of 3109 head with a weighted average weight of 545.92 lbs. and a price value of 182.24, down 1.02 from last week. The steer/heifer spread is 23.62. Supply included: 76% Feeder Cattle (44% Steers, 0% Dairy Steers, 48% Heifers, 8% Bulls); 19% Slaughter Cattle (1% Steers, 1% Heifers, 90% Cows, 8% Bulls); 5% Replacement Cattle (30% Stock Cows, 46% Bred Cows, 3% Bred Heifers, 20% Cow-Calf Pairs, 1% Bulls). Feeder cattle supply over 600 lbs was 50%.

### CATTLE ON FEED 10/21/22

#### **United States Cattle on Feed Down 1 Percent**

**Cattle and calves on feed** for the slaughter market in the United States for feedlots with capacity of 1,000 or more head totaled 11.4 million head on October 1, 2022. The inventory was 1 percent below October 1, 2021. The inventory included 6.90 million steers and steer calves, down 2 percent from the previous year. This group accounted for 60 percent of the total inventory. Heifers and heifer calves accounted for 4.55 million head, up 1 percent from 2021.

**Placements** in feedlots during September totaled 2.08 million head, 4 percent below 2021. Net placements were 2.03 million head. During September, placements of cattle and calves weighing less than 600 pounds were 445,000 head, 600-699 pounds were 330,000 head, 700-799 pounds were 440,000 head, 800-899 pounds were 480,000 head, 900-999 pounds were 290,000 head, and 1,000 pounds and greater were 95,000 head.

**Marketings** of fed cattle during September totaled 1.86 million head, 4 percent above 2021.

**Other disappearance** totaled 53,000 head during September, 9 percent below 2021.

### LIVESTOCK SLAUGHTER 10/20/22

#### **Record High Beef Production for September**

**Commercial red meat production** for the United States totaled 4.67 billion pounds in September, up 2 percent from the 4.58 billion pounds produced in September 2021.

**Beef production**, at 2.39 billion pounds, was 4 percent above the previous year. Cattle slaughter totaled 2.90 million head, up 4 percent from September 2021. The average live weight was down 1 pound from the previous year, at 1,364 pounds.

**Veal production** totaled 4.2 million pounds, 5 percent below September a year ago. Calf slaughter totaled 30,800 head, down 10 percent from September 2021. The average live weight was up 14 pounds from last year, at 238 pounds.

**Pork production** totaled 2.26 billion pounds, down slightly from the previous year. Hog slaughter totaled 10.7 million head, down 1 percent from September 2021. The average live weight was up 2 pounds from the previous year, at 285 pounds.

**Lamb and mutton production**, at 10.7 million pounds, was down slightly from September 2021. Sheep slaughter totaled 168,800 head, 8 percent below last year. The average live weight was 125 pounds, up 9 pounds from September a year ago.

**January to September 2022 commercial red meat production** was 41.5 billion pounds, down slightly from 2021. Accumulated beef production was up 2 percent from last year, veal was up 4 percent, pork was down 2 percent from last year, and lamb and mutton production was down 4 percent.

### MISSOURI WEEKLY HAY SUMMARY 10/20/22

The growing season officially came to an end with record setting lows and a hard freeze this week. As typical, however, the mercury is expected to climb to near 80 in just a few days. Several producers in the state are already feeding hay and some have been for a bit. Drought conditions continue to worsen and in some of the driest areas there is concern about water supplies now. The supply of hay is light to moderate and demand is moderate and prices mostly steady. The Missouri Department of Agriculture has a hay directory visit <http://mda.mo.gov/abd/haydirectory/> for listings of hay <http://agebb.missouri.edu/haylst/>

Alfalfa - Supreme 250.00-300.00, small square 10.00-15.00 per bale

Alfalfa - Premium 180.00-250.00

Alfalfa - Good 150.00-180.00, small square 5.00-9.00 per bale

Alfalfa - Fair 125.00-150.00

Alfalfa/grass mix - Good/Premium small square 5.00-9.00 per bale

Mixed grass - Good/Premium 125.00-175.00

Mixed grass - Fair/Good 100.00-150.00, small square 5.00-8.00 per bale

Mixed grass - Fair 50.00-85.00 per large round bale

Wheat straw - 4.00-7.00 per small square bale

Please Note: The above volumes (tonnage, acres, and bales) listed on this USDA LPGMN report are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade.

The current hay directory can be found at:

<https://apps.mda.mo.gov/HayDirectory>.

## Missouri Steer (Heifer) Stocker Formula for 10/31/2022

Monday's Missouri Stocker Formula consists of **3162 (3298)** head with a weighted average weight of **549.19 (536.19)** lbs. and a price value of **184.02 (162.18)**, 1.78 higher (3.56 higher) than last Monday.

This a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

## Missouri Weekly Cattle Auction Summary 10/31/2022

Compared to last week, feeders sold steady to 3.00 higher with several load lots of yearlings sharply higher. The supply of feeders was moderate with 54 percent of the feeder offering over 600 lbs. Several load and multi load lots of high quality feeders offered at barns this week. Demand for feeders is moderate. As October comes to an end and wraps up "dead calf month" and the weather becomes more stable buyers are able to deal with those calves with little to no health programs a bit better. Although they will always be less desirable discounts are becoming less. Rains have brightened the moods and even some talk of wheat pasture possibilities in parts of OK and TX providing some much needed outlets besides straight to crowded feedlots. As mentioned earlier several loads and multi load lots were offered at various sales this week. The largest was a multi load lot which sold at Mo-Kan Livestock Market in Butler and consisted of 316 head of high quality reputation steers with an average weight of 824 lbs. and sold for 188.00. Despite the much needed rains that fell the drought has and continues to affect markets. One eye catching fact that has been noticed has been the lower prices for replacements. Going into winter no one has any extra feed and there are many more sellers than buyers for extra mommas currently. Very few pairs will top the 2k mark and it's almost impossible for bred cows to bring that, even though some producers have been forced to turn loose of some very good quality cows. Boxed beef cutouts gained significant ground with choice closing at 263.26, up 9.55 and select closing at 234.49, up 10.13 compared to last week. Negotiated feedlot sales as of Friday afternoon was near 82K head. Live sales were reported from 151,00-155.00 and dressed sales 240.00. The Missouri Stocker Formula consist of 3162 head with a weighted average weight of 548.19 lbs. and a price value of 184.02, up 1.78 from last week. The steer/heifer spread is 21.84.

**COW & CALF PAIRS:** Scarce

**AFTERNOON NATIONAL SLAUGHTER CATTLE REVIEW 10/28/22**

Thus far for Friday in Nebraska and Western Cornbelt negotiated cash trading has been slow on light demand. In both regions a few live and dressed purchases traded from 152.00-153.00 and at 240.00, respectively. However, not enough purchases in either region for a full market trend. In the Southern Plains negotiated cash trading has been at a standstill. Thursday was the last reported market in these regions. In the Southern Plains live purchases traded at 150.00. In Nebraska live and dressed purchases traded from 152.00-153.00 and at 240.00, respectively. In the Western Cornbelt live and dressed purchases traded from 151.00-153.00 and at 240.00, respectively.

**September 2022 Highlights**

**Total natural cheese stocks** in refrigerated warehouses on September 30, 2022 were down 1 percent from the previous month but up 1 percent from September 30, 2021.

**Butter stocks** were down 4 percent from last month and down 18 percent from a year ago.

**Total frozen poultry supplies** on September 30, 2022 were up slightly from the previous month and up 10 percent from a year ago. Total stocks of chicken were up 5 percent from the previous month and up 18 percent from last year. Total pounds of turkey in freezers were down 9 percent from last month and down 5 percent from September 30, 2021.

**Total frozen fruit stocks** were up 6 percent from last month and up 8 percent from a year ago.

**Total frozen vegetable stocks** were up 21 percent from last month and up 1 percent from a year ago.

**Total red meat supplies** in freezers were up 1 percent from the previous month and up 17 percent from last year. Total pounds of beef in freezers were up 2 percent from the previous month and up 19 percent from last year. Frozen pork supplies were down slightly from the previous month but up 14 percent from last year. Stocks of pork bellies were up 3 percent from last month and up 183 percent from last year.

**BROILER HATCHERY 10/26/2022****Broiler-Type Eggs Set in the United States Up Slightly**

Hatcheries in the United States weekly program set 235 million eggs in incubators during the week ending October 22, 2022, up slightly from a year ago. Average hatchability for chicks hatched during the week in the United States was 80.0 percent. Average hatchability is calculated by dividing chicks hatched during the week by eggs set three-weeks earlier.

**Broiler-Type Chicks Placed in the United States Up 6 Percent**

Broiler growers in the United States weekly program placed 188 million chicks for meat production during the week ending October 22, 2022, up 6 percent from a year ago. Cumulative placements from the week ending January 8, 2022 through October 22, 2022 for the United States were 7.92 billion. Cumulative placements were up 2 percent from the same period a year earlier.

**MISSOURI WEEKLY HAY SUMMARY 10/27/2022**

Rains fell around the state with many areas reporting in the 1-3 inch range. It has been so dry however, that the moisture was absorbed so fast the creeks didn't even start to run and combines were back in the fields the very next day. It's nearly impossible to drive any distance without seeing a flatbed or a bumper hitch loaded with hay on the roads now. Many farmers know they don't have enough for winter and currently feeding so the market is pretty active. The supply of hay is light to moderate and demand is moderate and prices mostly steady. The Missouri Department of Agriculture has a hay directory visit <http://mda.mo.gov/abd/haydirectory/> for listings of hay <http://agebb.missouri.edu/haylst/>

Alfalfa - Supreme 250.00-300.00, small square 10.00-15.00 per bale  
Alfalfa - Premium 180.00-250.00  
Alfalfa - Good 150.00-180.00, small square 5.00-9.00 per bale  
Alfalfa - Fair 125.00-150.00  
Alfalfa/grass mix - Good/Premium small square 5.00-9.00 per bale  
Mixed grass - Good/Premium 125.00-175.00  
Mixed grass - Fair/Good 100.00-150.00, small square 5.00-8.00 per bale  
Mixed grass - Fair 50.00-85.00 per large round bale  
Wheat straw - 4.00-7.00 per small square bale

Please Note: The above volumes (tonnage, acres, and bales) listed on this USDA LPGMN report are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade.

### Missouri Steer (Heifer) Stocker Formula for 11/07/2022

Monday's Missouri Stocker Formula consists of **5874 (5737)** head with a weighted average weight of **538.45 (530.06)** lbs. and a price value of **191.92 (166.06)**, 7.90 higher (3.88 higher) than last Monday.

This a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

### Missouri Weekly Cattle Auction Summary 11/07/2022

Compared to last week, steers under 650 lbs. sold 5.00 to 10.00 higher with steers over 650 lbs. and all weights of heifers steady to 5.00 higher. The supply of feeders was moderate with most barns having good numbers across the weight spectrum this week. The weather is still a transitional mess but a couple of cold snaps the last few weeks has helped some with health issues. As November has arrived and harvest is done or nearing completion the next few weeks should really tell the story of what cattle numbers are. Historically the first few weeks of the month good volume weeks, as most producers will try to finish up this years' marketing prior to the holidays or else wait till the New Year. The overall feeling for most is that early marketing due to the summer drought hasn't left a lot for big sales but time will tell to what extent that really is true. Demand for all classes was good this week, moisture not only in Missouri but across wheat growing areas has no doubt provided some optimism to the market. A load of steers this week at Kingsville Livestock Market weighting 712 lbs. and tagged as thin fleshed sold at 202.60 with another part load near the same weight also tagged as thin fleshed sold at 209.00. The two largest drafts came from the states' largest barn this week, Joplin Regional Stockyards, which sold two multi load drafts (358 and 244 head) of put together average quality commercial type steers that averaged on either side of 850 lbs. for a total of 602 head and sold at 173.25 and 173.75. Boxed beef cut-outs were mixed this choice closed at 263.75, up 0.49 and select closing at 231.90, down 2.59 compared to last week. Negotiated feedlot sales as of Friday afternoon was near 86K head. Live sales were reported in the south at 149.00-150.00 and in the north mostly 153.00 with a few up to 155.00, dressed sales at 242.00-243.00. The Missouri Stocker Formula consist of 5874 head with a weighted average weight of 538.45 lbs. and a price value of 191.92, up 7.90 from last week. The steer/heifer spread is 25.86.

\*Graph is updated the first Monday of each month.

**AGRICULTURAL PRICES 10/31/2022****September Prices Received Index Down 0.2 Percent**

The September Prices Received Index 2011 Base (Agricultural Production), at 131.2, decreased 0.2 percent from August but increased 21 percent from September 2021. At 127.0, the Crop Production Index was down 1.3 percent from last month but up 17 percent from the previous year. The Livestock Production Index, at 136.4, increased 1.3 percent from August, and 26 percent from September last year. Producers received lower prices during September for hogs, broilers, soybeans, and strawberries, but higher prices for market eggs, lettuce, cattle, and broccoli. In addition to prices, the indexes are influenced by the volume change of commodities producers market. In September, there was decreased marketing of cattle, wheat, upland cotton, and peaches and increased monthly movement for soybeans, corn, apples, and dry beans.

**September Prices Paid Index Down 0.1 Percent**

The September Prices Paid Index for Commodities and Services, Interest, Taxes, and Farm Wage Rates (PPITW), at 136.3, is down 0.1 percent from August 2022 but up 13 percent from September 2021. Lower prices in September for feeder pigs, other services, LP gas, and gasoline more than offset higher prices for complete feeds, supplements, and concentrates.

**MISSOURI WEEKLY HAY SUMMARY 11/03/2022**

Ever so slight improvement was noted on the latest drought monitor following recent rains. The overall conditions around the state are still dry, however. The moisture and temperatures, which have been well above average, has been beneficial to crops such as wheat or rye grasses that were planted. Hay market activity remains very active. The supply of hay is light to moderate, demand is moderate, and prices mostly steady. The Missouri Department of Agriculture has a hay directory visit <http://mda.mo.gov/abd/haydirectory/> for listings of hay <http://agebb.missouri.edu/haylst/>

Alfalfa - Supreme 250.00-300.00, small square 10.00-15.00 per bale  
 Alfalfa - Premium 180.00-250.00  
 Alfalfa - Good 150.00-180.00, small square 5.00-9.00 per bale  
 Alfalfa - Fair 125.00-150.00  
 Alfalfa/grass mix - Good/Premium small square 5.00-9.00 per bale  
 Mixed grass - Good/Premium 125.00-175.00  
 Mixed grass - Fair/Good 100.00-150.00, small square 5.00-8.00 per bale  
 Mixed grass - Fair 50.00-85.00 per large round bale  
 Wheat straw - 4.00-7.00 per small square bale

Please Note: The above volumes (tonnage, acres, and bales) listed on this USDA LPGMN report are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade.

### Missouri Steer (Heifer) Stocker Formula for 11/14/2022

Monday's Missouri Stocker Formula consists of **7615 (7155)** head with a weighted average weight of **541.56 (532.55)** lbs. and a price value of **190.93 (166.50)**, 0.99 lower (0.44 higher) than last Monday.

This is a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

### Missouri Weekly Cattle Auction Summary 11/14/2022

Compared to last week, feeders sold steady to 5.00 higher, although late week markets did note some pressure and lower trends. The supply of feeder was moderate to heavy with one of the biggest total runs the state has seen in several months. Demand was good, especially for thinner fleshed light weight calves that could be turned out on wheat. A few reporters noted that was especially true for the heifer calves. A couple of notable sales this week included 210 head of steers tagged as fancy at Joplin Regional Stockyards with an average weight of 728 lbs. which sold for 196.25. On the other end of the scale 125 head of thin fleshed steers with an average weight of 463 lbs. also sold at Joplin Regional Stockyards for 229.00. Record high temperatures in the low 80's mid-week was briskly replaced by late week and weekend. A cold north wind came and brought the first snow of the season for several parts of the state. Some areas reported two inches of the white stuff. Boxed beef cutouts were mixed this week choice closed at 258.94, down 4.81 and select closed at 235.27, up 3.37 compared to last week. Negotiated feedlot sales as of Friday afternoon was near 100K head. Live sales were reported in the south at 149.00-150.00 and in the north mostly 153.00 with a few up to 155.00, dressed sales mostly at 242.00. The Missouri Stocker Formula consist of 7615 head with a weighted average weight of 541.56 lbs. and a price value of 190.93, down 0.99 from last week. The steer/heifer spread is 24.43.

\*Graph is updated the first Monday of each month.

## CROP PRODUCTION

Released November 9, 2022, by the National Agricultural Statistics Service (NASS), Agricultural Statistics Board, United States Department of Agriculture (USDA).

Corn Production Up Less Than 1 Percent from October Forecast  
Soybean Production Up 1 Percent  
Cotton Production Up 2 Percent

Corn production for grain is forecast at 13.9 billion bushels, up less than 1 percent from the previous forecast but down 8 percent from 2021. Based on conditions as of November 1, yields are expected to average 172.3 bushels per harvested acre, up 0.4 bushel from the previous forecast but down 4.4 bushels from last year. Area harvested for grain, forecast at 80.8 million acres, is unchanged from the previous forecast but down 5 percent from the previous year.

Soybean production for beans is forecast at 4.35 billion bushels, up 1 percent from the previous forecast but down 3 percent from last year. Based on conditions as of November 1, yields are expected to average 50.2 bushels per harvested acre, up 0.4 bushel from the previous forecast but down 1.5 bushels from 2021. Area harvested for beans in the United States is forecast at 86.6 million acres, unchanged from the previous forecast but up less than 1 percent from 2021.

All cotton production is forecast at 14.0 million 480-pound bales, up 2 percent from the previous forecast but down 20 percent from 2021. Based on conditions as of November 1, yields are expected to average 855 pounds per harvested acre, up 13 pounds from the previous forecast and up 36 pounds from 2021. Upland cotton production is forecast at 13.6 million 480-pound bales, up 2 percent from the previous forecast but down 21 percent from 2021. Pima cotton production is forecast at 470,000 bales, up less than 1 percent from the previous forecast and up 42 percent from 2021. All cotton area harvested is forecast at 7.88 million acres, unchanged from the previous forecast but down 23 percent from 2021.

## MISSOURI WEEKLY HAY SUMMARY 11/10/2022

Weather around the state continues to be very volatile as the seasons try to figure out what to do. Record highs were set on Wednesday in some areas but by weekend heavy coats will be needed as temperatures are expected to get down in the high teens or low twenties. The drought monitor continues to slowly show improvement. Although the growing season is over moisture is quite welcome to fill ponds and add to the extremely depleted soil. Hay movement remains good, the supply of hay is light to moderate and demand is moderate and prices mostly steady. The Missouri Department of Agriculture has a hay directory visit <http://mda.mo.gov/abd/haydirectory/> for listings of hay <http://agebb.missouri.edu/haylst/>

Alfalfa - Supreme 250.00-300.00, small square 10.00-15.00 per bale  
Alfalfa - Premium 180.00-250.00  
Alfalfa - Good 150.00-180.00, small square 5.00-9.00 per bale  
Alfalfa - Fair 125.00-150.00  
Alfalfa/grass mix - Good/Premium small square 5.00-9.00 per bale  
Mixed grass - Good/Premium 125.00-175.00  
Mixed grass - Fair/Good 100.00-150.00, small square 5.00-8.00 per bale  
Mixed grass - Fair 50.00-85.00 per large round bale  
Wheat straw - 4.00-7.00 per small square bale

## MISSOURI WEEKLY SHEEP/GOAT AUCTION SUMMARY

### Missouri Steer (Heifer) Stocker Formula for 11/21/2022

Monday's Missouri Stocker Formula consists of 7174 (6911) head with a weighted average weight of 546.90 (529.82) lbs. and a price value of 188.42 (166.62), 2.51 lower (0.12 higher) than last Monday.

This is a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

### Missouri Weekly Cattle Auction Summary 11/21/2022

Compared to last week, feeders were uneven from 2.00 lower to 2.00 higher. The supply of feeders was moderate and although there was several larger consignments many reporters noted a larger number of smaller odds and ends this week with overall quality not quite matching what was seen last week. For several barns this was the last sale prior to Thanksgiving. There are several other barns however that are holding special sales next week with some large numbers expected at those scheduled sales. The monthly Cattle on Feed Report was released on Friday and numbers should be viewed as bullish. On feed numbers reported at 99 percent of a year ago that was just slightly above the average pre report estimate but still within the ranges. Marketings were pretty much right in line with expectations at 101 percent. The big news came from the placement number which was reported at 94 percent which was two percent below the average estimate and slightly below the very bottom end of the range. It was also noted that this was the smallest Oct placement number recorded since the report began in 1996. The largest draft this week was from Joplin Regional Stockyards which sold 533 head of 844 lb. steers with one drop of the hammer at 177.00. The second largest draft was also at Joplin Regional Stockyards but was a draft of heifers 307 head with an average weight of 920 lbs. and sold for 157.00. A couple other notable loads this week included a load of 529 lbs. steers tagged as thin fleshed which sold at Green City Livestock Market on Wednesday at 220.50 and finally another load of steers with an average weight of 907 lbs. sold at Callaway Livestock Center for 175.00. Boxed beef cutouts were lower this week choice closed at 254.87, down 4.07 and select closed at 232.83, down 2.44 compared to last week. Negotiated feedlot sales as of Friday afternoon was near 87K head and sold higher. Live sales were reported 150.00-155.00 with a few late week sales at 156.00, dressed sales mostly at 242.00. The Missouri Stocker Formula consist of 7174 head with a weighted average weight of 546.90 lbs. and a price value of 188.42, down 2.51 from last week. The steer/heifer spread is 21.80.

So far for Friday in the Western Cornbelt negotiated cash trading has been limited on light demand. A few live purchases traded at 155.00. In the Southern Plains and Nebraska negotiated cash trading has been mostly inactive on very light demand. Not enough purchases in any regions for a full market trend. Thursday was the last reported market in the Southern Plains and Western Cornbelt. In the Texas Panhandle live purchases traded from 150.00-151.00. In Kansas live purchases traded from 151.00-152.00. In the Western Cornbelt live and dressed purchases traded from 154.00-155.00 and at 242.00, respectively. In Nebraska the last reported live purchase market was on Thursday from 153.00-155.00 and Wednesday was the last reported dressed purchase market at 242.00.

## Cattle on Feed

### United States Cattle on Feed Down 2 Percent

Cattle and calves on feed for the slaughter market in the United States for feedlots with capacity of 1,000 or more head totaled 11.7 million head on November 1, 2022. The inventory was 2 percent below November 1, 2021.

Placements in feedlots during October totaled 2.11 million head, 6 percent below 2021. Placements were the lowest for October since the series began in 1996. Net placements were 2.05 million head. During October, placements of cattle and calves weighing less than 600 pounds were 545,000 head, 600-699 pounds were 465,000 head, 700-799 pounds were 450,000 head, 800-899 pounds were 378,000 head, 900-999 pounds were 190,000 head, and 1,000 pounds and greater were 80,000 head.

Marketings of fed cattle during October totaled 1.80 million head, 1 percent above 2021.

Other disappearance totaled 54,000 head during October, 5 percent below 2021.

## Peanut Prices

### Peanut Price Highlights

Peanut prices received by farmers for all farmer stock peanuts averaged 30.7 cents per pound for the week ending November 12, up 2.4 cents from the previous week. Marketings of all farmer stock peanuts for the week ending November 12 totaled 52.8 million pounds, down 46.4 million pounds from the previous week.

Runner-type peanut prices averaged 28.8 cents per pound for the week ending November 12, up 2.7 cents from the previous week. Marketings of runner-type peanuts totaled 43.8 million pounds, down 46.3 million pounds from the previous week.

## MISSOURI WEEKLY HAY SUMMARY 11/17/2022

Record high temperatures from last week were, as predicted, replaced by winter. Temperatures more in line with January, rather than early November settled across the state. The first snow of the year fell for most of the state with some areas receiving two rounds of the white stuff. Three or four inches in a few areas had several farmers rolling out the first hay of the year. There are many however, that have been feeding at least some for a while due to drought, that prevented any stockpiling of fall forages. Hay supplies are light to moderate. There is still at this time adequate amounts of hay that can be found and bought, although price levels are tough to swallow, even as they still unlikely cover the cost of what production cost this year. Demand for hay and hay movement is moderate. Hay prices are fully steady to slightly firm. The Missouri Department of Agriculture has a hay directory visit <http://mda.mo.gov/abd/haydirectory/> for listings of hay <http://agebb.missouri.edu/haylst/>

Alfalfa - Supreme 250.00-300.00, small square 10.00-15.00 per bale  
Alfalfa - Premium 180.00-250.00  
Alfalfa - Good 150.00-180.00, small square 5.00-9.00 per bale  
Alfalfa - Fair 125.00-150.00  
Alfalfa/grass mix - Good/Premium small square 5.00-9.00 per bale  
Mixed grass - Good/Premium 125.00-175.00  
Mixed grass - Fair/Good 100.00-150.00, small square 5.00-8.00 per bale  
Mixed grass - Fair 50.00-85.00 per large round bale  
Wheat straw - 4.00-7.00 per small square bale

### Missouri Steer (Heifer) Stocker Formula for 11/28/2022

Monday's Missouri Stocker Formula consists of **4442 (3835)** head with a weighted average weight of **549.38 (530.79)** lbs. and a price value of **195.80 (170.30)**, 7.38 higher (3.68 higher) than last Monday.

This a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

### Missouri Weekly Cattle Auction Summary 11/28/2022

Compared to last week, feeders sold steady to 5.00 higher. The supply of feeders was moderate for the week as a whole, however several barns remained dark this week for the holiday and receipts were heavy in the barns that held sales; most of which were advertised as a special sale in some way or another. The supply consisted of many large consignments and buyers were presented with load after load of high quality cattle that had been held just for these sales. The largest draft this week was from Joplin Regional Stockyards which sold 457 head of 826 lb. steers at 181.00, 4.00 higher than a 500 plus head draft of steers nearly the same weight which sold last week. The entire week held enough highlights that would fill several buyer cards but a couple other larger drafts that stood out; although not necessarily the highest prices included 150 head of 676 lb. steers tagged as fancy which sold at Callaway Livestock Center for 197.25. Green City Livestock Market held their two day Thanksgiving week special and among the multiple loads there was 125 head of 690 lbs. heifers which sold for 181.25. The replacement cow market has also found some new life following the very dry summer and fall. Eastern Missouri Commission Company in Bowling Green held a special cow sale on Saturday and bidding on bred heifers climbed all the way to 2750.00 per head for a top of the auction sale with a total of over 150 head exceeding 2400.00 per head. Boxed beef cutouts were mixed this week choice closed at 251.83, down 3.04 and select closed at 234.97, up 2.14 compared to last week. Negotiated feedlot sales as of Friday afternoon was just over 93K head and sold higher with most trade reported on Wednesday as packer buyers and feedlot managers looked to get business done prior to the holiday. Live sales were reported mostly from 154.00-158.00, dressed sales mostly at 245.00. The Missouri Stocker Formula consist of 4442 head with a weighted average weight of 549.38 lbs. and a price value of 195.80, up 7.38 from last week. The steer/heifer spread is 25.50.

\*Graph is updated the first Monday of each month.

## LIVESTOCK SLAUGHTER

Commercial Red Meat Production Up Slightly from Last Year

October 2021 contained 21 weekdays (including 1 holiday) and 5 Saturdays.

October 2022 contained 21 weekdays (including 1 holiday) and 5 Saturdays.

Commercial red meat production for the United States totaled 4.76 billion pounds in October, up slightly from the 4.75 billion pounds produced in October 2021.

Beef production, at 2.40 billion pounds, was 2 percent above the previous year. Cattle slaughter totaled 2.90 million head, up 2 percent from October 2021. The average live weight was down 1 pound from the previous year, at 1,375 pounds.

Veal production totaled 4.5 million pounds, 1 percent below October a year ago. Calf slaughter totaled 30,400 head, down 14 percent from October 2021. The average live weight was up 34 pounds from last year, at 259 pounds.

Pork production totaled 2.34 billion pounds, down 1 percent from the previous year. Hog slaughter totaled 10.9 million head, down 1 percent from October 2021. The average live weight was unchanged from the previous year, at 288 pounds.

Lamb and mutton production, at 10.4 million pounds, was down 9 percent from October 2021. Sheep slaughter totaled 169,100 head, 10 percent below last year. The average live weight was 122 pounds, up 1 pound from October a year ago.

January to October 2022 commercial red meat production was 46.2 billion pounds, down slightly from 2021. Accumulated beef production was up 2 percent from last year, veal was up 3 percent, pork was down 2 percent from last year, and lamb and mutton production was down 5 percent.

## MISSOURI WEEKLY HAY SUMMARY 11/17/2022

Record high temperatures from last week were, as predicted, replaced by winter. Temperatures more in line with January, rather than early November settled across the state. The first snow of the year fell for most of the state with some areas receiving two rounds of the white stuff. Three or four inches in a few areas had several farmers rolling out the first hay of the year. There are many however, that have been feeding at least some for a while due to drought, that prevented any stockpiling of fall forages. Hay supplies are light to moderate. There is still at this time adequate amounts of hay that can be found and bought, although price levels are tough to swallow, even as they still unlikely cover the cost of what production cost this year. Demand for hay and hay movement is moderate. Hay prices are fully steady to slightly firm. The Missouri Department of Agriculture has a hay directory visit <http://mda.mo.gov/abd/haydirectory/> for listings of hay <http://agebb.missouri.edu/haylst/>

Alfalfa - Supreme 250.00-300.00, small square 10.00-15.00 per bale  
Alfalfa - Premium 180.00-250.00  
Alfalfa - Good 150.00-180.00, small square 5.00-9.00 per bale  
Alfalfa - Fair 125.00-150.00  
Alfalfa/grass mix - Good/Premium small square 5.00-9.00 per bale  
Mixed grass - Good/Premium 125.00-175.00  
Mixed grass - Fair/Good 100.00-150.00, small square 5.00-8.00 per bale  
Mixed grass - Fair 50.00-85.00 per large round bale  
Wheat straw - 4.00-7.00 per small square bale

Please Note: The above volumes (tonnage, acres, and bales) listed on this USDA LPGMN report are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade.

### Missouri Steer (Heifer) Stocker Formula for 12/05/2022

Monday's Missouri Stocker Formula consists of **11,889 (10,765)** head with a weighted average weight of **553.16 (535.82)** lbs. and a price value of **191.63 (169.51)**, 4.17 lower (0.79 lower) than last Monday.

This a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

### Missouri Weekly Cattle Auction Summary 12/05/2022

Compared to the two weeks ago, feeder steers and heifers sold steady to 3.00 higher. Markets didn't see the extreme tops from last week, but most sales last week were special sales and weren't the same kind of cattle in most cases. The supply of feeders was heavy with most sales running well into the night as several reporters noting the offering was made up of many smaller drafts of cattle than what has been seen for several weeks, making buyers work a bit more to put together loads. Demand for cattle is good and colder weather has buyers being slightly less picky about health programs and weaning, but that isn't to say they don't still welcome or aren't willing to pay for that extra work. Time is running out for marketing opportunities this calendar year and early indications from a few barns is that this week will be another big one and if history follows suit numbers will taper off after that until the new calendar year. After the incredible week last week it was a bit harder to see highlights this week perhaps unfairly so as several sales would have been considered just that a couple of weeks ago but once again last week's markets just aren't apples to apples comparisons. That being said one sale that did stick out this week was a 122 head draft of steers tagged as thin which sold on Tuesday at Kingsville Livestock Market for 190.10. A couple of replacement cow sales reinforced an increased in demand for replacements as so many momma cows left production this year. Quality bred heifers are easily passing the 2000.00 mark now. Boxed beef cutouts were lower this week which is typical for this time of year. Choice was down 1.90 and closed at 249.93, select closed an even 10.00 lower at 224.56. Negotiated feedlot sales as of Friday afternoon was just over 64K head but sales were reported higher. Live sales were reported mostly from 155.00-159.00, dressed sales

\*Graph is updated the first Monday of each month.

### AFTERNOON NATIONAL SLAUGHTER

CATTLE REVIEW 12/02/22

So far for Friday in Nebraska and Western Cornbelt negotiated cash trading has been limited on light demand. In both regions a few live purchases traded at 157.00, and in Nebraska, a few dressed purchases traded at 248.00. However, not enough purchases for a full market trend. Thursday was the last reported market in these regions. In Nebraska live purchases traded 157.00-159.00 and dressed purchases traded at 249.00. In the Western Cornbelt live purchases traded from 157.00- 158.00 and dressed purchases traded at 249.00. In Colorado negotiated cash trading has been limited on light demand. A few live purchases traded steady at 157.00, when compared to the last reported market on Thursday. In the Southern Plains negotiated cash trading has been mostly inactive on light demand. Not enough purchases for a market trend. In the Southern Plains Wednesday was the last reported market with live purchases at 155.00.

## GRAIN CRUSHINGS AND CO-PRODUCTS PRODUCTION

**Total corn consumed** for alcohol and other uses was 505 million bushels in October 2022. Total corn consumption was up 16 percent from September 2022 but down 3 percent from October 2021. October 2022 usage included 91.2 percent for alcohol and 8.8 percent for other purposes. Corn consumed for beverage alcohol totaled 4.59 million bushels, up 2 percent from September 2022 and up 19 percent from October 2021. Corn for fuel alcohol, at 449 million bushels, was up 17 percent from September 2022 but down 4 percent from October 2021. Corn consumed in October 2022 for dry milling fuel production and wet milling fuel production was 92.4 percent and 7.6 percent, respectively.

**Dry mill co-product production** of distillers dried grains with solubles (DDGS) was 1.75 million tons during October 2022, up 8 percent from September 2022 but down 10 percent from October 2021. Distillers wet grains (DWG) 65 percent or more moisture was 1.40 million tons in October 2022, up 12 percent from September 2022 and up 8 percent from October 2021.

**Wet mill corn gluten feed production** was 268,672 tons during October 2022, up 13 percent from September 2022 but down 11 percent from October 2021. Wet corn gluten feed 40 to 60 percent moisture was 208,273 tons in October 2022, up 8 percent from September 2022 but down 2 percent from October 2021.

## AGRICULTURAL PRICES

The October Prices Received Index 2011 Base (Agricultural Production), at 127.7, decreased 2.7 percent from September but increased 20 percent from October 2021. At 121.9, the Crop Production Index was down 4.0 percent from last month but up 15 percent from the previous year. The Livestock Production Index, at 138.9, increased 1.8 percent from September, and 29 percent from October last year. Producers received lower prices during October for corn, soybeans, potatoes, and broilers, but higher prices for lettuce, milk, strawberries, and eggs. In addition to prices, the volume change of commodities marketed also influences the indexes. In October, there was decreased monthly movement for cattle, milk, broilers, and eggs, and increased marketing of soybeans, corn, upland cotton, and calves.

The October Prices Paid Index for Commodities and Services, Interest, Taxes, and Farm Wage Rates (PPITW), at 137.0, is up 0.3 percent from September 2022 and 12 percent from October 2021. Higher prices in October for self-propelled machinery, supplements, mixed fertilizer, and herbicides more than offset lower prices for complete feeds, concentrates, feed grains, and feeder pigs.

Index Group	Oct 2021	Sep 2022	Oct 2022
Prices received by farmers	106.80%	131.20 %	127.70%
Prices paid by farmers	122.60%	136.60%	137.00%
Ratio of received to paid	87%	96%	93%

## MISSOURI WEEKLY HAY SUMMARY 12/02/2022

Rains over the last couple of weeks have brought significant improvement to the drought monitor. Some producers even dealing with some mud now. It sure is no fun feeding or moving hay in the mud but after this past summer it is pretty difficult to complain about having to do it. Weather conditions have been a roller coaster but luckily no extended snow cover yet is giving producers the ability to stretch grazing as long as possible in stalk fields or hay meadows hoping to delay full hay feeding as long as possible. Hay movement remains good, the supply of hay is light to moderate, demand is moderate, and prices mostly steady. The Missouri Department of Agriculture has a hay directory visit <http://mda.mo.gov/abd/haydirectory/> for listings of hay <http://agebb.missouri.edu/haylst/>

Alfalfa - Supreme 250.00-300.00, small square 10.00-15.00 per bale

## Missouri Steer (Heifer) Stocker Formula for 12/12/2022

Monday's Missouri Stocker Formula consists of **10,956 (10,211)** head with a weighted average weight of **548.24 (532.42)** lbs. and a price value of **193.48 (169.60)**, 1.85 higher (0.09 higher) than last Monday.

This a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

## Missouri Weekly Cattle Auction Summary 12/12/2022

Compared to the last week, steers sold steady to 5.00 higher with the lighter weights seeing most of the advance, heifers sold unevenly steady. The supply of feeders was heavy once again this week, although not all markets held sales making total offerings a bit smaller. Demand was moderate to good. Aside from a few loads or larger drafts of high quality cattle in the heart of the auction generally barns are seeing mostly smaller consignments of cattle many of which are less attractive overall than what the typical offering consist of. That isn't unusual for this time of year however as most all of average to larger producers have already finished their marketing for the year and if they have any cattle left are holding them now until after the holidays. A few drafts that stuck out this week included one at Joplin Regional Stockyards consisting of 294 head of commercial type 858 lb. steers which sold at 187.25. Unionville Livestock Market had 99 head of 519 lb. steers which sold for 220.50. Green City Livestock Market sold 50 head of light weights 420 lb. steers at 241.00. Boxed beef cutouts were extremely volatile this week and once all was said and done closed lower. Choice was down 1.00 and closed at 248.93, select closed down 3.30 at 221.26. Negotiated feedlot sales as of Friday afternoon was only about 50K head although more trade likely took place later in the day but won't show up until the recap Monday. Live sales were reported mostly from 153.00-157.00, dressed sales mostly at 247.00. The Missouri Stocker Formula consist of 10,956 head with a weighted average weight of 548.24 lbs. and a price value of 193.48, up 1.85 from last week. The steer/heifer spread is 23.88.

\*Graph is updated the first Monday of each month.

## NATIONAL BOXED BEEF CUTOUT/BOXED BEEF CUTS

DATE	CHOICE	SELECT	TOTAL LOADS
12/05	243.31	211.11	132
12/06	242.65	219.14	147
12/07	248.96	219.77	174
12/08	247.28	220.55	146
12/09	248.93	221.26	98
5 Day Simple Average	246.23	218.37	

\*Axis value ranges may be updated to reflect data points.

### NORTHWEST MISSOURI WEEKLY SUMMARY

(Tina) (w/e 12/09/22)

Receipts: 2604 Two weeks ago: 1960  
Compared to two weeks ago, calves under 600 lbs. sold 10.00-15.00  
higher, feeders over 600 lbs. sold mostly 5.00 higher on limited com-  
parisons.

#### FEEDER STEERS: Medium and Large 1

400-500 lbs. 210.00-227.00  
500-600 lbs. 195.00-214.00  
600-700 lbs. 180.00-202.00  
700-800 lbs. 172.00-183.00  
26 hd 859 lbs. 175.00

#### FEEDER HEIFERS: Medium and Large 1

400-500 lbs. 179.00-191.00  
500-600 lbs. 163.50-175.00  
600-700 lbs. 150.00-165.00  
700-800 lbs. 153.00-158.00

SLAUGHTER BULLS: Yield  
Grade 1-2 few 1125-1745 lbs  
93.50, low dressing 77.50-86.00

SLAUGHTER COWS: Breaking and  
Boning, (70-85% lean) 56.00-73.00;  
high dressing 73.00-77.50. Lean (85-  
90%) 50.00-61.50

BRED COWS: Scarce

COW & CALF PAIRS: Scarce

### AFTERNOON NATIONAL SLAUGHTER

#### CATTLE REVIEW 12/09/22

Thus far Friday negotiated cash trade was light to moderate on moderate demand in the Southern Plains. In the Texas Panhandle live purchases have traded steady to 2.00 lower this week from 153.00-155.00. In Kansas compared to last week live purchases have traded steady to 1.00 higher from 155.00-156.00. Trade was light on moderate demand in Colorado with live purchases steady compared to last week at 157.00. In Nebraska and the Western Cornbelt trade was light on light to moderate demand. Not enough purchases for an adequate market test. In Nebraska on Wednesday live purchases traded at 156.00 with dressed purchases at 247.00. The latest established market in the Western Cornbelt was last week with live and dressed purchases from 157.00-158.00 and at 249.00, respectively.

St. Louis	n/a	n/a	290.00	237.50

## CROP PRODUCTION 12/09/2022

All cotton production is forecast at 14.2 million 480-pound bales, up 2 percent from the previous forecast, but down 19 percent from 2021. Based on conditions as of December 1, yields are expected to average 868 pounds per harvested acre, up 13 pounds from the previous forecast and up 49 pounds from 2021. Upland cotton production is forecast at 13.8 million 480-pound bales, up 2 percent from the previous forecast but down 20 percent from 2021. Pima cotton production is forecast at 470,000 bales, unchanged from the previous forecast but up 42 percent from 2021. All cotton area harvested is forecast at 7.88 million acres, unchanged from the previous forecast but down 23 percent from 2021.

The United States all orange forecast for the 2022-2023 season is 2.83 million tons, down 11 percent from the previous forecast and down 18 percent from the 2021-2022 final utilization. The Florida all orange forecast, at 20.0 million boxes (900,000 tons), is down 29 percent from the previous forecast and down 51 percent from last season's final utilization. In Florida, early, midseason, and Navel varieties are forecast at 7.00 million boxes (315,000 tons), down 36 percent from the previous forecast and down 62 percent from last season's final utilization. The Florida Valencia orange forecast, at 13.0 million boxes (585,000 tons), is down 24 percent from the previous forecast and down 43 percent from last season's final utilization. California and Texas orange production forecasts were carried forward from the previous forecast.

## BROILER HATCHERY 12/07/2022

### **Broiler-Type Eggs Set in the United States Up Slightly**

Hatcheries in the United States weekly program set 241 million eggs in incubators during the week ending December 3, 2022, up slightly from a year ago. Average hatchability for chicks hatched during the week in the United States was 80.3 percent. Average hatchability is calculated by dividing chicks hatched during the week by eggs set three-weeks earlier.

### **Broiler-Type Chicks Placed in the United States Down Slightly**

Broiler growers in the United States weekly program placed 187 million chicks for meat production during the week ending December 3, 2022, down slightly from a year ago. Cumulative placements from the week ending January 8, 2022 through December 3, 2022 for the United States were 9.03 billion. Cumulative placements were up 2 percent from the same period a year earlier.

## MISSOURI WEEKLY HAY SUMMARY 12/07/2022

Not much has changed over the last week weather is pretty much a copy of last week, the drought monitor is nearly a reprint, so perhaps a case of no news is good news. As we approach mid-December, every day that is above freezing and lacking snow cover is considered a win. Hay movement remains good, the supply of hay is light to moderate, demand is moderate, and prices mostly steady. The Missouri Department of Agriculture has a hay directory visit <http://mda.mo.gov/abd/haydirectory/> for listings of hay <http://agebb.missouri.edu/haylst/>

Alfalfa - Supreme 250.00-300.00, small square 10.00-15.00 per bale  
Alfalfa - Premium 180.00-250.00  
Alfalfa - Good 150.00-180.00, small square 5.00-9.00 per bale  
Alfalfa - Fair 125.00-150.00  
Alfalfa/grass mix - Good/Premium small square 5.00-9.00 per bale  
Mixed grass - Good/Premium 125.00-175.00  
Mixed grass - Fair/Good 100.00-150.00, small square 5.00-8.00 per bale  
Mixed grass - Fair 50.00-85.00 per large round bale  
Wheat straw - 4.00-7.00 per small square bale

Please Note: The above volumes (tonnage, acres, and bales) listed on this USDA LPGMN report are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade. The current hay directory can be found at:  
<https://apps.mda.mo.gov/HayDirectory>.

### Missouri Steer (Heifer) Stocker Formula for 12/19/2022

Monday's Missouri Stocker Formula consists of **6616 (6700)** head with a weighted average weight of **547.09 (537.18)** lbs. and a price value of **195.01 (170.62)**, 1.53 higher (1.02 higher) than last Monday.

This a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

### Missouri Weekly Cattle Auction Summary 12/19/2022

Compared to the last week, feeders sold unevenly steady to 2.00 higher. The supply of feeders was moderate and made up of mostly mid-weights with not near as many in any single weight class, especially the feather weights and heavy weights which was responsible for some of the unevenness of the markets. Demand was moderate to good. Quality is a bit harder to find currently and mostly just a timing issue as much of this year's marketing is complete with many producers holding cattle for the post-holiday run now. Although 75 percent of the state is still officially in some stage of drought recent rains have led many to feeding in the mud currently. Cold weather setting in is going to firm up and ground especially into next week when it could become dangerously cold. What few producers that aren't already feeding full diets will be by Christmas. As mentioned earlier this week's supply was lighter than the last few weeks and not near as many load lots or big drafts in the offering this week. One that did stick out was 69 head of steers, tagged fancy which sold on Tuesday at Lolli Brothers Livestock Market in Macon with an average weight of 613 lbs. and sold for 205.00. Boxed beef cut-outs were sharply higher this week. Choice closed at 262.83, up 13.90 and select closed the week at 235.45, up 14.19 compared to last Friday. Negotiated feedlot sales as of Friday afternoon was just over 74K. Live sales were reported mostly from 155.00-157.00, dressed sales mostly at 248.00. The Missouri Stocker Formula consist of 6616 head with a weighted average weight of 547.09 lbs. and a price value of 195.01, up 1.53 from last week. The steer/heifer spread is 24.39.

\*Graph is updated the first Monday of each month.

Thus far Friday negotiated cash trade was light on moderate demand in the Western Cornbelt. A few live purchases were reported at 157.00, however not enough for an adequate market test. Trade was mostly inactive on light to moderate demand in the Southern and Northern Plains. Not enough purchases in any feeding region for an adequate market test. The latest established market was in the Southern Plains on Thursday with live purchases at 155.00. In Nebraska and the Western Cornbelt on Thursday live purchases traded from 155.00-157.00 with dressed purchases at 248.00. The latest established market Colorado was last week with live purchases at 157.00.

### **TURKEY HATCHERY 12/14/22**

#### **Eggs in Incubators on December 1 Up 2 Percent from Last Year**

Turkey eggs in incubators on December 1, 2022 in the United States totaled 26.5 million, up 2 percent from December 1, 2021. Eggs in incubators were up slightly from the November 1, 2022 total of 26.5 million eggs.

#### **Poults Hatched During November Down Slightly from Last Year**

Turkey poults hatched during November 2022 in the United States totaled 22.6 million, down slightly from November 2021. Poults hatched were up 1 percent from the October 2022 total of 22.5 million poults.

#### **Net Poults Placed During November Up Slightly from Last Year**

The 20.8 million net poults placed during November 2022 in the United States were up slightly from the number placed during the same month a year earlier. Net poult placements were up 1 percent from the October 2022 total of 20.5 million.

### **POTATO STOCKS 12/16/22**

#### **Potato Stocks Down 3 Percent from December 2021**

Potatoes held in storage on December 1, 2022 totaled 258 million cwt, down 3 percent from December 1, 2021. Potatoes in storage accounted for 65 percent of the 2022 production, unchanged from the same period a year earlier. The indicated season to date disappearance, at 139 million cwt, was down 4 percent from the same period last year. Season to date shrink and loss, at 12.2 million cwt, was up slightly from the same time last year. Processors in the 8 States used 75.3 million cwt of potatoes for the season, down slightly from December 2021.

### **PEANUT PRICES 12/16/22**

**Peanut** prices received by farmers for all farmer stock peanuts averaged 26.2 cents per pound for the week ending December 10, up 0.6 cent from the previous week. Marketings of all farmer stock peanuts for the week ending December 10 totaled 39.3 million pounds, up 3.19 million pounds from the previous week.

**Runner-type** peanut prices averaged 26.1 cents per pound for the week ending December 10, up 1.6 cents from the previous week. Marketings of runner-type peanuts totaled 38.0 million pounds, up 4.12 million pounds from the previous week.

### **MISSOURI WEEKLY HAY SUMMARY 12/15/2022**

Rains have resulted in many areas dealing with some mud now. Despite that it is possible to get stuck just over 75 percent of the state is still officially listed on the drought monitor, with most of that falling in the slightly too abnormally dry categories. A few small areas totaling just over five percent of the state are still listed as severely dry. Most everyone is feeding a near full diet to livestock now and with the extreme cold weather predicted next week those that aren't will be. Hay movement remains good, the supply of hay is light to moderate, demand is moderate, and prices mostly steady. The Missouri Department of Agriculture has a hay directory visit <http://mda.mo.gov/abd/haydirectory/> for listings of hay <http://agebb.missouri.edu/haylst/>

Alfalfa - Supreme 250.00-300.00, small square 10.00-15.00 per bale

Alfalfa - Premium 180.00-250.00

Alfalfa - Good 150.00-180.00, small square 5.00-9.00 per bale

Alfalfa - Fair 125.00-150.00

Alfalfa/grass mix - Good/Premium small square 5.00-9.00 per bale

Mixed grass - Good/Premium 125.00-175.00

Mixed grass - Fair/Good 100.00-150.00, small square 5.00-8.00 per bale

Mixed grass - Fair 50.00-85.00 per large round bale

Wheat straw - 4.00-7.00 per small square bale

Please Note: The above volumes (tonnage, acres, and bales) listed on this USDA LPGMN report are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade.

469 lbs. 176.43	674 lbs. 175.95	852 lbs. 160.25

### Missouri Steer (Heifer) Stocker Formula for 12/26/2022

Monday's Missouri Stocker Formula consists of **3380 (3509)** head with a weighted average weight of **536.63 (541.20)** lbs. and a price value of **190.53 (166.64)**, 4.48 lower (3.98 lower) than last Monday.

This a rolling seven day calculated weighted value which combines all Feeder Steers reported by MDA/USDA Market News Service weighing from 400-649 lbs. in the Medium and Large 1 and Medium and Large 1-2 frame and muscle classifications, including all comment cattle except Brahman X. Heifer values are in parentheses.

### Missouri Weekly Cattle Auction Summary 12/26/2022

Compared to the last week, feeders mostly 2.00 to 6.00 lower. The supply of feeders was light to moderate. Many reporters noted that overall quality was lower than typical. A limited amount of load lots and a few packages of better quality feeders did sale closer to steady and even firm in a few cases. No sales were held on Thursday or Friday of this week as barns had already scheduled to be dark for the holidays prior to the arrival of the extreme cold. Demand for feeders was light to moderate not a lot of places really wanted to receive orders of cattle this week especially if they couldn't get to their destination early and be processed before weather arrived. The extreme cold that showed up Wednesday night and lasting through the weekend was not a very good Christmas gift. Wind chills of 25-30 below zero made caring for livestock just downright dangerous, aside from being challenging as everyone knows when weather like this arrives nothing wants to start and everything wants to break. The monthly cattle on feed report was released Friday afternoon. Overall the report should be viewed as mostly neutral as actual numbers did fall within pre-report estimates. The placement number which is most watched and typically where any surprises arrive was however at the very top end of the estimates. Boxed beef cutouts were sharply higher for the second consecutive week. Choice closed at 271.9, up 9.12 and select closed the week at 245.47, up 10.02 compared to last Friday. Negotiated feedlot sales as of Friday afternoon was just under 33K. Live sales were reported mostly from 155.00-157.00, dressed sales mostly at 249.00. Likely more trade took place after the final 2:00 pm reporting time on Friday. After two weeks of light trade packers have to be short bought and needing cattle but feedlot managers have their heels dug in and seem unwilling to sell unless they can get some better money. The Missouri Stocker Formula consist of 3380 head with a weighted average weight of 536.63 lbs. and a price value of 190.53, down 4.48 from last week. The steer/heifer spread is 23.89.

\*Graph is updated the first Monday of each month.

So far for Friday in the Texas Panhandle negotiated cash trading has been slow to moderate on light to moderate demand. Compared to last week live purchases 1.00 higher at 156.00. In Kansas and Western Cornbelt negotiated cash trading has been limited on light demand. In Kansas, a few, live purchases traded at 156.00. In the Western Cornbelt, a few, live purchases traded at 157.00. In Nebraska negotiated cash trading has been mostly inactive on very light demand. Not enough purchases these three regions, in any price range, for a full market trend. In Nebraska Thursday was the reported dressed purchase market at 249.00. Last week live purchases traded from 155.00- 157.00. The latest established market in Kansas was last week with live purchases at 155.00. For the prior week in Western Cornbelt live and dressed purchases traded from 155.00-157.00 and at 248.00, respectively. In Colorado negotiated cash trade has been a standstill. The most recent market was from two week ago with live purchases at 157.00.

**Total frozen fruit stocks** were up 3 percent from last month and up 22 percent from a year ago.

**Total frozen vegetable stocks** were down 2 percent from last month and down 2 percent from a year ago.

**Total red meat supplies** in freezers were down 4 percent from the previous month but up 10 percent from last year. Total pounds of beef in freezers were up 2 percent from the previous month and up 6 percent from last year. Frozen pork supplies were down 11 percent from the previous month but up 13 percent from last year. Stocks of pork bellies were up 35 percent from last month and up 116 percent from last year.

## CATTLE ON FEED 12/23/22

**Cattle and calves on feed** for the slaughter market in the United States for feedlots with capacity of 1,000 or more head totaled 11.7 million head on December 1, 2022. The inventory was 3 percent below December 1, 2021.

**Placements** in feedlots during November totaled 1.93 million head, 2 percent below 2021. Net placements were 1.87 million head. During November, placements of cattle and calves weighing less than 600 pounds were 540,000 head, 600-699 pounds were 465,000 head, 700-799 pounds were 405,000 head, 800-899 pounds were 290,000 head, 900-999 pounds were 135,000 head, and 1,000 pounds and greater were 90,000 head.

**Marketings of fed cattle** during November totaled 1.89 million head, 1 percent above 2021. Marketings were the highest for November since the series began in 1996.

**Other disappearance** totaled 57,000 head during November, 7 percent below 2021.

## MISSOURI WEEKLY HAY SUMMARY 12/22/2022

Farmers spent the early week preparing, best they could, for the official arrival of winter which arrived in full force mid-week. Temperatures and wind chills forecasted at dangerously low levels prior to Christmas will make the shortest days of the year likely seem quite long. Wind chills are forecasted to be 25-35 below zero and any one that has been in the livestock business long knows that means nothing wants to run, everything wants to break and trying to keep livestock fed and watered will really make one consider selling out and moving to Florida. Any hay movement will likely be temporarily halted as most trucks will remain parked due to weather and the holiday. The supply of hay is light to moderate, demand is moderate, and prices mostly steady. The Missouri Department of Agriculture has a hay directory visit <http://mda.mo.gov/abd/haydirectory/> for listings of hay <http://agebb.missouri.edu/haylst/>

Alfalfa - Supreme 250.00-300.00, small square 10.00-15.00 per bale

Alfalfa - Premium 180.00-250.00

Alfalfa - Good 150.00-180.00, small square 5.00-9.00 per bale

Alfalfa - Fair 125.00-150.00
